

Federal Financial Reports

Federal Financial Reports (FFRs) must be submitted semi-annually. The reports are cumulative and must be submitted on the Corporation's Web-based grants management system, eGrants, no later than 30 days after the close of each reporting period.

Final Reports

In addition to submission of required semi-annual reports, the award recipient completing an agreement period will be required to submit a final report that is cumulative over the entire award period and consistent with the close-out requirements of the Corporation's Office of Grants Management. The final report is due 90 days after the end of the agreement.

In lieu of the last semi-annual FFR, a final FFR must also be submitted. The final FFR is due 90 days after the end of the agreement.

Other Data-collection Requirements

The Corporation will require SIF grantees to develop final, detailed plans for evaluation of subgrantees that address key questions, such as the following:

- What are the specific questions the evaluation(s) intends to answer?
- For grantees proposing an impact study, what type of research design (e.g., randomized control trial, quasi-experimental) do you hope to conduct? Why is this evaluation design appropriate for the subgrantees' stage of development, and what useful information do you hope to gain?
- What is the timeline and estimated budget for the evaluation?
- Please describe who will conduct the evaluations, and the process you will employ to maintain independence, objectivity, and high quality reports.

The award recipient must:

- Identify and document effective practices.
- Meet as necessary with the cognizant program officer, or other staff or consultants.
