

coho, and chum salmon. The Pacific Northwest National Laboratory has been conducting a comparative study of disturbed, undisturbed, and restored estuarine marshes in three tributaries of the Gray's River, Washington. Their study has examined the vegetative and hydrological conditions but relatively little information has been collected on salmonids. The objective of the FWS is to study species distribution and abundance in these three tributaries. The goal of the FWS is to determine if there is a significant difference in species abundance and diversity among these three sites. The research would benefit the species by helping managers learn more about the effectiveness of habitat restoration efforts. The FWS would use backpack electrofishing equipment to capture, handle, and release salmonids. Fish would be sedated with MS-222, weighed, measured, then allowed to recover before release. The FWS does not intend to kill any fish being captured but a small number may die as an unintended result of the activities.

Permit 14772

The Oregon Department of Fish and Wildlife (ODFW) is requesting a five-year research permit to take juvenile and adult OC coho salmon. The objective of the research is to determine fish abundance and distribution, as well as habitat preference in the Umpqua River. The ODFW would also study the distribution of non-native invasive species, interspecific competition, and predator-prey interactions. The information would benefit OC coho by helping to improve management plans. The ODFW would use backpack and boat electrofishing equipment to capture fish that would then be handled and swiftly released. The ODFW will avoid adult coho, but a few may be shocked. If the researchers were to encounter adult coho, they would shut off the electrical current and allow the fish to swim away and no more electrofishing would occur in that location. The ODFW does not intend to kill any of the fish being captured but a small number of juvenile coho may die as an unintended result of the activities.

Permit 15119

The Washington State Department of Ecology (Ecology) is requesting a 1-year research permit to take all fish species identified in this notice while conducting research throughout the coastal waters of the State of Washington. The research is part of the EPA-funded National Coastal Condition Assessment, which investigates the occurrence and concentrations of toxic

contaminants in marine and estuarine fish tissue as one component of ecological health. The listed species would benefit indirectly from the development of actions to control, reduce, and remove toxic contaminants from Washington State's waters. Ecology would capture fish (using otter trawl, hook-and-line, or beach seine), handle, and release them. Ecology does not intend to kill any listed fish, but a small number may die as an unintended result of the activities.

This notice is provided pursuant to section 10(c) of the ESA. NMFS will evaluate the applications, associated documents, and comments submitted to determine whether the applications meet the requirements of section 10(a) of the ESA and Federal regulations. The final permit decisions will not be made until after the end of the 30-day comment period. NMFS will publish notice of its final action in the **Federal Register**.

Dated: December 24, 2009.

Therese Conant,

*Acting Chief, Endangered Species Division,
Office of Protected Resources, National
Marine Fisheries Service.*

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN: 0648-XT55

**Pacific Fishery Management Council;
Public Meetings and Hearings**

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of reports; public meetings, and hearings.

SUMMARY: The Pacific Fishery Management Council (Council) has begun its annual preseason management process for the 2010 ocean salmon fisheries. This document announces the availability of Council documents as well as the dates and locations of Council meetings and public hearings comprising the Council's complete schedule of events for determining the annual proposed and final modifications to ocean salmon fishery management measures. The agendas for the March and April 2010 Council meetings will be published in subsequent **Federal Register** documents prior to the actual meetings.

DATES: Written comments on the salmon management options must be received

by 11:59 p.m. Pacific Time, April 1, 2010.

ADDRESSES: Documents will be available from, and written comments should be sent to, Mr. David Ortmann, Chairman, Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384, telephone: (503) 820-2280 (voice) or (503) 820-2299 (fax). Comments can also be submitted via e-mail at PFMC.comments@noaa.gov, address, or through the internet at the Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments, and include the I.D. number in the subject line of the message. For specific meeting and hearing locations, see supplementary information.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220.

FOR FURTHER INFORMATION CONTACT: Mr. Chuck Tracy, telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION:

Schedule for Document Completion and Availability

February 25, 2010: "Review of 2009 Ocean Salmon Fisheries" and "Preseason Report I-Stock Abundance Analysis for 2010 Ocean Salmon Fisheries" will be mailed to the public and posted on the Council website at <http://www.pcouncil.org>.

