POSTAL SERVICE

39 CFR Part 111

Express Mail Open and Distribute and Priority Mail Open and Distribute Changes and Updates

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: The Postal Service proposes to revise its standards to reflect changes and updates for Express Mail® Open and Distribute and Priority Mail® Open and Distribute to improve efficiencies in processing and to control costs.

DATES: Submit comments on or before March 1, 2010.

ADDRESSES: Mail or deliver written comments to the Manager, Mailing Standards, U.S. Postal Service, 475 L'Enfant Plaza, SW., Room 3436, Washington, DC 20260–3436. You may inspect and photocopy all written comments at USPS® Headquarters

Library, 475 L'Enfant Plaza, SW., 11th Floor N, Washington, DC, between 9 a.m. and 4 p.m., Monday through Friday. E-mail comments, containing the name and address of the commenter, may be sent to:

MailingStandards@usps.gov, with a subject line of “Open and Distribute Comments.” Faxed comments are not accepted.

FOR FURTHER INFORMATION CONTACT:

Karen Key, 202–268–7492 or Garry Rodriguez, 202–268–7281.

SUPPLEMENTARY INFORMATION: The Open and Distribute feature of Express Mail and Priority Mail service allows customers to expedite the transportation of shipments of other classes of mail to destination facilities using Express Mail or Priority Mail service.

Currently, for customers using USPS-provided letter trays for Priority Mail Open and Distribute, the Postal Service provides the option to use sacks, USPS-supplied tray boxes, or Label 23, an adhesive label which must be affixed to the outside of the letter tray. Tray boxes were introduced April 6, 2009, to address Open and Distribute customers' concerns that a USPS-provided letter tray sleeve might not maintain the integrity of all mail inside a letter tray during processing. Customers now have the option to place their trays in either sacks or Open and Distribute tray boxes, which are more secure. The Open and Distribute tray boxes are provided free of charge by the Postal Service to all Open and Distribute customers and are available for both half-size and full-size trays. Customers using the customer-supplied containers must affix the appropriate USPS-supplied tag (e.g., Tag 161, Tag 190). Label 23 is no longer needed since the letter trays will be enclosed in sacks or tray boxes and the Postal Service proposes to discontinue its use.

The Postal Service also proposes to discontinue the optional use of facsimile Tag 190, *Priority Mail Open and Distribute—Destination Delivery Unit*. Customers will now be required to use the USPS-supplied Tag 190, which is pink and easy to identify. This change will help to ensure accurate and efficient processing of Open and Distribute containers.

When presenting a mailing, Open and Distribute customers have always been required to leave containers unsealed until the business mail entry verification and acceptance of the contents have been completed, provide PS Form 3152, *Confirmation Services Certification*, and not exceed the 70 pound weight limit per container. We

also propose to update the standards to reflect these requirements.

Although we are exempt from the notice and comment requirements of the Administrative Procedure Act [5 U.S.C. 553 (b), (c)], regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites comments on the following proposed revision of the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual, incorporated by reference in the *Code of Federal Regulations*. See 39 CFR part 111.
