

containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527), is on the ground floor of the building at the above address.

**FOR FURTHER INFORMATION CONTACT:** Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone: (817) 321-7716.

**SUPPLEMENTARY INFORMATION:**

**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2009-0802/Airspace Docket No. 09-AGL-22." The postcard will be date/time stamped and returned to the commenter.

**Availability of NPRMs**

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at [http://www.faa.gov/airports\\_airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/).

Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration (FAA), Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking (202) 267-9677, to

request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

**The Proposal**

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by establishing Class E airspace extending upward from 700 feet above the surface for SIAPs operations at Hamry Field Airport, Kindred, ND. Controlled airspace is needed for the safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9T, signed August 27, 2009 and effective September 15, 2009, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish controlled airspace at Hamry Field Airport, Kindred, ND.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (Air).

**The Proposed Amendment**

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR Part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

**§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9T, Airspace Designations and Reporting Points, signed August 27, 2009, and effective September 15, 2009, is amended as follows:

*Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth*

\* \* \* \* \*

**AGL ND E5 Kindred, ND [New]**

Hamry Field Airport, ND  
(Lat. 46°38'55" N., long. 96°59'56" W.)

That airspace extending upward from 700 feet above the surface within a 6.3-mile radius of Hamry Field Airport.

\* \* \* \* \*

Issued in Fort Worth, TX, on January 12, 2010.

**Walter Tweedy,**

*Acting Manager, Operations Support Group, ATO Central Service Center.*

**BILLING CODE 4901-13-P**

**DEPARTMENT OF LABOR**

**Occupational Safety and Health Administration**

**29 CFR Part 1910**

**RIN 1218-AC41**

**Combustible Dust**

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Notice of stakeholder meetings.

**SUMMARY:** OSHA invites interested parties to participate in informal stakeholder meetings on the workplace hazards of combustible dust. OSHA plans to use the information gathered at these meetings in developing a proposed standard for combustible dust.

**DATES:** Dates and locations for the stakeholder meetings are:

- February 17, 2010, at 9 a.m., in Atlanta, GA;
  - February 17, 2010, at 1:30 p.m., in Atlanta, GA;
  - Additional meetings are planned for 2010, and will be announced in one or more subsequent notices.
- Deadline for confirmed registration at the meetings is February 3, 2010.

**ADDRESSES:****Registration**

Submit your notice of intent to participate in one of the stakeholder meetings by one of the following:

- *Electronic.* Register at <https://www2.ergweb.com/projects/conferences/osha/register-osha-stakeholder.htm> (follow the instructions online).

- *Facsimile.* Fax your request to: (781) 674-2906, and label it "Attention: OSHA Combustible Dust Stakeholder Meeting Registration."

- *Regular mail, express delivery, hand (courier) delivery, and messenger service.* Send your request to: ERG, Inc., 110 Hartwell Avenue, Lexington, MA 02421; Attention: OSHA Combustible Dust Stakeholder Meeting Registration.

**Meetings**

The February 17, 2010, meetings will be held at the Marriott Perimeter Center, 246 Perimeter Center Parkway, Atlanta, GA 30346.

**FOR FURTHER INFORMATION CONTACT:**

Information regarding this notice is available from the following sources:

- *Press inquiries.* Contact Jennifer Ashley, Director, OSHA Office of Communications, Room N-3647, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210; telephone: (202) 693-1999.

- *General and technical information.* Contact David Wallis, Director, Office of Engineering Safety, OSHA Directorate of Standards and Guidance, Room N-3609, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210; telephone: (202) 693-2277.

- *Copies of this Federal Register notice.* Electronic copies are available at <http://www.regulations.gov>. This **Federal Register** notice, as well as news releases and other relevant information, also are available on the OSHA Web page at <http://www.osha.gov>.

