

levels of access (e.g., final peer reviewed manuscript or final published article, access under fair use versus alternative license), for federal agencies and scientific disciplines?

8. How should peer-reviewed papers arising from federal investment be made publicly available? In what format should the data be submitted in order to make it easy to search, find, and retrieve and to make it easy for others to link to it? Are there existing digital standards for archiving and interoperability to maximize public benefit? How are these anticipated to change?

9. Access demands not only availability, but also meaningful usability. How can the Federal government make its collections of peer-reviewed papers more useful to the American public? By what metrics (e.g., number of articles or visitors) should the Federal government measure

success of its public access collections? What are the best examples of usability in the private sector (both domestic and international)? And, what makes them exceptional? Should those who access papers be given the opportunity to comment or provide feedback?

III. Deadline Extension

OSTP received more than 150 substantive responses in the first week of this public forum. OSTP also received several requests to extend the deadline for comments because of the time constraints inherent in the holiday season. As a result, OSTP will extend the deadline for comments through January 21, 2010.

Dated: December 22, 2009.

Operations Manager.

[STB Finance Docket No. 35337]

Paul Didelius—Continuance in Control Exemption—YCR Corporation

Paul Didelius (applicant), a noncarrier, has filed a verified notice of exemption to continue in control of YCR Corporation (YCR), upon YCR's becoming a Class III rail carrier.

Currently, applicant owns 100 percent of noncarrier, LRY, LLC D.B.A. Lake Railway (LRY). LRY concurrently filed two notices of exemption to lease and operate: (1) 62.21 miles of railroad owned by Union Pacific Railroad Company, consisting of: (a) Part of the Modoc Subdivision, extending from milepost 445.6 near MacArthur, CA, to milepost 506.1, near Perez, CA, and (b) part of the Lakeview Branch, extending from milepost 456.89 to milepost 458.60 at Alturas, CA; and (2) 54.45 miles of railroad owned by Lake County, OR, extending from milepost 458.60 at Alturas, to milepost 513.05, at Lakeview, OR. Once consummation occurs, on or after January 1, 2010, LRY will become a Class III carrier.¹

YCR, a new corporation owned in part by applicant (49%)² and Stan Patterson (51%) has been established for the purpose of leasing and operating a line of railroad owned by Yakima County, WA. The subject line extends between Wesley Junction (Toppenish) and White Swan, WA, a distance of approximately 20.56 miles. The line was formerly operated by Washington Central Railroad Company (WCRC) and Yakima County acquired the line after WCRC

¹ See STB Finance Docket No. 35250, *LRY, LLC D.B.A. Lake Railway—Lease and Operation Exemption—Union Pacific Railroad Company and STB Finance Docket No. 35250 (Sub-No. 1)*, *LRY LLC D.B.A. Lake Railway—Lease and Operation Exemption—Rail Line in Lake County, OR*. The notices were served and published in the **Federal Register** on December 18, 2009 (74 FR 67304-5).

² According to applicant, as President of YCR, he is in a position to control YCR.

was authorized to abandon it. On December 16, 2009, YCR filed an application for a modified certificate of public convenience and necessity in STB Finance Docket No. 35336, *YCR Corporation—Modified Rail Certificate*, wherein YCR seeks to lease and operate the line.

This transaction cannot be consummated until January 17, 2010, the effective date of the exemption (30 days after the exemption is filed).³

Applicant states that: (1) The rail line to be acquired by YCR does not connect with any other railroad in its corporate family; (2) the transaction is not part of a series of anticipated transactions that would connect the rail line with any other railroad in its corporate family;⁴ and (3) the transaction does not involve a Class I rail carrier.

Therefore, the transaction is exempt from the prior approval requirements of 49 U.S.C. 11323. See 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under sections 11324 and 11325 that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here, because all of the carriers involved are Class III carriers.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Stay petitions must be filed no later than January 8, 2010 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to STB Finance

³ Applicant states in the notice that he plans to consummate the transaction on or about January 16, 2010.

⁴ YCR will operate a rail line in south central Oregon and LRY will operate rail lines in northeastern California and southwestern Oregon. According to applicant, YCR and LRY lines are 380 miles apart.

Docket No. 35337, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on John D. Heffner, 1750 K Street, NW., Suite 200, Washington, DC 20006.

Board decisions and notices are available on our Web site at: "<http://www.stb.dot.gov>."

Decided: December 24, 2009.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Andrea Pope-Matheson,
Clearance Clerk.

[Docket No. NHTSA-2008-0183; Notice 2]

Ford Motor Company, Grant of Petition for Decision of Inconsequential Noncompliance

Ford Motor Company (Ford) has determined that certain complete model year 2007-2008 Ford Expedition and Lincoln Navigator multipurpose passenger vehicles (MPV) built with the Limousine Builders Package and certain complete 2008 model year Ford Crown Victoria Police Interceptor (CVPI) passenger cars built with two front bucket seats did not fully comply with paragraph S4.3(b) of 49 CFR 571.110 (Federal Motor Vehicle Safety Standard (FMVSS) No. 110, *Tire Selection and Rims, for Motor Vehicles With a GVWR of 4,536 Kilograms (10,000 Pounds) or Less*). Ford has filed an appropriate report pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*.

Pursuant to 49 U.S.C. 30118(d) and 30120(h) and the rule implementing those provisions at 49 CFR part 556, Ford has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety. Notice of receipt of the petition was
