

progress by Federal agencies in accomplishing activities outlined in “A Public Health Action Plan to Combat Antimicrobial Resistance (Part I: Domestic Issues)” and obtain comments from the public regarding the annual report. “The Action Plan” serves as a blueprint for activities of Federal agencies to address the issue of antimicrobial resistance. The focus of the plan is on domestic issues. A copy of the plan and annual report can be found at <http://www.cdc.gov/drugresistance/actionplan/index.htm>.

Matters to be Discussed: The agenda will consist of welcome and introductory comments, executive summary (including a progress report on revising the Action Plan) and brief reports in each of four focus areas: Surveillance, Prevention and Control, Research, and Product Development. A general discussion will follow the brief reports.

Comments and suggestions from the public for the Federal agencies related to each of the focus areas will be taken under advisement by the Antimicrobial Resistance Interagency Task Force. The agenda does not include development of consensus positions, guidelines, or discussions or endorsement of specific commercial products.

Limited time will be available for oral questions, comments and suggestions from the public. Depending on the number of individuals wishing to comment, a time limit of three minutes per individual may be imposed. In the interest of time, visual aids will not be permitted, although written material may be submitted for subsequent review by the Task Force. Persons who anticipate attending the meeting are asked to send written notification to the contact person below by January 28, 2010. Notification information should include name, organization (if applicable), address, phone number, fax number, and e-mail address.

SUPPLEMENTARY INFORMATION: “The Public Health Action Plan to Combat Antimicrobial Resistance” (Action Plan) was developed by the Interagency Task Force on Antimicrobial Resistance. The Task Force, created in 1999, is co-chaired by the Centers for Disease Control and Prevention (CDC), the Food and Drug Administration (FDA), and the National Institutes of Health (NIH). Other Federal agencies that are members of the Task Force include the Agency for Healthcare Research and Quality (AHRQ), Centers for Medicare and Medicaid Services (CMS), the Health Resources and Services Administration (HRSA), the Department of Agriculture (USDA), the Department of Defense (DoD), the Department of Veterans Affairs (VA), and the Environmental Protection Agency (EPA).

The Action Plan reflects a broad-based consensus of Federal agencies on actions needed to address antimicrobial resistance. Input from State and local health agencies, universities, professional organizations, pharmaceutical companies, health care delivery organizations, agricultural producers, consumer groups, and other members of the public was important in developing the plan. While some actions are already underway, complete implementation of this plan will require close collaboration with all of these partners, which is a major objective of this process.

The 2001 Action Plan is under revision and is expected to be completed in 2010. Upon completion, the revised Action Plan will be available for public comment.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Ryan White HIV/AIDS Program Part D—Coordinated HIV Services and Access to Research for Women, Infants, Children, and Youth

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice of non-competitive replacement award.

SUMMARY: The Health Resources and Services Administration (HRSA) is issuing a non-competitive replacement

award from the previous grantee, Orlando Health, Incorporated’s HUG–ME Program, to the Orange County Health Department, Orlando, Florida, that will ensure continuity of Part D HIV/AIDS care and treatment services without disruption to HIV/AIDS-infected women, infants and children in Orange County and the surrounding areas.

SUPPLEMENTARY INFORMATION:

Intended Recipient of the Award: Orange County Health Department, Orlando, Florida.

Amount of the Award: \$750,576.00

Period of Support: The period of the supplemental support is from October 1, 2009 through July 31, 2010.

Authority: This activity is under the authority of the Public Health Service Act as amended, Section 2671, (42 USC 300ff-71). The authority for the exception to competition is HHS Grants Policy Directive 2.04, Awarding Grants.

Catalogue of Federal Domestic Assistance Number: 93.153.

Justification for the Exception to Competition: Critical funding for HIV/AIDS care and treatment to the target populations in Orange County, Orlando, Florida, and surrounding areas will be continued through a temporary, non-competitive replacement award to the Orange County Health Department. This temporary award is needed because the former grantee, Orlando Health, Incorporated, has relinquished, effective September 30, 2009, the HUG–ME Program and the HRSA Grant Award supporting it (original Project Period August 1, 2008, through July 31, 2013). The Orange County Health Department is known Statewide as an exceptional site for HIV/AIDS care and treatment services, and has administered its own HRSA Ryan White HIV/AIDS Program Part D—Coordinated HIV Services and Access to Research for Women, Infants, Children, and Youth Grant for the past 9 years. It is well suited to undertake operations of the HUG–ME Program under the previously approved scope of project activities. Additionally, this organization has a thorough understanding of the characteristics and needs of HIV/AIDS-infected populations. The HIV/AIDS Bureau and its Division of Community Based Programs are not aware of any other organization that could provide good quality care and treatment services to the impacted service populations without additional time and resources being devoted to bringing that organization’s service capacity up to the level needed under the project scope of this award. This non-competitive replacement award will permit the

Orange County Health Department to ensure continuity of services to the affected populations. The supplemental funding will provide support for 10 months. Additional funding beyond July 31, 2010, will be provided through a limited service area competition that will be announced in the future.

SUMMARY: On May 4, 2009, HUD posted its NSP2 NOFA at <http://www.hud.gov/nsp> and announced the availability of the NOFA on May 7, 2009 (74 FR 21377). The NSP2 NOFA announced the availability of approximately \$1.93 billion available in competitive grants authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5, approved February 17, 2009). HUD corrected the NSP2 NOFA by Notices posted on the HUD Web site on June 11, 2009 and November 9, 2009, and announced by **Federal Register** publications published on June 17, 2009 (74 FR 28715) and November 16, 2009 (74 FR 58973), respectively. Today's **Federal Register** publication announces that HUD has posted a notice making further corrections to the NSP2 NOFA. Specifically, the Notice corrects the NSP2 NOFA to permit HUD to specify the deadline date for submission of consortium funding agreements in the transmittal letter for the NSP2 grant agreement, which allows the submission deadline to occur after obligation of grant funds.

This notice only affects applications for funding that have already been submitted to HUD by consortium

applicants. HUD notes that the deadline for applications was July 17, 2009, and, as a result, will not accept new applications for funding. The notice correcting the NSP2 NOFA is available on the HUD Web site at <http://www.hud.gov/recovery>.
