(c) Use of additional provisions and clauses. The Senior Procurement Executive must approve the use of a provision or clause that is either not:

1. Prescribed in the FAR or GSAR for use in contracts for commercial items.
2. Consistent with customary commercial practice.

(d) In solicitations issued in conjunction with the policy and procedures in FAR part 14, Sealed Bidding; or FAR part 15, Contracting by Negotiation, include the two notices in paragraphs (d)(1) and (d)(2) of this section, except that acquisitions of leasehold interests in real property, must include only the notice in paragraph (d)(1) of this section.

1. The information collection requirements contained in this solicitation/contract are either required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and the Freedom of Information Act. The Chief Information Officer has replaced the Assistant Secretary for Administration as the DOT Chief Privacy Officer. A mistake was made in the definition of “Department” in our Freedom of Information regulations. The list of exemptions in our Freedom of Information regulations are reorganized and corrected to reflect the transfer of motor carrier safety oversight from the Federal Highway Administration to the Federal Motor Carrier Safety Administration. Since this amendment relates to departmental management, organization, procedure, and practice, notice and comment are unnecessary under 5 U.S.C. 553(b). Further, since the amendment expedites the Department’s ability to meet the statutory intent of the applicable laws and regulations covered by this delegation, I find good cause under 5 U.S.C. 553(d)(3) for the final rule to be effective on the date of publication in the Federal Register.

PART 552—SOLICITATIONS PROVISIONS AND CONTRACT CLAUSES

552.212–70 [Removed and Reserved]

3. Remove and reserve section 552.212–70.

552.212–73 [Removed and Reserved]

4. Remove and reserve section 552.212–73.

SUPPLEMENTARY INFORMATION: These corrections affect the following:
1. DOT moved its Headquarters in Washington, DC to a new site.
2. The Chief Information Officer has replaced the Assistant Secretary for Administration as the DOT Chief Privacy Officer.
3. A mistake was made in the definition of “Department” in our Freedom of Information regulations.
4. The list of exemptions in our Freedom of Information regulations are reorganized and corrected to reflect the transfer of motor carrier safety oversight from the Federal Highway Administration to the Federal Motor Carrier Safety Administration.

Since this amendment relates to departmental management, organization, procedure, and practice, notice and comment are unnecessary under 5 U.S.C. 553(b). Further, since the amendment expedites the Department’s ability to meet the statutory intent of the applicable laws and regulations covered by this delegation, I find good cause under 5 U.S.C. 553(d)(3) for the final rule to be effective on the date of publication in the Federal Register.

Regulatory Analyses and Notices

A. Executive Order 12866 and DOT Regulatory Policies and Procedures

This final rule is not considered a significant regulatory action under Executive Order 12866 and DOT Regulatory Policies and Procedures (44 FR 11034). It was not reviewed by the Office of Management and Budget. There are no costs associated with this rule.

B. Executive Order 13132

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 (“Federalism”). This final rule does not have a substantial direct effect on, or sufficient federalism implications for, the States, nor would it limit the policymaking discretion of the States. Therefore, the consultation requirements of Executive Order 13132 do not apply.

C. Executive Order 13175

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175 (“Consultation and Coordination with Indian Tribal Governments”). Because this final rule does not significantly or uniquely affect the communities of the Indian tribal governments and does not impose substantial direct compliance costs, the funding and consultation requirements of Executive Order 13175 do not apply.

D. Regulatory Flexibility Act

Because no notice of proposed rulemaking is required for this rule under the Administrative Procedure Act, 5 U.S.C. 553, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) do not apply. We also do not believe this rule would impose any costs on small entities because it simply delegates authority from one official to another and makes other nonsubstantive corrections. Therefore, I certify this final rule will not have a significant economic impact on a substantial number of small entities.

E. Paperwork Reduction Act

This rule contains no information collection requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

F. Unfunded Mandates Reform Act

The Department of Transportation has determined that the requirements of Title II of the Unfunded Mandates Reform Act of 1995 do not apply to this rulemaking.
