Naval Discharge Review Board

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

SUMMARY: The Department of the Navy amends its rules under 32 CFR Part 724 to reflect the name change of the Naval Council of Personnel Boards to the Secretary of the Navy Council of Review Boards and to update other administrative information pertaining to the Naval Discharge Review Board.

DATES: This rule is effective January 6, 2010.

SUPPLEMENTARY INFORMATION: The Department of the Navy published a proposed rule at 74 FR 31222 on June 30, 2009, amending 32 CFR Part 724 to reflect the name change of the Naval Council of Personnel Boards to the Secretary of the Navy Council of Review Boards and to update other administrative information pertaining to the Naval Discharge Review Board, including the administration and management of Naval Discharge Review Boards and the NDRB. The proposed change only pertains to panels under 32 CFR Parts 724.221, 724.222, 724.501, and 724.601, stating that the proposed changes impair the possibility of traveling boards. The Department disagrees with this interpretation of the proposed changes. The proposed rule amends applicable regulations for purposes of clarifying the administration and management of NDRB Panels within the NCR and other selected sites. The current regulations provide for the NDRB Panels to travel to other selected sites within the contiguous 48 states as permitted by available resources. The current regulations also provide that the selection of sites and frequency of visits shall be predicated on the number of requests pending within a region. The proposed rule is consistent with applicable regulations and does not eliminate the right to appear before the NDRB. However, upon further consideration, the Department has decided not to adopt the changes as proposed regarding NDRB panels under 32 CFR Parts 724.221, 724.222, 724.501 and 724.601.

Comment. A commentator disagreed with the proposed changes to 32 CFR Parts 724.221, 724.222, 724.501, and 724.601, stating that the proposed changes impair the possibility of traveling boards. The Department disagrees with this interpretation of the proposed changes. The proposed rule amends applicable regulations for purposes of clarifying the administration and management of NDRB Panels within the NCR and other selected sites. The current regulations provide for the NDRB Panels to travel to other selected sites within the contiguous 48 states as permitted by available resources. The current regulations also provide that the selection of sites and frequency of visits shall be predicated on the number of requests pending within a region. The proposed rule is consistent with applicable regulations and does not eliminate the right to appear before the NDRB. However, upon further consideration, the Department has decided not to adopt the changes as proposed regarding NDRB traveling panels under 32 CFR Parts 724 221, 724.222, 724.501 and 724.601.

Comment. A commentator sought clarification under 32 CFR Part 724.504, regarding the text “if required;” specifically, whether this text was intended to modify “health record,” or “health record” and “service record.” The proposed change only pertains to medical records. For purposes of clarity, the text “if required” has been inserted before the words “health records” in the final rule.

Comment. The written comments received were fully considered in making the final amendments to 32 CFR Part 724. It has been determined that this final rule amendment is not a major rule within the criteria specified in Executive Order 12866, as amended by Executive Order 13258, and does not have substantial impact on the public.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On June 25, 2009, we published an Interim final rule; request for comments entitled Special Local Regulation for Marine Events; Recurring Marine Events in the Fifth Coast Guard District in the Federal Register (74 FR 30220). We received no comments on the interim final rule. No public meeting was requested and none was held.

Background and Purpose

Marine events are frequently held on the navigable waters within the boundary of the Fifth Coast Guard District. For a description of the geographical area of each Coast Guard Sector—Captain of the Port Zone, please see 33 CFR 3.25.

This regulation amends two marine events listed in 33 CFR Part 100.501. Table to § 100.501. They are event No. 20, The Great Chesapeake Bay Bridges Swim Races and Chesapeake Challenge One Mile Swim and event No. 42, Pony Penning Swim.

Annually, the Great Chesapeake Bay Swim, Inc. sponsors the “The Great Chesapeake Bay Bridges Swim Races and Chesapeake Challenge One Mile Swim” on the waters of the Chesapeake Bay near the William P. Lane Jr. Memorial (Chesapeake Bay) Bridge. The regulated area is a line that runs parallel to both the north and south spans of the bridge and includes the waters 500 yards north of the north span and 500 yards south of the south span of the bridge. The regulated area listed in the Table to § 100.501 for event No. 20 is amended to describe the area as follows: The waters of the Chesapeake Bay between and adjacent to the spans of the William P. Lane Jr. Memorial Bridge shall be restricted to 500 yards north of the north span of the bridge from the western shore at latitude 39°00′36″ N, longitude 76°23′53″ W and the eastern shore at latitude 38°59′14″ N, longitude 76°20′00″ W; and 500 yards south of the south span of the bridge from the western shore at latitude 39°00′16″ N, longitude 76°24′30″ W and the eastern shore at latitude 38°58′39″ N, longitude 76°20′10″ W. The regulated area as described is amended to ensure the safety of participants and support vessels and in accordance with 33 CFR 100.501 will be enforced for the duration of the marine event. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted in this segment of the Chesapeake Bay. Under provisions of 33 CFR 100.501, during the enforcement period, vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander. Vessel traffic may be allowed to transit the regulated area only when the Patrol Commander determines it is safe to do so.

Annually, the Chincoteague Volunteer Fire Department sponsors the “The Pony Penning Swim” on the waters of Assateague Channel that runs between Chincoteague and Assateague Islands. The regulated area includes the waters of Assateague Channel from shoreline to shoreline, bounded to the east by a line drawn from latitude 37°55′00″ N, longitude 075°22′45″ W, to latitude 37°54′47″ N, longitude 075°22′45″ W, and to the south by a line drawn from latitude 37°54′47″ N, longitude 075°22′45″ W, to latitude 37°54′47″ N, longitude 075°23′04″ W. The regulated area as described, is amended to ensure the safety of participants, wildlife and support vessels, and in accordance with 33 CFR 100.501 will be enforced for the duration of the marine event. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted in this segment of Assateague Channel. Vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander.

Specific information on each event, including the exact dates, times and description of the regulated area, will be provided to the public through a Local Notice to Mariners published before the event, as well as through Broadcast Notice to Mariners. The public will also be notified about these marine events by local newspapers, radio and television stations. The various methods of notification provided by the Coast Guard and local community media outlets will facilitate informing mariners so they can adjust their plans accordingly.

Discussion of Comments and Changes

The Coast Guard did not receive any comments in response to the interim rule published in the Federal Register. Accordingly, the Coast Guard is establishing as permanent the interim rule modifying the special local regulations on the specified waters of the Chesapeake Bay and Assateague Channel, Virginia.
