Title: Rules and Regulations Implementing the Telephone Consumer Protection Act (TCPA) of 1991, Report and Order and Third Order on Reconsideration, CG Docket No. 05-338, FCC 06-42.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; Individuals or households.

Number of Respondents and Responses: 5,000,000 respondents; 5,122,500 responses.

Estimated Time per Response: 3 minutes (.05 hours) to 30 minutes (.50 hours).

Frequency of Response: Annual, monthly, and on occasion reporting requirements; recordkeeping and third party disclosure requirements.

Obligation to Respond: Required to obtain or retain benefits. The authorizing statutes for this information collection are: Telephone Consumer Protection Act of 1991, Pub. L. No. 102-243, 105 Stat. 2394 (1991); Junk Fax Prevention Act, Pub. L. No. 109-21, 119 Stat. 359 (2005).

Total Annual Burden: 3,311,250 hours.

Total Annual Cost: \$8,000,000.

Nature and Extent of Confidentiality: Assurances of confidentiality are being provided to the respondents. The Commission is requesting that individuals (consumers/respondents) submit their names, addresses, and telephone numbers, which the Commission's staff needs to process the complaints. A privacy statement is included on all FCC forms accessed through our Internet web site. In addition, respondents are made aware of the fact that their complaint information may be released to law enforcement officials and other parties as mandated by law (Le. court-ordered subpoenas). PII is contained in the operations support for complaint analysis and resolution (OSCAR), the consumer information management system (CIMS), and the consumer case management system (CCMS) databases, which are covered under the Commission's SORN, FCC/CGB-1, "Informal Complaints and Inquiries." The PII covered by this system of records notice is used by Commission personnel to handle and to process informal complaints from individuals and groups. The Commission will not share this information with other federal agencies except under the routine uses listed in the SORN.

Privacy Impact Assessment: The PIA that the FCC completed on June 28, 2007 gives a full and complete explanation of how the FCC collects stores, maintains, safeguards, and destroys the PII, as required by OMB regulations and the Privacy Act, 5 U.S.C. 552a. The PIA may be viewed at: http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html.

Needs and Uses: On April 5, 2006, the Commission adopted a Report and Order and Third Order on Reconsideration, In the Matter of Rules and Regulations Implementing the

Telephone Consumer Protection Act of 1991; Junk Fax Prevention Act of 2Q05, CG Docket Nos. 02-278 and 05-338, FCC 06-42, which modified the Commission's facsimile advertising rules to implement the Junk Fax Prevention Act. The Report and Order and Third Order on Reconsideration contained information collection requirements pertaining to: (1) Opt-out Notice and Do-Not-Fax Requests Recordkeeping in which the rules require senders of unsolicited facsimile advertisements to include a notice on the first page of the facsimile that informs the recipient of the ability and means to request that they not receive future unsolicited facsimile advertisements from the sender; (2) Established Business Relationship Recordkeeping whereas the Junk Fax Prevention Act provides that the sender, e.g., a person, business, or a nonprofit/institution, is prohibited from faxing an unsolicited advertisement to a facsimile machine unless the sender has an "established business relationship" (EBR) with the recipient; (3) Facsimile Number Recordkeeping in which the Junk Fax Prevention Act provides that an EBR alone does not entitle a sender to fax an advertisement to an individual or business. The fax number must also be provided voluntarily by the recipient; and (4) Express Invitation or Permission Recordkeeping where in the absence of an EBR, the sender must obtain the prior express invitation or permission from the consumer before sending the facsimile advertisement.

On October 14, 2008, the Commission released an Order on Reconsideration, FCC 08-239, addressing certain issues raised in petitions for reconsideration and/or clarification filed in response to the Commission's Report and Order and Third Order on Reconsideration ("Junk Fax Order-"), FCC 06-42. In document FCC 08-239, the Commission clarified that: (1) Facsimile numbers compiled by third parties on behalf of the facsimile sender will be presumed to have been made voluntarily available for public distribution so long as they are obtained from the intended recipient's own directory, advertisement, or Internet site; (2) Reasonable steps to verify that a recipient has agreed to make available a facsimile number for public distribution may include methods other than direct contact with the recipient; and (3) a description of the facsimile sender's opt-out mechanism on the first webpage to which recipients are directed in the opt-out notice satisfies the requirement that such a description appear on the first page of the Web site. The Commission believes these

clarifications will assist senders of facsimile advertisements in complying with the Commission's rules in a manner that minimizes regulatory compliance costs while maintaining the protections afforded consumers under the Telephone Consumer Protection Act (TCPA).

OMB Control Number: 3060-0874.

National Institutes of Health

Submission for OMB Review; Comment Request; Investigator Registration and Financial Disclosure for Investigational Trials in Cancer Treatment (NCI)

SUMMARY: In compliance with the requirement of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute, the National Cancer Institute (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collected below. This proposed information collection was previously published in the **Federal Register** on June 10, 2009 (74 FR 27552), and allowed 60-days for public comment. One public comment was received regarding pharmaceutical testing. The submitter responded to the e-mail. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of

Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a valid OMB control number.

The National Cancer Institute, (NCI) as a sponsor of investigational drug trials, has the responsibility to assure the FDA that investigators in its clinical trials program are qualified by training and experience as appropriate experts to investigate the drug. In order to fulfill these requirements, a standard Statement of Investigator (FDA Form 1572 modified), Supplemental Investigator Data Form, Financial Disclosure Form and Curriculum vitae (CV) are required. The NCI will accept the investigator's CV in any format. All investigators maintain a CV as part of their academic and professional practice. The data obtained from these forms allows the NCI to evaluate the qualifications of the investigator, identify appropriate personnel to receive shipment of investigational agent, ensure supplies are not diverted for inappropriate protocol or patient use and identify financial conflicts of interest. Comparisons are done with the intention of ensuring protocol, patient safety and drug compliance for patient and drug compliance for patient safety and protections. *Frequency of Response:* Annually. *Affected Public:* Public sector, businesses or other for-profit that will include Federal agencies or employees, non-profit institutions and a very small number of private practice physicians. *Type of Respondents:* Investigators. The annual reporting burden is limited to those physicians who choose to participate in NCI sponsored investigational trials to identify new medicinal agents to treat and relieve those patients suffering from cancer. The annualized respondents' burden for record keeping is estimated to require 8,564 hours (see table below).