March 23, 2010: "Preseason Report II-Analysis of Proposed Regulatory Options for 2010 Ocean Salmon Fisheries" and public hearing schedule will be mailed to the public and posted on the Council website at <http://www.pcouncil.org>. The report will include a description of the adopted salmon management options and a summary of their biological and economic impacts.

April 23, 2010: "Preseason Report III-Analysis of Council-Adopted Ocean Salmon Management Measures for 2010 Ocean Salmon Fisheries" will be mailed to the public and posted on the Council website at <http://www.pcouncil.org>.

May 1, 2010: Federal regulations for 2010 ocean salmon regulations will be published in the **Federal Register** and implemented.

Meetings and Hearings

January 19-22, 2010: The Salmon Technical Team (STT) will meet at the Council office in a public work session to draft "Review of 2009 Ocean Salmon Fisheries" and to consider any other estimation or methodology issues

pertinent to the 2010 ocean salmon fisheries.

February 16–19, 2010: The STT will meet at the Council office in a public work session to draft “Preseason Report I-Stock Abundance Analysis for 2010 Ocean Salmon Fisheries” and to consider any other estimation or methodology issues pertinent to the 2010 ocean salmon fisheries.

March 29–30, 2010: Public hearings will be held to receive comments on the proposed ocean salmon fishery management options adopted by the Council. Written comments received at the public hearings, and a summary of oral comments at the hearings will be provided to the Council at its April meeting.

All public hearings begin at 7 p.m. at the following locations:

March 29, 2010: Chateau Westport, Beach Room, 710 W Hancock, Westport, WA 98595, telephone: (360) 268–9101.

March 29, 2010: Red Lion Hotel, Umpqua Room, 1313 N Bayshore Drive, Coos Bay, OR 97420, telephone: (541) 269–4099.

March 30, 2010: Red Lion Eureka, Evergreen Room, 1929 Fourth Street, Eureka, CA 95501, telephone: (707) 445–0844.

Although non-emergency issues not contained in the STT meeting agendas may come before the STT for discussion, those issues may not be the subject of formal STT action during these meetings. STT action will be restricted to those issues specifically listed in this document and to any issues arising after publication of this document requiring emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the STT’s intent to take final action to address the emergency.

Special Accommodations

The meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820–2280 (voice), or (503) 820–2299 (fax) at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 et. seq.

Dated: December 23, 2009.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–S

DEPARTMENT OF COMMERCE

International Trade Administration

[A–475–703]

Granular Polytetrafluoroethylene Resin From Italy: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 30, 2009.

FOR FURTHER INFORMATION CONTACT: Mary Kolberg, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1785.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2009, the Department of Commerce (“the Department”) published a notice announcing the opportunity to request an administrative review of the antidumping duty order on granular polytetrafluoroethylene (“PTFE”) resin from Italy for the period August 1, 2008 through July 31, 2009. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 74 FR 38397 (August 3, 2009). On August 28, 2009, in accordance with 19 CFR 351.213(b), the Department received a timely request from E.I. DuPont de Nemours & Company to conduct an administrative review of Solvay Solexis, S.p.A.

On September 22, 2009, the Department published a notice of initiation of an antidumping duty administrative review of Solvay Solexis, S.p.A.’s exports from Italy. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 48224 (September 22, 2009). On December 10, 2009, E.I. DuPont de Nemours & Company, the petitioner, withdrew its request for review.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, E.I. DuPont Nemours & Company, the sole party requesting the review, withdrew its request on December 10, 2009, which was before the 90-day

deadline. Therefore, pursuant to 19 CFR 351.213(d)(1), the Department is rescinding the administrative review of the antidumping duty order on granular PTFE resin from Italy for the period August 1, 2008 to July 31, 2009.

Assessment

The Department will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on all appropriate entries. Since the review of Solvay S.p.A. is being rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this rescission notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with 19 CFR 351.213(d)(4).

Dated: December 22, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
