Proposal to approve under OMB delegated authority the implementation of the following survey:

Report title: Senior Credit Officer Opinion Survey on Dealer Financing Terms.

Agency form number: FR 2034.

OMB control number: 7100-to be assigned.

Frequency: Up to six times a year.

Reporters: U.S. banking institutions and U.S. branches and agencies of foreign banks.

Estimated annual reporting hours: 450 hours.

Estimated average hours per response: 3 hours.

Number of respondents: 25.

General description of report: This information collection would be voluntary (12 U.S.C. 225a, 248(a)(2), 1844(c), and 3105(c)(2)) and would be given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: This voluntary survey would be conducted with a senior credit officer at each respondent financial institution up to six times a year. The proposed reporting panel consists of up to 25 U.S. banking institutions and U.S. branches and agencies of foreign banks, the majority of which are affiliated with a Primary Government Securities Dealer¹. The purpose of the proposed survey is to provide qualitative and limited quantitative information on (1) stringency of credit terms, (2) credit availability and demand across the entire range of securities financing and over-the-counter derivatives transactions, and (3) the evolution of market conditions and conventions applicable to such activities. The proposed survey is significantly modeled after the long-established Senior Loan Officer Opinion Survey (FR 2018; OMB No. 7100-0058), which provides qualitative information on changes in the supply of, and demand for, bank loans to businesses and households. A portion of the questions in each administration of the new survey would typically cover special topics of timely interest; however, the

sample survey form includes 38 core questions.

Although the Federal Reserve seeks the authority to conduct the survey up to six times a year, the survey is expected to be conducted only four times a year consistent with the FR 2018. The estimated maximum annual burden, based on six surveys, is 450 hours. Consistent with the FR 2018, other types of respondents, such as other depository institutions, bank holding companies, or other financial entities, may be surveyed if appropriate.

The respondents' answers are intended to provide information critical to the Federal Reserve's monitoring of credit markets and capital market activity. As is currently the case with FR 2018, aggregate results from this survey are expected to be made available to the public on the Federal Reserve Board website. Selected aggregate information from the surveys may also be published annually in *Federal Reserve Bulletin* articles and in the Monetary Policy Report to the Congress.

Secretary of the Board.

Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, e-mail paperwork@hrsa.gov or call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Advanced Education Nursing Traineeship (AENT) and Nurse Anesthetist Traineeship (NAT) (OMB No. 0915-0305) [Extension]

The Health Resources and Services Administration (HRSA) provides training grants to educational institutions to increase the numbers of advanced education nurses through the Advanced Education Nursing Traineeship (AENT) program and the Nurse Anesthetist Traineeship (NAT) program.

HRSA developed the AENT and NAT tables for the application guidances and the Nurse Traineeship Database for the two nursing traineeship programs. The AENT and NAT tables are used annually by grant applicants that are applying for AENT and NAT funding. The funds appropriated for the AENT and NAT programs are distributed among eligible institutions based on a formula. Award amounts are based on enrollment and graduate data reported on the tables and two funding factors (Statutory Funding Preference and Statutory Special Consideration).

The AENT and NAT tables include information on program participants such as the number of enrollees, projected data on enrollees and graduates for the following academic year, number of trainees supported, number of graduates, number of graduates supported and the types of programs they are enrolling into and/or from which they are graduating. AENT and NAT applicants will have a single access point to submit their grant applications including the tables.

Applications are submitted in two phases: Grants.gov (Phase 1) and the HRSA Electronic Handbooks (Phase 2). These tables will be available electronically through the HRSA Electronic Handbooks (Phase 2) for applicants to submit their AENT and/or NAT grant application(s). The tables are also used in the Nurse Traineeship Database which is used by Division of Nursing staff and not the applicants.

Data from the tables will be used in the award determination and validation process. Additionally, the data will be used to ensure programmatic compliance, report to Congress and policymakers on the program accomplishments, and formulate and justify future budgets for these activities submitted to OMB and Congress.

The burden estimate for this project is as follows: AENT increased from 1 hour to 1.5 hours due to the revisions of AENT Tables 1, 2, 3 and 4 to capture comprehensive data to provide for more detailed data analysis of the AENT Program.

Instrument	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
AENT	500	1	500	1.5	750
NAT	100	1	100	1	100
Total	600	600	850

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to the desk officer for HRSA, either by e-mail to OIRA_submission@omb.eop.gov or by fax to 202-395-6974. Please direct all correspondence to the "attention of the desk officer for HRSA."

Proposed Project: The Health Education Assistance Loan (HEAL) Program Regulations (OMB No. 0915-0108) Extension

The Health Education Assistance Loan (HEAL) Program has regulations that contain notification, reporting and recordkeeping requirements to insure that the lenders, holders and schools participating in the HEAL program follow sound management procedures in the administration of federally-insured student loans. While the regulatory requirements are approved under the OMB number referenced above, much of the burden associated with the regulations is cleared under separate OMB numbers for the HEAL forms and electronic submissions used to report required information. The table below provides the estimate of burden for the remaining regulations.

The estimates of burden are as follows:
