

commodities, aquaculture products, or wild-caught aquatic species (jointly referred to as "agricultural commodities") have contributed importantly to a greater than 15 percent decrease in the national average price, or quantity of production, or value of production, or cash receipts for the agricultural commodity specified in the certified petition compared to the average of the three preceding marketing years. The regulation 7 CFR part 1580 established the procedure by which producers of raw agricultural commodities and fishermen can petition (form FAS-930 or a reasonable substitute) for certification of eligibility and apply for technical assistance and cash payments. To receive consideration for TAA for Farmers certification, petitioners must supply the information required by 7 CFR 1580.201. Once a petition has been certified, individuals covered by the certification must apply for TAA for Farmers benefits in accordance with 7 CFR 1580.301. The specific information required on an application (form FSA-229) must be collected from those who wish to receive program benefits. The number of respondents has doubled since the original Paperwork Reduction Act information collection procedure was filed in August 2003. The revision to this information collection is to decrease the total estimated burden hours from 14,000 to 8,750 hours based on changes to previous program eligibility requirements.

Estimated Number of Respondents: 1,250.

Estimated Number of Responses per Respondent: 1.
