

plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System (NWRs), consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Improvement Act.

#### CCP Alternatives and Selected Alternative

Both our draft and final CCP/EIS identified several major issues. To address those issues, we developed and evaluated three alternatives for managing Ash Meadows and Moapa Valley NWRs and four alternatives for managing Desert and Pahrnagat NWRs. These alternatives are outlined in the final CCP/EIS Summary document available at <http://www.fws.gov/desertcomplex/ccp.htm>.

Our decision is to adopt Alternative C for Ash Meadows, Desert, and Moapa Valley NWRs and Alternative D for Pahrnagat NWR, as described in the ROD. The ROD details the basis of our decision, which we made after considering the following: the impacts identified in Chapter 4 of the draft and final CCP/EIS; the results of public and other agency comments; how well the alternative addresses the relevant issues, concerns, and opportunities identified during the planning process; and other relevant factors, including fulfilling the purposes for which the wildlife refuges were established, contributing to the mission and goals of the NWRs, and statutory and regulatory guidance. We have determined that Alternative C for Ash Meadows, Desert, and Moapa Valley NWRs and Alternative D for Pahrnagat NWR include the suite of activities that best achieve the stated purpose and need for action and the goals for each wildlife refuge presented in the final CCP/EIS Chapter 1. These alternatives were selected for implementation because they provide the greatest number of opportunities for the wildlife refuges to make a significant contribution to the conservation of fish, wildlife, and habitat needs in the region, balanced with opportunities for high-quality wildlife-dependant recreation.

**SUPPLEMENTARY INFORMATION:**

*Background.*—On March 30, 2005, the Department of Commerce issued an antidumping duty order on imports of certain tissue paper products from China (70 FR 16223). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

*Definitions.*—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, the Commission defined the *Domestic Like Product* as all tissue paper, co-extensive with Commerce's scope. Certain Commissioners defined the *Domestic Like Product* differently.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* as all domestic producers (whether integrated or converters) of tissue paper. Certain Commissioners defined the *Domestic Industry* differently.

(5) The *Order Date* is the date that the antidumping duty order under review became effective. In this review, the *Order Date* is March 30, 2005.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

*Participation in the review and public service list.*—Persons, including industrial users of the *Subject*

*Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official has advised that a five-year review is not considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 73 FR 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics. Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

*Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.*—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

*Certification.*—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of

the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

*Written submissions.*—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is March 3, 2010. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is April 16, 2010. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the review you do not need to serve your response).

*Inability to provide requested information.*—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse

inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

**ACTION:** Request for proposals to amend the international Harmonized System.

**SUMMARY:** The Commission is requesting proposals from interested persons and agencies to amend the international Harmonized Commodity Description and Coding System (Harmonized System) in connection with the Fifth Review Cycle of the World Customs Organization (WCO), with a view to keeping the Harmonized System current with changes in technology and trade patterns. The proposals will be reviewed by the Commission, U.S. Customs and Border Protection, and the U.S. Department of Commerce (Bureau of the Census) for potential submission by the U.S. Government to the WCO in Brussels, Belgium.

**DATES:** November 1, 2010: Deadline for submissions.

**ADDRESSES:** All Commission offices are located in the United States International Trade Commission Building, 500 E Street, SW., Washington, DC. All written

submissions should be addressed to the Secretary, United States International Trade Commission, 500 E Street, SW., Washington, DC 20436. The public record for this collection of proposals may be viewed on the Commission's electronic docket (EDIS) at <http://www.usitc.gov/secretary/edis.htm>.

**FOR FURTHER INFORMATION CONTACT:**

The media should contact Margaret O'Laughlin, Office of External Affairs (202-205-1819, [margaret.olaughlin@usitc.gov](mailto:margaret.olaughlin@usitc.gov)). Hearing impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet Web site (<http://www.usitc.gov>). Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

**Background:** Section 1210 of the Omnibus Trade and Competitiveness Act of 1988 (the 1988 Act) (19 U.S.C. 3010) designates the Commission, the U.S. Department of the Treasury, and the U.S. Department of Commerce, subject to the policy direction of the Office of U.S. Trade Representative, as the principal agencies responsible for formulating U.S. Government positions on technical and procedural issues and in representing the U.S. Government in activities of the World Customs Organization (WCO) relating to the International Convention on the Harmonized Commodity Description and Coding System, informally known as the Harmonized System (HS). The U.S. Trade Representative subsequently designated the Commission to lead the U.S. delegation to the HS Review Subcommittee (RSC), which is responsible for considering amendments to the HS in order to keep the HS current with changes in technology and patterns of international trade (see 53 FR 45646, Nov. 10, 1988).

Through this notice the Commission is seeking proposals to amend the HS in connection with the Fifth Review Cycle of the HS Review Subcommittee of the WCO. Proposals received will be made a part of the Commission's record keeping system and available for public inspection (with the exception of any confidential business information) through the Commission's record files and through the Commission's electronic docket (EDIS). The Commission has designated this notice

as number five in the series and is in the process of adding available notices and submissions from the four prior instances in which it requested such proposals under section 1210 of the 1988 Act.

By way of further background, shortly after implementation of the international Harmonized System (HS) in 1988, the WCO's HS Review Subcommittee (RSC) began a series of systematic reviews of the HS. Four such reviews have been completed, resulting in WCO Recommendations that countries using the HS update their national tariffs to reflect international amendments. The Fifth Review Cycle has begun, with a view to examining proposals to amend the HS, for inclusion in a WCO Recommendation to be issued in June 2014 and targeted implementation of amendments on January 1, 2017.

The HS was established by an international convention, which, *inter alia*, provides that the HS should be kept up to date in light of changes in technology and patterns of international trade. The HS Nomenclature, which is maintained by the WCO, provides a uniform structural basis for the customs tariffs and statistical nomenclatures of all major trading countries of the world, including the United States.

An up-to-date copy of the Harmonized Tariff Schedule of the United States (HTS), which incorporates the international HS in its overall structure, can be found on the Commission's Web site (<http://www.usitc.gov/tata/hts/bychapter/index.htm>). Hard copies and electronic copies on CD can be found at many of the 1,400 Federal Depository Libraries located throughout the United States and its territories; further information about these locations can be found at <http://www.gpoaccess.gov/fdlp.html> or by contacting GPO Access at the Government Printing Office, 866-512-1800.

The international HS comprises the broadest levels of categories in the HTS, that is, the General Rules for the Interpretation of the Nomenclature, Section and Chapter titles, Section and Chapter legal notes, and heading and subheading texts to the 6-digit level of detail. Additional U.S. Notes, further subdivisions (8-digit subheadings and 10-digit statistical annotations) and statistical notes, as well as the entirety of chapters 98 and 99 and several appendixes, are national legal and statistical detail added for the administration of the U.S. tariff and statistical programs and are not part of the international HS review process that is the subject of this notice.
