SUPPLEMENTARY INFORMATION: On January 6, 2010, the Agency published in the *Federal Register* (75 FR 816) an Advance Notice of Proposed Rulemaking (ANPRM) that identified the classes of facilities within three industries—the Chemical Manufacturing industry (NAICS 325), the Petroleum and Coal Products Manufacturing industry (NAICS 324), and the Electric Power Generation, Transmission, and Distribution industry (NAICS 2211)—as those for which the Agency plans to develop, as necessary, proposed regulations identifying appropriate financial responsibility requirements under section 108(b) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). In addition, the Agency

identified the Waste Management and Remediation Services industry (NAICS 562), the Wood Product Manufacturing industry (NAICS 321), the Fabricated Metal Product Manufacturing industry (NAICS 332), the Electronics and Electrical Equipment Manufacturing industry (NAICS 334 and 335), as well as facilities engaged in the recycling of materials containing CERCLA hazardous substances as requiring further study before EPA decides whether to begin the regulatory development process.

Following publication of the ANPRM, several members of the public requested that the Agency extend the comment period. The Agency received extension requests for 30 days, 45 days, and 60 days. In response to these requests, the Agency is extending the comment period for 60 days, until April 6, 2010. Members of the public also will be able to provide additional comments to EPA after it publishes any proposed rules.

In addition, the Agency wants to clarify the proper Docket Identification Number (Docket ID No.) associated with the January 2010 ANPRM. The heading of the ANPRM included an incorrect Docket Identification Number. Subsequent references to the docket, within the text of the ANPRM, were correct; the correct Docket ID No. (EPA-HQ-SFUND-2009-0834) is included in this extension notice of the comment period.

Dated: January 29, 2010.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) are proposing to amend the Federal Acquisition Regulation (FAR) to implement Section 807 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005. The Act requires an adjustment every 5 years of acquisition-related thresholds for inflation using the Consumer Price Index for all urban consumers, except for Davis-Bacon Act, Service Contract Act, and trade agreements thresholds. The Councils are also proposing to use the same methodology to change nonstatutory FAR acquisition-related thresholds for adjustment in 2010.

DATES: Interested parties should submit written comments to the Regulatory Secretariat on or before April 5, 2010 to be considered in the formulation of a final rule.

ADDRESSES: Submit comments identified by FAR case 2008–024 by any of the following methods:

SUPPLEMENTARY INFORMATION:

A. Background

This rule proposes to amend multiple FAR parts to implement Section 807 of the Ronald W. Reagan National Defense

Authorization Act for Fiscal Year (FY) 2005 (Pub. L. 108–375). Section 807 requires an adjustment every 5 years (in years evenly divisible by 5) of acquisition-related thresholds for inflation using the Consumer Price Index for all urban consumers, except for Davis-Bacon Act, Service Contract Act, and trade agreements thresholds (see FAR 1.109). The Councils are also proposing to use the same methodology to change nonstatutory FAR acquisition-related thresholds for adjustment in 2010.

This is the second review of FAR acquisition-related thresholds. The last review was conducted under FAR case 2004–033 during FY 2005. The final rule was published in the **Federal Register** on September 28, 2006 (71 FR 57363).

B. Analysis

1. What is an acquisition-related threshold?

This case builds on the review of FAR thresholds in FY 2005 and uses the same interpretation of the statutory definition of acquisition-related threshold. The statute defines an acquisition-related dollar threshold as a dollar threshold that is specified *in law* as a factor in defining the scope of the applicability of a policy, procedure, requirement, or restriction provided *in that law* to the procurement of property or services by an executive agency, as determined by the FAR Council.

There are other thresholds in the FAR that, while not meeting this statutory definition of “acquisition-related,” nevertheless meet all the other criteria. These thresholds may have their origin in executive order or regulation.

Therefore, as used in this case, an acquisition-related threshold is a threshold that is specified *in law*, *executive order*, or *regulation* as a factor in defining the scope of the applicability of a policy, procedure, requirement, or restriction provided *in that law*, *executive order*, or *regulation* to the procurement of property or services by an executive agency, as determined by the FAR Council. The Councils conclude from this definition that acquisition-related thresholds are generally tied to the value of a contract, subcontract, or modification.

