Acting under the authority of and in accordance with section 1(b) of Executive Order 13224 of September 23, 2001, as amended by Executive Order 13268 of July 2, 2002, and Executive Order 13284 of January 23, 2003, I hereby determine that the individual known as Said Ali al-Shihri, and also known as Abu-Sayyaf, also known as Abu-Sufyan al-Azidi, also known as Abu-Sayyaf al-Shihri, also known as Abu Sufian Kadhdaab Matrook, also known as Sa’id Ali Jabir al-Khathim al-Shihri, also known as Salad, also known as Abu Salah Abu Sufyan, also known as Salah al-Din, also known as Abu Osama, also known as Abu Sulaiman, also known as Nur al-Din Afghani Azibk, also known as Alakkhaddm (variant: Akhdam), committed, or poses a significant risk of committing, acts of terrorism that threaten the security of U.S. nationals or the national security, foreign policy, or economy of the United States.

Consistent with the determination in section 10 of Executive Order 13224 that “prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously,” I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

This notice shall be published in the Federal Register.

[Docket No. FMCSA–2006–25756]

Commercial Driver’s License Standards: Application for Exemption; Volvo Trucks North America (Volvo)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that Volvo Trucks North America (Volvo) has applied for an exemption from the Federal requirement for a driver of commercial motor vehicles (CMVs) to hold a commercial driver’s license (CDL). Volvo requests that the exemption cover two Swedish field test engineers who will test-drive CMVs for Volvo within the United States. These two Volvo employees both hold a valid Swedish CDL. Volvo states the exemption is needed to support a Volvo field test to meet future clean air standards, to test-drive Volvo prototype vehicles to verify results in “real world” environments, and to deliver the vehicles if necessary in the United States. Volvo believes the knowledge and skills tests and training program that Swedish drivers undergo to obtain a Swedish CDL ensures the exemption would provide a level of safety that is equivalent to, or greater than, the level of safety obtained by complying with the U.S. requirements for a CDL.
