DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Request for Public Comment: 30-Day Proposed Information Collection: Application for Participation in the IHS Scholarship Program

AGENCY: Indian Health Service, HHS.

ACTION: Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork

Reduction Act of 1995 which requires a 30-day advance opportunity for public comment on the proposed information collection project, the Indian Health Service (IHS) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection project was previously published in the **Federal Register** (74 FR 36714) on July 24, 2009 and allowed 60 days for public comment. No public comment was received in response to the notice. The purpose of this notice is to allow 30 days for public comment to be submitted directly to OMB.

Proposed Collection: Title: 0917–0006, “Application for Participation in

the IRS Scholarship Program.” *Type of Information Collection Request:* Previously Approved Collection (Form changes and additions). *Form Number(s):* IHS–856, 856–2 through 856–24, IHS–815, IHS–816, IHS–817, and IHS–818. Reporting formats are contained in an IT–IS Scholarship Program application booklet. *Need and Use of Information Collection:* The IHS Scholarship Branch needs this information for program administration and uses the information to solicit, process, and award IHS Pre-graduate, Preparatory, and/or Health Professions Scholarship grants and monitor the academic performance of awardees, to place awardees at payback sites, and for awardees to request additional program

information. The IHS Scholarship Program is streamlining the application to reduce the time needed by applicants to complete and provide the information and plans on using information technology to make the application electronically available on the internet. *Affected Public:* Individuals, not-for-profit institutions and State, local or Tribal Government. *Type of Respondents:* Students pursuing health care professions.

The table below provides: Types of data collection instruments, Estimated number of respondents, Number of responses per respondent, Annual number of responses, Average burden hour per response, and Total annual burden hour(s).

*For ease of understanding, burden hours are also provided in actual minutes.

There is no direct cost to respondents other than their time to voluntarily complete the forms and submit them for consideration. The estimated cost in time to respondents, as a group, is \$99,355.00 (9639 burden hours x 2009 GS–3 base pay rate = \$10.31 per burden hour). This total dollar amount is based upon the number of burden hours per data collection instrument, rounded to the nearest dollar.

Request for Comments: Your written comments and/or suggestions are

invited on one or more of the following points: (a) Whether the information collection activity is necessary to carry out an agency function; (b) whether the agency processes the information collected in a useful and timely fashion; (c) the accuracy of public burden estimate (the estimated amount of time needed for individual respondents to provide the requested information); (d) whether the methodology and assumptions used to determine the estimates are logical; (e) ways to

enhance the quality, utility, and clarity of the information being collected; and (f) ways to minimize the public burden through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB: Send your written comments and suggestions regarding the proposed information collection contained in this notice, especially regarding the estimated public burden and associated response

time to: Office of Management and Budget, Office of Regulatory Affairs, Attention: Desk Officer for IRS, New Executive Office Building, Room 10235, Washington, DC 20503.

Send Comments and Requests for Further Information: To request more information on the proposed collection or to obtain a copy of the data collection instrument(s) and or instruction(s) contact: Ms. Betty Gould, IHS Reports Clearance Officer, 801 Thompson Avenue, TMP, Suite 450, Rockville, MD 20852, call non-toll free (301) 443-7899; send via facsimile to (301) 443-9879; or send your e-mail requests, comments, and return address to: betty.gould@ihs.gov.

Comment Due Date: Comments regarding this information collection are best assured of having full effect if received within 30 days of the date of this publication.

Dated: December 17, 2009.

Randy Grinnell,

Deputy Director, Indian Health Service.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Submission for OMB Review; Comment Request; A Generic Submission for Formative Research, Pretesting, and Customer Satisfaction of NCI's Communication and Education Resources (NCI)

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Cancer Institute (NCI), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information

collection was previously published in the **Federal Register** on October 28, 2009 (74 FR 55558) and allowed 60 days for public comment. One comment in regards to NCI's communication on October 28, 2009, and we responded on October 28, 2009, "We received your comment. We will take your comments into consideration". The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposed Collection: Title: A Generic Submission for Formative Research, Pretesting, and Customer Satisfaction of NCI's Communication and Education Resources (NCI). *Type of Information Collection Request:* REVISION. *Need and Use of Information Collection:* In order to carry out NCI's legislative mandate to educate and disseminate information about cancer prevention, detection, diagnosis, and treatment to a wide variety of audiences and organizations (e.g., cancer patients, their families, the general public, health providers, the media, voluntary groups, scientific and medical organizations), it is beneficial for NCI, through its Office of Communications and Education (OCE), to pretest NCI communications strategies, concepts, and messages while they are under development. This pretesting, or formative evaluation, helps ensure that the messages, communication materials, and information services created by NCI have the greatest capacity of being received, understood, and accepted by their target audiences. Since NCI's OCE also is responsible for the design, implementation, and evaluation of education programs over the entire cancer continuum and management of NCI initiatives that address specific

challenges in cancer research and treatment, it is also necessary to ensure that customers are satisfied with programs. This customer satisfaction research helps ensure the relevance, utility, and appropriateness of the many educational programs and products that OCE and NCI produce. OCE will use a variety of qualitative (focus groups, interviews) and quantitative (paper, phone, in-person, and web surveys) methodologies to conduct this formative and customer satisfaction research, allowing NCI to: (1) Understand characteristics (attitudes, beliefs, and behaviors) of the intended target audience and use this information in the development of effective communication tools and strategies; (2) use a feedback loop to help refine, revise, and enhance messages, materials, products, and programs—ensuring that they have the greatest relevance, utility, appropriateness, and impact for/to target audiences; and (3) expend limited program resource dollars wisely and effectively. This package represents the combination of a currently approved generic submission, "Pretesting of NCI's Office of Communications Messages," (OMB No. 0925-0046) and a previously approved generic submission, "Customer Satisfaction with Educational Programs and Products of the NCI" (OMB No. 0925-0526). *Frequency of Response:* On occasion. *Affected Public:* Individuals or households; Businesses or other for profit; Not-for-profit institutions; Federal Government; State, local, or tribal Government. *Type of Respondents:* Adult cancer patients; members of the public; health care professionals; organizational representatives. The table below outlines the estimated burden hours required for a three-year approval of this generic submission. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

TABLE 1—ESTIMATES FOR BURDEN HOURS FOR THREE YEARS

[Generic Study]

Survey method	Total number of respondents	Frequency of response	Minutes/hour per response	Total burden hours
Focus Groups	900	1	90/60 (1.5)	1,350.00
Individual In-Depth Interviews (Typically longer than 15 minutes, includes Web site usability testing)	600	1	45/60 (.75)	450.00
Brief Interviews (Typically less than 5 minutes)	19,000	1	10/60 (.17)	3,166.67
Surveys (Web, phone, in-person, paper-and-pencil)	12,500	1	10/60 (.17)	2,083.33
Totals	33,000	7,050.00

Request for Comments: Written comments and/or suggestions from the

public and affected agencies are invited on one or more of the following points:

(1) Whether the proposed collection of information is necessary for the proper
