

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASDAQ included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASDAQ has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is modifying NASDAQ Rule 7050, the fee schedule for NOM. Specifically, Nasdaq is eliminating the charge of \$0.05 per side per executed contract which currently applies to all orders executed in the opening cross.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Nasdaq operates or controls.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. To the contrary, Nasdaq notes that the options markets compete aggressively on the basis of execution price and the elimination of the charge as proposed herein is one part of Nasdaq's attempt to compete effectively.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section

19(b)(3)(A)(ii) of the Act⁷ and paragraph (f)(2) of Rule 19b-4⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61094; File No. SR-CBOE-2009-090]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Temporary Membership Status and Interim Trading Permit Access Fees

December 2, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on November 30, 2009, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the CBOE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to adjust (i) the monthly access fee for persons granted temporary CBOE membership status ("Temporary Members") pursuant to Interpretation and Policy .02 under CBOE Rule 3.19 ("Rule 3.19.02") and (ii) the monthly access fee for Interim Trading Permit ("ITP") holders under CBOE Rule 3.27. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/Legal/>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The current access fee for Temporary Members under Rule 3.19.02² and the current access fee for ITP holders under Rule 3.27³ are both \$11,830 per month. Both access fees are currently set at the indicative lease rate (as defined below) for November 2009. The Exchange proposes to adjust both access fees effective at the beginning of December 2009 to be equal to the indicative lease rate for December 2009 (which is \$8,991). Specifically, the Exchange proposes to revise both the Temporary Member access fee and the ITP access fee to be \$8,991 per month commencing on December 1, 2009.

The indicative lease rate is defined under Rule 3.27(b) as the highest clearing firm floating monthly rate⁴ of the CBOE Clearing Members that assist in facilitating at least 10% of the CBOE transferable membership leases.⁵ The Exchange determined the indicative lease rate for December 2009 by polling each of these Clearing Members and obtaining the clearing firm floating monthly rate designated by each of these Clearing Members for that month.

The Exchange used the same process to set the proposed Temporary Member

and ITP access fees that it used to set the current Temporary Member and ITP access fees. The only difference is that the Exchange used clearing firm floating monthly rate information for the month of December 2009 to set the proposed access fees (instead of clearing firm floating monthly rate information for the month of November 2009 as was used to set the current access fees) in order to take into account changes in clearing firm floating monthly rates for the month of December 2009.

The Exchange believes that the process used to set the proposed Temporary Member access fee and the proposed Temporary Member access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-12 with respect to the original Temporary Member access fee.⁶ Similarly, the Exchange believes that the process used to set the proposed ITP access fee and the proposed ITP access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-77 with respect to the original ITP access fee.⁷

Each of the proposed access fees will remain in effect until such time either that the Exchange submits a further rule filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ to modify the applicable access fee or the applicable status (*i.e.*, the Temporary Membership status or the ITP status) is terminated. Accordingly, the Exchange may, and likely will, further adjust the proposed access fees in the future if the Exchange determines that it would be appropriate to do so taking into consideration lease rates for transferable CBOE memberships prevailing at that time.

The procedural provisions of the CBOE Fee Schedule related to the assessment of each proposed access fee are not proposed to be changed and will remain the same as the current procedural provisions relating to the assessment of that access fee.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act,¹⁰ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and subparagraph (f)(2) of Rule 19b-4¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁴ Rule 3.27(b) defines the clearing firm floating monthly rate as the floating monthly rate that a Clearing Member designates, in connection with transferable membership leases that the Clearing Member assisted in facilitating, for leases that utilize that monthly rate.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61099; File No. SR-NYSE-2009-115]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Warrant Initial Listing Standard To Exempt From the Minimum Holders Requirement Any Series of Warrants That Is Listed in Connection With the Initial Firm Commitment Underwritten Public Offering of Such Warrants

December 2, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on November 16, 2009, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes as described in Items I and II below, which items have been prepared by the Exchange. The Exchange has designated this proposal eligible for immediate effectiveness pursuant to Rule 19b-4(f)(6)³ under the Act. The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its warrant listing standard set forth in Section 703.12 of the Listed Company Manual (the "Manual") to exempt from the minimum holders requirement of Section 703.12 any series of warrants that is listed in connection with the initial firm commitment underwritten public offering of such warrants.

The text of the proposed rule change is available on NYSE's Web site at www.nyse.com, on the Commission's Web site at <http://www.sec.gov>, at NYSE's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received

on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The NYSE's initial listing standard for warrants set forth in Section 703.12 of the Manual requires that, at the time of initial listing, there are at least 1,000,000 warrants outstanding with at least 400 holders and a market value of at least \$4 million.

The Exchange proposes to amend Section 703.12 to exempt from the 400 holders requirement any series of warrants listed in connection with the initial firm commitment underwritten public offering of such warrants. Warrants that benefit from this exemption will still be required to meeting the 1,000,000 warrants outstanding and \$4 million market value requirements of Section 703.12.

The Exchange believes that a primary purpose of distribution requirements in listing standards is to ensure a liquid trading market, promoting price discovery and the establishment of an appropriate market price for the listed securities. In the case of warrants, the Exchange believes that this liquidity concern is partially addressed by the fact that the market price for a warrant is in large part determined by the trading price of the underlying common stock. Warrant values are primarily determined using valuation models which factor in the trading price of the underlying stock, the warrant exercise price and the expiration date of the warrant.

Generally, warrants that are listed on the Exchange have either (i) been distributed to the pre-restructuring shareholders or creditors of a company in connection with its emergence from bankruptcy or (ii) were sold in an underwritten public offering as part of a unit which included warrants and common stock. In either case, the bankruptcy-related distribution or the underwritten public offering of units typically results in a significant number of holders of the warrants. The Exchange has not had any recent experience with the listing of warrants sold on a stand-alone basis in an underwritten public offering. However, the Exchange believes that the sale of warrants in an underwritten public
