[USCG-2009-1039]

Quarterly Listings; Safety Zones, Security Zones, Special Local Regulations, and Drawbridge Operation Regulations; Correction

AGENCY: Coast Guard, DHS.

ACTION: Notice of expired temporary rules issued; correction.

SUMMARY: The U.S. Coast Guard published a notice in the **Federal Register** on November 27, 2009 (74 FR 62239), providing required notice of substantive rules issued by the Coast Guard and temporarily effective between March 2005 and November 2008, that expired before they could be published in the **Federal Register**. That notice inadvertently listed incorrect documents numbers in its table. This document corrects the table by replacing the notice in its entirety.

DATES: This document becomes effective December 23, 2009. This document lists temporary Coast Guard rules between March 26, 2005 and November 29, 2008 that became effective and were terminated before they could be published in the **Federal Register**.

ADDRESSES: The Docket Management Facility maintains the public docket for this notice. Documents indicated in this

notice will be available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building ground floor, room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590 between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays.

FOR FURTHER INFORMATION CONTACT: For questions on this notice contact Yeoman First Class Denise Johnson, Office of Regulations and Administrative Law, telephone (202) 372-3862. For questions on viewing, or on submitting material to the docket, contact Ms. Angie Ames, Docket Operations, telephone 202-366-5115.

SUPPLEMENTARY INFORMATION: Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. *Safety zones* may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. *Security zones* limit access to prevent injury or damage to vessels, ports, or waterfront facilities and may also describe a zone around a vessel in motion. *Special local regulations* are issued to enhance the safety of participants and spectators at regattas and other marine events. *Drawbridge operation regulations* authorize changes to drawbridge schedules to accommodate bridge repairs, seasonal vessel traffic, and local public events. Timely publication of these rules in the **Federal Register** is often precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected public is, however, informed of

these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the beginning of the effective period, mariners were personally notified of the contents of these safety zones, security zones, special local regulations, regulated navigation areas or drawbridge operation regulations by Coast Guard officials' on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary safety zones, security zones, special local regulations, regulated navigation areas and drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. The temporary rules listed in this notice have been exempted from review under Executive Order 12666, Regulatory Planning and Review, because of their emergency nature, or limited scope and temporary effectiveness.

The following unpublished rules were placed in effect temporarily during the period between March 2005 and November 2008 unless otherwise indicated.

Dated: December 16, 2009.

S.G. Venckus,

Chief, Office of Regulations and Administrative Law.

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing several safety zones in the Captain of the Port Portland, Oregon zone for annual fireworks displays that take place around the 4th of July each year. The safety zones are necessary to help ensure the safety of the maritime public during the events and will do so by prohibiting all persons and vessels from entering the safety zones unless authorized by the Captain of the Port Portland, Oregon or his/her designated representatives.

DATES: This rule is effective January 22, 2010.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On March 24, 2009, we published a notice of proposed rulemaking (NPRM) entitled "Safety Zones: Fireworks Displays in the Captain of the Port Portland Zone" in the **Federal Register** (74 FR 12292). We received no comments on the proposed rule. No public meeting was requested and none was held.

Background and Purpose

Fireworks displays create hazardous conditions for the maritime public as a result of the large number of vessels that congregate near the displays as well as the noise, falling debris, and explosions that occur during the events. The safety zones established by this rule will help to ensure the safety of the maritime public by prohibiting all persons and vessels from coming too close to the fireworks displays and their associated hazards.
