they have registered. NMFS has notified each vessel owner as to which fishery each vessel has been assigned by NMFS, per a notice filed with the Federal Register on January 19, 2010. In accordance with the final 2009 and 2010 harvest specifications for groundfish in the BSAI (74 FR 7359, February 17, 2009), and § 679.20(a)(8)(ii)(C)(f), the HLA limits of the A season allowance of the 2010 TACs in areas 542 and 543 are 4,317 mt and 3,250 mt, respectively, for vessels participating in the Amendment 80 limited access fishery. The HLA limits of the A season allowance of the 2010 TACs in areas 542 and 543 are 2,854 mt and 2,022 mt, respectively, for Amendment 80 cooperatives. The HLA limit of the A season allowance of the 2010 TAC in area 542 is 458 mt for the BSAI trawl limited access vessel. In accordance with § 679.20(a)(8)(iii)(E), the Regional Administrator has established the closure dates of the Atka mackerel directed fisheries in the HLA for areas 542 and 543 based on the estimated harvest limits and the estimated fishing capacity of the vessels assigned to the respective fisheries. Consequently, NMFS is prohibiting directed fishing for Atka mackerel in the HLA of areas 542 and 543 in accordance with the dates and times listed in Table 1 of this notice.

After the effective dates of these closures, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

James P. Burgess, Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 0810141351–9087–02]
RIN 0648–XT95
Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Vessels Participating in the Amendment 80 Limited Access Fishery in Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is closing directed fishing for Pacific cod by vessels participating in the Amendment 80 limited access fishery in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2010 Pacific cod total allowable catch (TAC) allocated to vessels participating in the Amendment 80 limited access fishery in the BSAI.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2010 Pacific cod TAC allocated to vessels participating in the Amendment 80 limited access fishery in the BSAI is 3,319 metric tons as established by the final 2009 and 2010 harvest specifications for groundfish in the BSAI (74 FR 7359, February 17, 2009 and 74 FR 68717, December 29, 2010) and as posted as the 2010 Allocations at http://alaskafisheries.noaa.gov/sustainablefisheries/amds/80/2010allocationtables.pdf.

The Regional Administrator has determined that the 2010 Pacific cod TAC allocated to vessels participating in the Amendment 80 limited access fishery in the BSAI will be necessary to support other anticipated groundfish fisheries. Therefore, in accordance with § 679.20(d)(1)(i), the Regional Administrator is establishing a directed fishing allowance of 0 mt and is setting aside the remaining 3,319 mt as incidental catch to support other groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by vessels participating in the Amendment 80 limited access fishery in the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(d)(3) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of the Atka mackerel fishery in the Eastern Aleutian District and the Bering Sea subarea for vessels participating in the BSAI trawl limited access fishery and the opening and closing of the fisheries for the HLA limits established for area 542 and area 543 pursuant to the 2010 Atka mackerel TAC. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 19, 2010. The AA also finds good cause to waive the 30–day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of...
This action is required by §679.20 and is exempt from review under Executive Order 12866.