**SUPPLEMENTARY INFORMATION:****I. Background**

The hazards of combustible dust encompass a wide array of materials, industries, and processes. Any combustible material can burn rapidly when in a finely divided form. Materials that may form combustible dust include,

but are not limited to, wood, coal, plastics, biosolids, candy, sugar, spice, starch, flour, feed, grain, fertilizer, tobacco, paper, soap, rubber, drugs, dried blood, dyes, certain textiles, and metals (such as aluminum and magnesium). Industries that may have combustible dust hazards include, among others: Animal food manufacturing, grain handling, food manufacturing, wood product manufacturing, chemical manufacturing, textile manufacturing, furniture manufacturing, metal processing, fabricated metal products and machinery manufacturing, pesticide manufacturing, pharmaceutical manufacturing, tire manufacturing, production of rubber and plastics, plastics and rubber products manufacturing, recycling, wastewater treatment, and coal handling.

OSHA is developing a standard that will comprehensively address the fire and explosion hazards of combustible dust. The Agency has issued an Advanced Notice of Proposed Rulemaking (ANPR) (74 FR 54334) requesting comments, including data and other information, on issues related to the hazards of combustible dust in the workplace. OSHA plans to use the information received in response to the ANPR and at the stakeholder meetings in developing a proposed standard for combustible dust.

**II. Stakeholder Meetings**

OSHA conducted two stakeholder meetings in Washington, DC, on December 14, 2009. This notice announces two additional stakeholder meetings. The stakeholder meetings will be conducted as a group discussion on views, concerns, and issues surrounding the hazards of combustible dust. To facilitate as much group interaction as possible, formal presentations will not be permitted. Formal input should be submitted as indicated in the ANPR referenced earlier in this notice. The stakeholder meeting discussion will center on major issues such as:

- Scope.
- Organization of a prospective standard.
- The role of consensus standards.
- Economic impacts.
- Additional topics as time permits.

**III. Public Participation**

Approximately 25 participants will be accommodated in each meeting, and three hours will be allotted for each meeting. Members of the general public may observe, but not participate in, the meetings as space permits. OSHA staff will be present to take part in the discussions. Logistics for the meetings

are being managed by Eastern Research Group (ERG), which will provide a facilitator and compile notes summarizing the discussion; these notes will not identify individual speakers. ERG also will make an audio recording of each session to ensure that the summary notes are accurate; these recordings will not be transcribed. The summary notes will be posted on the docket for the Combustible Dust ANPR, Docket ID: OSHA2009-0023, available at the Web site <http://www.regulations.gov>.

The meetings are as follows:

- February 17, 2010, at 9 a.m., at the Marriott Perimeter Center, 246 Perimeter Center Parkway, Atlanta, GA 30346;

- February 17, 2010, at 1:30 p.m., at the Marriott Perimeter Center, 246 Perimeter Center Parkway, Atlanta, GA 30346;

- The additional 2010 meeting dates and locations will be announced in one or more subsequent notices.

To participate in one of the February 17, 2009 stakeholder meetings, or be a nonparticipating observer, you may submit notice of intent electronically, by facsimile, or by hard copy. To encourage as wide a range of viewpoints as possible, OSHA intends to limit participation to organizations that have not participated in previous stakeholder meetings. OSHA will confirm participants as necessary to ensure a fair representation of interests and to facilitate gathering diverse viewpoints. To receive a confirmation of your participation 1 week before the meeting, register by the date listed in the **DATES** section of this notice. However, registration will remain open until the meetings are full. Additional nonparticipating observers that do not register for the meeting will be accommodated as space permits. See the **ADDRESSES** section of this notice for the registration Web site, facsimile number, and address. To register electronically, follow the instructions provided on the Web site. To register by mail or facsimile, please indicate the following:

- Name, address, phone, fax, and e-mail.
- First and second preferences of meeting time.
- Organization for which you work.
- Organization you represent (if different).
- Stakeholder category: Government, industry, standards-developing organization, research or testing agency, union, trade association, insurance, fire protection equipment manufacturer, consultant, or other (if other, please specify).

• Industry sector (if applicable): Metals, wood products, grain or wet corn milling, food (including sugar), pharmaceutical or chemical manufacturing, paper products, rubber or plastics, coal, or other (if other, please specify).

Electronic copies of this **Federal Register** notice, as well as news releases and other relevant documents, are available on the OSHA Web page at: <http://www.osha.gov>.

