#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Census Bureau conducts the Quarterly Summary of State and Local Tax Revenue, using the F-71 (Quarterly Survey of Property Tax Collection), F-72 (Quarterly Survey of State Tax Collections), and F-73 (Quarterly

Survey of Non-Property Taxes) forms. The Census Bureau is requesting a revision to the F-73 form, which surveys local governments on the non-property taxes they collect. The revised form will collect additional information about local government revenue, covering areas such as motor fuel sales, public utilities, alcohol sales, tobacco sales, motor vehicle licenses and operator's licenses corporate income and all other non-property taxes. The Census Bureau needs local tax data to publish benchmark statistics on public sector taxes, to provide data to the Bureau of Economic Analysis for Gross Domestic Product (GDP) calculations and other economic indicators, and to provide data for economic research and comparative studies of governmental finances. Data are collected on a quarterly basis from State and local government tax collecting agencies.

Tax collection data are used to measure economic activity for the Nation as a whole, as well as for comparison among the various States. These data also are useful in comparing the mix of taxes employed by individual localities, and in determining the revenue raising capacity of different types of taxes.

The Quarterly Survey of Non-Property Taxes (Form F-73) will be sent to approximately 3,000 local tax collection agencies known to have substantial collections of local general sales and/or local individual income taxes every quarter. A new sample frame is being developed to accompany the new survey design. The new sample is designed to meet the Office of Management and Budget's statistical standards for data quality.

##### II. Method of Collection

The F-73 forms are sent to respondents by direct mail. Respondents submit the forms by mail, e-mail, facsimile or Internet. (E-mail and facsimile are accepted but not encouraged.)

In those instances when we are not able to obtain a response we conduct follow-up operations using e-mail and phone calls.
