

Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rule pertaining to Delaware's RFP Plan, 2002 base year emissions inventory, contingency measures, RACM analysis, and transportation conformity budgets, does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

#### SUPPLEMENTARY INFORMATION:

##### A. Background

Contractor business systems and internal controls are the first line of defense against waste, fraud, and abuse. Weak control systems increase the risk of unallowable and unreasonable costs on Government contracts. To improve the effectiveness of Defense Contract Management Agency (DCMA) and Defense Contract Audit Agency (DCAA) oversight of contractor business systems, DoD is considering a rule to clarify the definition and administration of contractor business systems as follows:

1. DoD is proposing to define contractor business systems as accounting systems, estimating systems, purchasing systems, earned value management systems (EVMS), material management and accounting systems (MMAS), and property management systems.

2. DoD is proposing to implement compliance enforcement mechanisms in the form of a business systems clause which includes payment withholding that allows administrative contracting officers to withhold a percentage of payments, under certain conditions, when a contractor's business system contains deficiencies. Under such circumstances, payments could be withheld on—

- Interim payments under—
  - Cost reimbursement contracts;
  - Incentive type contracts;
  - Time-and-materials contracts;
  - Labor-hour contracts;
- Progress payments; and
- Performance-based payments.

This is not a significant regulatory action and therefore was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

##### B. Regulatory Flexibility Act

DoD has prepared an initial regulatory flexibility analysis consistent with 5 U.S.C. 603. A copy of the analysis may be obtained from the point of contact specified herein. The analysis is summarized as follows:

The objective of the rule is to establish a definition for contractor business systems and implement compliance mechanisms to improve DoD oversight of those contractor business systems. The requirements of the rule will apply to entities contractually required to maintain one or more of the defined contractor business systems.

At this time DoD is unable to estimate the number of small entities to which this rule will apply. Therefore, DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2009-D038) in correspondence.

##### C. Paperwork Reduction Act

The Paperwork Reduction Act (44 U.S.C. chapter 35) applies because the

proposed rule contains information collection requirements. DoD invites comments on the following aspects of the proposed rule: (a) Whether the collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The following is a summary of the information collection requirement:

The business systems clause in this proposed rule contains a requirement for contractors to respond to initial and final determinations of deficiencies. The information that contractors will be required to submit to respond to deficiencies in four of the six business systems defined in this rule has been approved by the Office of Management and Budget (OMB) as follows:

- (1) Accounting Systems—OMB Clearance 9000-0011;
- (2) Estimating Systems—OMB Clearance 0704-0232;
- (3) MMAS—OMB Clearance 0704-0250; and
- (4) Purchasing Systems—OMB Clearance 0704-0253.

DoD is also proposing a new information collection requirement as follows:

*Title:* Defense Federal Acquisition Regulation Supplement (DFARS) Business Systems—Definition and Administration.

*Type of Request:* New request.

The information that contractors will be required to submit to respond to deficiencies in contractors' EVMS is estimated as follows:

- Number of Respondents:* 186.
- Responses per Respondent:* 48.
- Annual Responses:* 8,928.
- Burden per Response:* 40 hours.
- Annual Burden Hours:* 357,120 hours.

The information that contractors will be required to submit to respond to deficiencies in contractors' property management systems is estimated as follows:

- Number of Respondents:* 2,646.
- Responses per Respondent:* 1.
- Annual Responses:* 2,646.
- Average Burden per Response:* 1.2 hours.

*Annual Burden Hours:* 3,175 hours.  
*Needs and Uses:* DoD needs the information required by the business systems clause in this proposed rule to mitigate the risk of unallowable and

unreasonable costs on Government contracts when a contractor has one or more deficiencies in a business system.

*Affected Public:* Businesses or other for-profit institutions, and not-for-profit institutions.

*Frequency:* On occasion.

Written comments and recommendations on the proposed information collection should be sent to Ms. Jasmeet Seehra at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503, with a copy to the Defense Acquisition Regulations System, Attn: Mr. Mark Gomersall, OUSD (AT&L) DPAP (DARS), IMD 3D139, 3062 Defense Pentagon, Washington, DC 20301-3062. Comments can be received from 30 to 60 days after the date of this notice, but comments to OMB will be most useful if received by OMB within 30 days after the date of this notice.

To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Defense Acquisition Regulations System, Attn: Mr. Mark Gomersall, OUSD (AT&L) DPAP (DARS), IMD 3D139, 3062 Defense Pentagon, Washington, DC 20301-3062.

(8) The payment withholding authorized in this clause is not subject to the interest-penalty provisions of the Prompt Payment Act.