Examples of thresholds that are not viewed as “acquisition-related” as defined in this case are thresholds relating to claims, penalties, withholding, payments, required levels of insurance, small business size standards, liquidated damages, *etc.* This report does not address thresholds that are not acquisition-related.

2. What acquisition-related thresholds are not subject to escalation adjustment under this case?

The statute does not permit escalation of acquisition-related thresholds established by the Davis-Bacon Act, the Service Contract Act, or the United States Trade Representative pursuant to the authority of the Trade Agreements Act of 1979.

The statute does not authorize the FAR to escalate thresholds originating in executive order or the implementing agency (such as the Department of Labor or the Small Business Administration), unless the executive order or agency regulations are first amended.

3. How do the Councils analyze a statutory acquisition-related threshold?

If an acquisition-related threshold is based on statute, the matrix at <http://www.regulations.gov> (search FAR case 2008–024) identifies the statute, and the statutory threshold, both the original threshold and any revision to it in 2006.

With the exception of thresholds set by the Davis-Bacon Act, Service Contract Act, and the United States Trade Representative pursuant to the authority of the Trade Agreements Act of 1979, the statute requires that the FAR Council adjust the acquisition-related thresholds for inflation using the Consumer Price Index (CPI) for all-urban consumers. Acquisition-related thresholds in statutes that were in effect on October 1, 2000 are only subject to escalation from that date forward. For purposes of this proposed rule, the matrix includes calculation of escalation based on the CPI from October 2000 to April 2010. Inflation from the average CPI value for 2007 to the average value for 2008 was 3.8 percent. The Councils have currently estimated the inflation for the next year at 4.2 percent, but will subsequently adjust as necessary before issuance of the final rule. Acquisition-related thresholds in statutes that took effect after October 1, 2000 are escalated from the date that they took effect.

Once the escalation factor is applied to the acquisition-related threshold, then the threshold must be rounded as follows:

< \$10,000	Nearest \$500.
\$10,000–< \$100,000	Nearest \$5,000.
\$100,000– < \$1,000,000.	Nearest \$50,000.
\$1,000,000 or more ...	Nearest \$500,000.

The calculations in this proposed rule are all based on the base year amount, because escalated amounts in the 2005 rule were subject to rounding and using them as the base would distort future calculations.

In 2005, thresholds of \$1,000, \$10,000, \$100,000, and \$1,000,000, although subject to inflation calculation, did not actually change, because the inflation in 2005 was insufficient to overcome the rounding requirements—the escalation factor, when applied, did not cause the escalated values to be high enough to round to the next higher value. However, in FY 2010, these thresholds will now escalate because of 5 additional years of inflation.

Section 807(c) of the statute states that this statute supersedes the applicability of any other provision of law that provides for the adjustment of any acquisition-related threshold that is adjustable under this statute.

The thresholds for defining a major system were previously stated in Fiscal Year 1990 constant dollars for DoD and in Fiscal Year 1980 constant dollars for civilian agencies. The 2005 rule converted these major system thresholds to current year dollars, as of the date that the statute was enacted, that will now be adjusted every 5 years and both DoD and civilian agencies now abide by these thresholds.

This proposed rule has been coordinated with the Department of Labor and the Small Business Administration in areas of the regulation for which they are the lead agency. As appropriate, changes to cost accounting standards (CAS) thresholds will be dealt with under a separate case.

4. How do the Councils analyze a nonstatutory acquisition-related threshold?

No statutory authorization is required to escalate thresholds that were set as policy within the FAR. Escalation of the FAR policy acquisition-related thresholds is recommended using the same formula applied to the statutory thresholds, unless a reason has been provided for not doing so. Escalation is calculated using the same procedures as were explained for the statutory thresholds, to provide consistency.

In one case where a non-acquisition-related threshold was intended to equal the micro-purchase threshold, the Councils have revised it to specifically reference the micro-purchase threshold, in order to provide future escalation under follow-on cases (FAR 52.209–5).

5. What is the effect of this proposed rule on the most heavily-used thresholds?

This rule includes the following proposed changes to heavily-used thresholds:

- The micro-purchase base threshold of \$3,000 (FAR 2.101) will not be changed.

