System of Records**

AGENCY: Privacy Office; DHS.

ACTION: Notice of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974 the Department of Homeland Security proposes to update Department of Homeland Security/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned, Occupied, or Secured by the Department of Homeland Security System of Records to include record systems within the Federal Protective Service. The purpose of this system is to maintain and record the results of law enforcement activities in support of the protection of property owned, occupied, or secured by the Department of Homeland Security and its components, including the Federal Protective Service, and individuals maintaining a presence or access to such property. Categories of individuals, categories of records, and the routine uses of this system have been reviewed and updated to better reflect the Department's law enforcement records associated with the protection of property owned, occupied, or secured by the Department of Homeland Security. The activities performed by the Department in the protection of property owned, occupied, or secured by the Department of Homeland Security often overlap with other security-related activities. Accordingly, data within the categories

of individuals, categories of records, and routine uses may have similarities with other security-related systems of records, but each system is distinct based on its purpose.

Exclusion is made to perimeters and facilities secured by the U.S. Secret Service pursuant to 18 U.S.C. 3056 and 3056A and are not included under this system of records. Records pertaining to perimeters and facilities secured by the U.S. Secret Service, other than those records subject to the Presidential Records Act, are covered under Department of Homeland Security/U.S. Secret Service—004 Protection Information System of Records, December 19, 2008.

There will be no change to the Privacy Act exemptions currently in place for this system of records and therefore remain in effect. This system will be included in the Department of Homeland Security's inventory of record systems.

DATES: Written comments must be submitted on or before March 5, 2010. This updated system will be effective March 5, 2010.

SUPPLEMENTARY INFORMATION:
I. Background

The Department of Homeland Security (DHS) and its components and offices rely on DHS/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned, Occupied, or Secured by DHS System of Records (74 FR 3088, January 16, 2008)

for the collection and maintenance of records that pertain to the protection of property owned, occupied, or secured by DHS.

DHS is updating and reissuing this Department-wide system of records under the Privacy Act (5 U.S.C. 552a), for the protection of property owned, occupied, or secured by DHS, including records systems within the Federal Protective Service (FPS). The DHS/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned, Occupied, or Secured by DHS System of Records is the baseline system for the protection of property owned, occupied, or secured by DHS activities, as led by the Office of the Chief Security Officer for the Department. This will ensure that all DHS components follow the same privacy rules for collecting the protection of property owned, occupied or secured by DHS records.

The purpose of this system is to maintain and record the results of law enforcement activities in support of the protection of property owned, occupied, or secured by DHS. The results are also used to pursue criminal prosecutions or civil penalty actions against individuals or entities suspected of offenses that may have been committed against property owned, occupied, or secured by DHS or persons on these premises; and to assess acceptability of Departmental, other United States Government personnel, contract security officer personnel, and other contractors who work in DHS facilities for assignment to or retention in sensitive positions consistent with the interest of national security and protection of DHS facilities. The Department's authority for this collection is primarily 5 U.S.C. 301; the Homeland Security Act, codified in Title 6 of the U.S. Code; 40 U.S.C. 1315; 44 U.S.C. 3101; and Executive Order (EO) 9397; EO 10450; EO 12968, 5 CFR 731; 5 CFR 732; 5 CFR 736; 32 CFR 147; and DCID 6/4. This system will collect individuals' personal information when the Department uses its law enforcement authority at facilities that DHS owns, occupies, or secures. Efforts have been made to safeguard records in accordance with applicable rules and policies, including all applicable DHS automated systems security and access policies. Strict controls have been imposed to minimize the risk of compromising information being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or

permissions. The routine uses posted are unchanged from the previous publishing and are consistent with the purpose for collection. A review of this system is being conducted to determine if the system of records collects information under the Paperwork Reduction Act. Categories of individuals, categories of records, and the routine uses of this system have been reviewed and updated to better reflect the Department's law enforcement records associated with the protection of property owned, occupied, or secured by DHS. Specifically, the Privacy Office updated the purpose to include enforcement activities in support of the protection of property secured by DHS and its components, including FPS.

Privacy Impact Assessments (PIAs) have been conducted and are on file for the (1) Personnel Security Activities Management System; (2) Integrated Security Management System; (3) DHSAccessGate System; (4) Automated Continuing Evaluation System (ACES) Pilot; (5) Personal Identity Verification System; (6) Federal Protective Service Information Support Tracking System (FISTS) Contract Suitability Module; (7) Federal Protective Service Dispatch Incident Records Management Systems; and (8) Livewave CCTV System along with other related component specific PIAs and can be found at <http://www.dhs.gov/privacy>.

Consistent with DHS's information sharing mission, information stored in the DHS/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned, Occupied, or Secured by DHS System of Records may be shared with other DHS components, as well as appropriate federal, state, local, tribal, foreign, or international government agencies. This sharing will only take place after DHS determines that the receiving component or agency has a need to know the information to carry out national security, law enforcement, immigration, intelligence, or other functions consistent with the routine uses set forth in this system of records notice.

Exclusion is made to perimeters and facilities secured by the U.S. Secret Service pursuant to 18 U.S.C. 3056 and 3056A and are not included under this system of records. Records pertaining to perimeters and facilities secured by the U.S. Secret Service, other than those records subject to the Presidential Records Act, are covered under Department of Homeland Security/U.S. Secret Service—004 Protection Information System of Records (73 FR 77733, December 19, 2008).

There will be no change to the Privacy Act exemptions currently in place for this system of records and therefore remain in effect. This system will be included in DHS's inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses and disseminates individual's records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is stored and retrieved by the name of the individual or by some identifying number such as property address, mailing address, or symbol assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and lawful permanent residents. DHS extends administrative Privacy Act protections to all individuals where information is maintained on both U.S. citizens, lawful permanent residents, and visitors. Individuals may request their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR 5.21.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, and the routine uses that are contained in each system in order to make agency record keeping practices transparent, to notify individuals regarding the uses of their records, and to assist individuals to more easily find such files within the agency. Below is a description of DHS/ALL—025 Law Enforcement Authorities in Support of the Protection of Property Owned, Occupied, or Secured by DHS Security Systems of Records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this new system of records to the Office of Management and Budget (OMB) and to Congress.

RE: U.S. Government Procurement; Title III, Trade Agreements Act of 1979 (19 U.S.C. § 2511); Subpart B, Part 177, CBP Regulations; Country of Origin; Eco-Tech Heavy Duty Alternator

Dear Mr. Knudsen: This is in response to your correspondence of October 31, 2009, in which you requested a final determination on behalf of Ecoair Corp. ("Ecoair"), pursuant to subpart B of part 177, Customs and Border Protection ("CBP") Regulations (19 C.F.R. § 177.21 et seq.). Under the pertinent regulations, which implement Title III of the Trade Agreements Act of 1979, as amended (19 U.S.C. § 2511 et seq.), CBP issues country of origin advisory rulings and final determinations as to whether an article is or would be a product of a designated country or instrumentality for the purpose of granting waivers of certain "Buy American" restrictions in U.S. law or practice for products offered for sale to the U.S. Government.

This final determination concerns the country of origin of the Eco-Tech Heavy Duty Alternator. We note that Ecoair is a party-at-interest within the meaning of 19 C.F.R. § 177.22(d)(1) and is entitled to request this final determination.

FACTS:

You describe the pertinent facts as follows. Eco-Tech Alternators operate in diesel powered military boats, fire trucks, ambulances, utility trucks, school shuttles, party buses, and commercial fishing boats; all applications where significant operating time is spent at idle and where electric power needs are independent of the
