SUPPLEMENTARY INFORMATION:

I. Abstract

In the interest of national security, patent laws and rules place certain limitations on the disclosure of information contained in patents and patent applications and on the filing of applications for patents in foreign countries. Whenever publication or disclosure by the publication of an application, in the opinion of the head of the interested Government agency, is determined to be detrimental to national security, the Commissioner for Patents at the United States Patent and Trademark Office (USPTO) must issue a secrecy order and withhold the grant of a patent for such period as the national interest requires. If a secrecy order is applied to an international application, the application will not be forwarded to the International Bureau as long as the secrecy order is in effect. The USPTO collects information to determine whether the patent laws and rules have been complied with and to grant or revoke licenses to file abroad when appropriate. This collection of information is required by 35 U.S.C. 131–188 and administered through 37 CFR 5.1–5.33.

There are no forms associated with this collection of information.

II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO when the applicant or agent files a patent application with the USPTO, submits subsequent papers during the prosecution of the application to the USPTO, or submits a request for a foreign filing license for a patent application to be filed abroad before the filing of a U.S. patent application.

The USPTO estimates that 90 percent (90%) of the petitions in this collection are submitted to the USPTO by facsimile or hand carried because of the quick turnaround required. For the 10 percent (10%) of the public that chooses to submit the petitions in this collection to the USPTO by mail through the United States Postal Service, the USPTO estimates that the average first class postage cost for a mailed submission will be 44 cents. Therefore, the USPTO estimates that up to 179 submissions per year may be mailed to the USPTO at an average first class postage cost of 44 cents, for a total postage cost of $79.

The USPTO estimates that the total non-hour respondent cost burden for this collection in the form of filing fees ($356,800) and postage costs ($79) amounts to $356,879.

Foreign-Trade Zones Board
[Docket 4–2010]

Foreign-Trade Zone 113—Ellis County, TX Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by Ellis County Trade Zone Corporation (formerly Midlothian Trade Zone Corporation), grantee of FTZ 113, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 01/12/09; correction 74 FR 3987, 01/22/09). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on January 14, 2010.

The grantee’s proposed service area under the ASF would be Ellis County, Texas. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is adjacent to the Dallas-Fort Worth Customs and Border Protection port of entry.

FTZ 113 was approved by the FTZ Board on December 21, 1984 (Board Order 283, 50 FR 300, 1/2/85). The applicant is requesting to include the following current site in the reorganized zone as a “magnet” site: Proposed Site 1 (551 acres)—MidTexas International Center, 1500 North Service Road, U.S. Highway 67, Midlothian. The applicant proposes that Site 1 be exempt from “sunset” time limits that otherwise apply to sites under the ASF. No usage-driven sites are being proposed at this time.

In accordance with the Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is March 23, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 7, 2010).

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., via www.trade.gov/ftz. For further information, contact Camille Evans at Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible Camille.Evans@trade.gov or (202) 482–2350.

Andrew McGilvray,
Executive Secretary.