- The simplified acquisition threshold (FAR 2.101) will be raised from \$100,000 to \$150,000.

- The FedBizOpps preaward and post-award notices (FAR Part 5) remain at \$25,000 because of trade agreements.

- Commercial items test program ceiling (FAR 13.500) will be raised from \$5,500,000 to \$6,500,000.

- The cost and pricing data threshold (FAR 15.403–4) will be raised from \$650,000 to \$700,000.

- The prime contractor subcontracting plan (FAR 19.702) floor will be raised from \$550,000 to \$650,000, and the construction threshold of \$1,000,000 increases to \$1,500,000.

This proposed rule is based on a projected CPI of 222 in April 2010. If the actual CPI in April 2010 is higher than 222, then additional statutory thresholds will be subject to escalation in the final rule, even though not included in the proposed rule. For example, if the CPI is 224 in April 2010 (an inflation rate of about 5 percent), the following statutory thresholds will increase as indicated in the table, although not included in the text of this proposed rule:

FAR 2.101(b) “micro-purchase threshold”	\$15,000	\$20,000
FAR 2.101(b) “small business subcontractor”	10,000	15,000
FAR 13.003(b), FAR 13.201(g), and FAR 19.502–1(b) ..	15,000	20,000

This proposed rule is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

C. Regulatory Flexibility Act

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the adjustment of acquisition-related thresholds for inflation is intended to maintain the status quo. The Councils note that the set-aside threshold of \$100,000 increases to \$150,000, which is not believed to be a detriment to small business. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. The Councils invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

The Councils will also consider comments from small entities concerning the existing regulations in parts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2008–024) in correspondence.

D. Paperwork Reduction Act

The Paperwork Reduction Act does apply. The proposed changes to the FAR do not impose new information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.* By adjusting the thresholds for inflation, they maintain at the status quo the current information collection requirements under the following OMB clearance numbers: 9000–0006, Subcontracting Plans/Subcontracting Report for Individual Contract (SF 294)—Sections Affected: Subpart 19.7, 52.219–9; 9000–0007, Summary Subcontract Report—FAR Sections Affected: Subpart 19.7, 53.219, SF 295; 9000–0013, Cost or Pricing Data Exemption—FAR Sections Affected: Subparts 15.4, 42.7, 52.214–28, 52.215–12, 52.215–13, 52.215–20, 52.215–21; 9000–0018, Certification of Independent Price Determination and Parent Company and Identifying Data—Sections Affected: 3.103, 3.302; 9000–0022, Duty-Free Entry—FAR 48 CFR 52.225–8—FAR Section Affected: 52.225–8; 9000–0026, Change Order Accounting—43.205(f), 52.243–6; 9000–0027, Value Engineering Requirements—FAR Sections Affected: Subparts 48.1 and 48.2, 52.248–1, 52.248–2, 52.248–3; 9000–0034, Examination of Records 5 CFR 1320.5(b) by Comptroller General and Contract Audit—Sections Affected: 52.215–2, 52.212–5, 52.214–26; 9000–0045, Bid, Performance, and Payment Bonds—FAR Sections Affected: Subparts 28.1 and 28.2, 52.228–1, 52.228–2, 52.228–13, 52.228–15, 52.228–16; 9000–0058, Schedules for Construction Contracts—FAR Section Affected: 52.236–15; 9000–0060, Accident Prevention 48 CFR, 52.236–13, Plans and Recordkeeping—FAR Section Affected: 52.236–13; 9000–0065, Overtime—FAR Sections Affected: 22.103, 52.222–2; 9000–0066, Professional Employee Compensation Plan, Subpart 22.11, 52.222–46; 9000–0073, Advance Payments—FAR Sections Affected: Subpart 32.4 and 52.232–12; 9000–0077, Quality Assurance Requirements—FAR Sections Affected: Subparts 46.1 through 46.3, 52.246–2 through 52.246–8, 52.246–10, 52.246–12, 52.246–15; 9000–0080, Integrity of Unit Prices—Sections Affected: 15.408(f) and 52.215–14;
