The Second Order addressed several matters relating to the obligation of television licensees to provide educational programming for children and the obligation of television licensees and cable operators to protect children from excessive and inappropriate commercial messages. Among other things, the Second Order adopts a children's programming preemption policy. This policy requires all networks requesting preemption flexibility to file a request with the Media Bureau by August 1 of each year. The request identifies the number of preemptions the network expects, when the program will be rescheduled, whether the rescheduled time is the program's second home, and the network's plan to notify viewers of the schedule change. Preemption flexibility requests are not mandatory filings. They are requests that may be filed by networks seeking preemption flexibility.
