SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are required to conduct testing of chemical substances under the Toxic Substances Control Act (TSCA), the Federal Food, Drug and Cosmetic Act (FFDCA), or the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

EPA has established a docket for this action under docket ID number EPA-HQ-OPP-2009-0879. As the meeting has been indefinitely postponed, no materials will be posted on the docket. Publicly available docket materials for future EMPM conferences are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. Background

The purpose of the Exposure Modeling Public Meetings is to share new information among stakeholders through presentations on current issues in modeling pesticide fate, transport, and exposure in support of pesticide exposure assessment in a regulatory context. The meetings began in 2002,

with typically 5 to 10 presentations made at each meeting on topics such as assessing risks to non-target terrestrial invertebrates, drinking water well contamination, plans for national monitoring of streams and ground water, and examination of non-agricultural pesticide use by means of GIS coverages. Meeting dates and abstract requests are announced in advance through the "empmlist" forum on the LYRIS list server at https://lists.epa.gov/read/all_forums/ as well as through notice in the **Federal Register**. At the October 2009 meeting, EPA proposed to modify the frequency of the meetings from three to two meetings per year, to ensure a full agenda and the most productive use of the meeting time. Because of the timing of the January 2010 meeting and proposed presentations, EPA is cancelling that meeting and will hold the next EMPM in July 2010. The specific date of the next meeting will be announced in a February 2010 issue of the **Federal Register**.

III. How Can I Request to Participate in this Meeting?

You may submit a request to participate in future meetings to the person listed under **FOR FURTHER INFORMATION CONTACT**. Do not submit any information in your request that is considered CBI. Requests to participate in future meetings must be received on or before January 21, 2010.

IV. Tentative Topics for the Meeting

Presentations submitted for the January 2010 EMPM will be tentatively scheduled for the July 2010 EMPM, provided the presenters are available.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, agricultural advocates, the chemical industry, pesticide users, and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all

the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. Background on the Receipt of Requests to Cancel and/or Amend Registrations to Delete Uses

This notice announces receipt by EPA of a request from Drexel Chemical Company to cancel a maneb product registration. In a letter dated November 15, 2009, and an electronic mail

message dated December 15, 2009, Drexel Chemical Company requested that EPA cancel the product registration of the pesticide product identified in Table 1 of Unit III.

III. What Action is the Agency Taking?

This notice announces receipt by EPA of a request from a registrant to cancel a maneb product registration. The affected product and the registrant making the request are identified in Table 1 and Table 2 of this unit.

Under section 6(f)(1)(A) of FIFRA, registrants may request, at any time, that their pesticide registrations be canceled or amended to terminate one or more pesticide uses. Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation. In addition, section 6(f)(1)(C) of FIFRA requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrant requests a waiver of the comment period, or
2. The Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The maneb registrant has requested that EPA waive the 180-day comment period. EPA will provide a 30-day comment period on the proposed request.

Unless a request is withdrawn by the registrant on or before 30 days of publication of this notice, or if the Agency determines that there are substantive comments that warrant further review of this request, an order will be issued canceling the affected registrations. Once this cancellation is effective there will be no other registered maneb manufacturing use products.

IV. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of the request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve the request.

V. Procedures for Withdrawal of Voluntary Cancellation

Registrants who choose to withdraw a request for cancellation must submit the withdrawal, in writing, to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before February 5, 2010. This written withdrawal of the request for cancellation will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. EPA anticipates allowing sale, distribution, and use in the cancellation order as described in Unit III.:

1. The registrant will be allowed to sell or distribute existing stocks of the maneb technical product identified in Table 1 of Unit III., until February 10, 2010.

2. The registrant will be allowed to use existing stocks to formulate end-use products from the maneb technical product identified in Table 1 of Unit III., until March 10, 2010.

3. Persons other than the registrant may use the maneb end use products until exhausted. Any use of existing

stocks must be in a manner consistent with the previously approved labeling for that product.