#### Authority and Signature

This document was prepared under the direction of David Michaels, PhD, MPH, Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, pursuant to sections 4, 6, and 8 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657), 29 CFR part 1911, and Secretary's Order 5-2007 (72 FR 31160).

Signed at Washington, DC, on January 19, 2010.

**David Michaels,**

*Assistant Secretary of Labor for Occupational Safety and Health.*

## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### 33 CFR Part 334

#### Restricted Areas and Danger Zone at Naval Station Mayport, FL

**AGENCY:** United States Army Corps of Engineers, Department of Defense.

**ACTION:** Notice of proposed rulemaking and request for comments.

**SUMMARY:** The U.S. Army Corps of Engineers (Corps) is proposing to revise the existing regulations for a restricted area and establish a danger zone in the waters adjacent to and within the boundaries of Naval Station (NAVSTA) Mayport in Florida. The NAVSTA is the third largest naval facility in the continental United States and is unique in that it is home to a busy seaport as well as an air facility which conducts more than 135,000 flight operations each year. This amendment to the existing regulation is necessary to enhance the safety of the local community by ensuring safe navigation of the adjacent waterways, to preserve military security force protection measures, and adhere to military munitions regulations.

**DATES:** Written comments must be submitted on or before February 24, 2010.

**ADDRESSES:** You may submit comments, identified by docket number COE-2009-0063 by any of the following methods:

*Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

*E-mail:* [david.b.olson@usace.army.mil](mailto:david.b.olson@usace.army.mil). Include the docket number, COE-2009-0063 in the subject line of the message.

*Mail:* U.S. Army Corps of Engineers, Attn: CECW-CO (David B. Olson), 441 G Street, NW., Washington, DC 20314-1000.

*Hand Delivery/Courier:* Due to security requirements, we cannot receive comments by hand delivery or courier.

*Instructions:* Direct your comments to docket number COE-2009-0063. All comments received will be included in the public docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the commenter indicates that the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI, or otherwise protected, through [regulations.gov](http://www.regulations.gov) or e-mail. The [regulations.gov](http://www.regulations.gov) Web site is an anonymous access system, which means we will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail directly to the Corps without going through [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, we recommend that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If we cannot read your comment because of technical difficulties and cannot contact you for clarification, we may not be able to consider your comment. Electronic comments should avoid the use of any special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>. All documents in the docket are listed. Although listed in the index, some information is not

publicly available, such as CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form.

**FOR FURTHER INFORMATION CONTACT:** Mr. David Olson, Headquarters, Operations and Regulatory Community of Practice, Washington, DC at 202-761-4922 or Mr. Jon M. Griffin, U.S. Army Corps of Engineers, Jacksonville District, Regulatory Division, at 904-232-1680.

**SUPPLEMENTARY INFORMATION:** Pursuant to its authorities in Section 7 of the Rivers and Harbors Act of 1917 (40 Stat. 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat 892; 33 U.S.C. 3) the Corps is proposing to amend the regulations at 33 CFR part 334 by expanding the existing restricted area as well as establishing two new restricted areas and a new danger zone in Florida within the NAVSTA Mayport facilities and along the facility shoreline. The amendment to the existing regulation will allow the Commanding Officer, NAVSTA Mayport to restrict passage of persons, watercraft, and vessels in waters contiguous to his Command to meet Department of Defense directive O-2000.12-H Chapter C22.14 and United States Fleet Forces Antiterrorism Operation Order 3300-09 requirements for Waterside Security and Naval Vessel Protection Zones. The amendment is also intended to address public safety concerns associated with increased vessel traffic in the waterways adjacent to the NAVSTA Mayport facility, especially during munitions movement in and around the munitions wharves.

#### Procedural Requirements

a. *Review Under Executive Order 12866.* The proposed rule is issued with respect to a military function of the Department of Defense and the provisions of Executive Order 12866 do not apply.

b. *Review Under the Regulatory Flexibility Act.* The proposed rule has been reviewed under the Regulatory Flexibility Act (Pub. L. 96-354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (*i.e.*, small businesses and small governments). Unless information is obtained to the contrary during the comment period, the Corps expects that the proposed rule would have practically no economic impact on the public, or result in no anticipated navigational hazard or interference with
