

Request for Proposals: The Commission is seeking proposals for specific modifications to the international Harmonized System (including the rules of interpretation, section and chapter notes, and the texts of 4-digit headings and 6-digit subheadings) that will further the goals set out by the HS Convention. No proposals for changes to U.S. national-level provisions (including Additional U.S. Notes, 8-digit subheadings, 10-digit statistical annotations, and rates of duty) will be considered by the Commission as part of this review. Interested parties, associations, and government agencies should submit specific language for proposed amendments to the HS, together with appropriate descriptive comments and, to the extent available, relevant trade data.

As part of this review, the Commission particularly invites proposals concerning the following matters:

- The deletion of HS headings or subheadings with low trade volume,
- The separate identification of new products important in international trade, and/or
- The simplification of the HS, *e.g.*, by the elimination of classification provisions that are difficult to administer.

As indicated above, no proposals for changes to national-level provisions (including Additional U.S. Notes, U.S. 8-digit subheadings, statistical annotations, and rates of duty) will be considered by the Commission as part of this review. The changes in the international HS that will result from this Fifth Review Cycle of the WCO are not intended to affect tariff rates.

Proposals received will be considered by the interagency U.S. delegation to the WCO's HS Review Sub-Committee. Should the WCO later make recommendations as part of the Fifth Review Cycle, the Commission will undertake a review and make recommendations to the President in accordance with section 1205 of the 1988 Act. The Commission will publish a notice and seek the views of interested parties in connection with any such review.

This notice does not solicit proposals for changes to the HS Explanatory Notes, which are maintained by the WCO. However, requests for changes to the Explanatory Notes (not arising from proposed legal amendments to the HS) may be sent by a WCO member administration directly to the WCO's Harmonized System Committee (the parent committee to the RSC) at any time; government and private sector parties interested in such action should

contact the Commission (see contacts above) or the following contacts at U.S. Customs and Border Protection: Myles B. Harmon, Director, Commercial & Trade Facilitation Division, 202-325-0060, or Gail Hamill, Chief, Tariff Classification & Marking Branch, 202-325-0010.

Written Submissions: Interested persons and agencies are invited to submit written proposals, which should be addressed to the Secretary and received no later than November 1, 2010. Submissions should be marked with a reference to "Docket No. 1210-5". All written submissions must conform with the provisions of section 201.8 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. In the event that confidential treatment of a document is requested, at least four (4) additional copies must be filed, in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the rules (see Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/documents/handbook_on_electronic_filing.pdf). Persons with questions regarding electronic filing should contact the Secretary (202-205-2000).

Any submissions that contain confidential business information must also conform with the requirements of section 201.6 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties. Confidential business information received in the proposals may be made available to Customs and Census during the examination of these proposals. The Commission will not otherwise publish or release any confidential business information received, nor release it to other government agencies or other persons.

By order of the Commission.

Issued: January 26, 2010.

Marilyn R. Abbott,

Secretary to the Commission.
