Summary of Collection: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, value and disposition. This statute specifies "The Secretary of Agriculture shall procure and preserve all information concerning agriculture which he can obtain * * * by the collection of statistics * * * and shall distribute them among agriculturists."

Need and Use of the Information: USDA agencies such as the World Agricultural Outlook Board, Economic Research Service, and Agricultural Marketing Service use information from the Cold Storage report in setting and administering government commodity programs and in supply and demand analysis. Included in the report are stocks of pork bellies, frozen orange juice concentrate, butter, and cheese which are traded on the Chicago Board of Trade.
