RAILROAD RETIREMENT BOARD

Proposed Data Collection(s) Available for Public Comment and Recommendations

SUMMARY: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collections are necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden for the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. Title and Purpose of Information Collection

Application for Employee Annuity Under the Railroad Retirement Act; OMB 3220–0002. Section 2 of the Railroad Retirement Act (RRA) provides for payments of age and service, disability, and supplemental annuities to qualified employees. An annuity cannot be paid until the employee stops working for a railroad employer. In addition, the age and service employee must relinquish any rights held to such jobs. A disabled employee does not need to relinquish employee rights until attaining Full Retirement Age, or if earlier, their spouse files for a spouse annuity. Benefits become payable after the employee meets certain other requirements, which depend on the type of annuity payable. The requirements for obtaining the annuities are prescribed in 20 CFR 216, and 220.

The RRB currently uses the electronic AA–1cert, *Application Summary and Certification* process and the following forms to collect the information needed for determining entitlement to and the amount of, an employee retirement annuity: *Form AA–1, Application for Employee Annuity Under the Railroad Retirement Act, Form AA–1d, Application for Determination of Employee Disability*, and *Form G–204, Verification of Workers Compensation/Public Disability Benefit Information*.

The AA–1cert process obtains information from an applicant for either an age and service, or disability annuity
