BILLING CODE 4710-09-P

DEPARTMENT OF STATE

[Public Notice 6893]

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Indonesia-U.S. Youth Leadership Program

Announcement Type: New Grant.

²⁴ 17 CFR 200.30-3(a)(12).

Funding Opportunity Number: ECA/PE/C/PY-10-28.

Catalog of Federal Domestic Assistance Number: 19.415.

Application Deadline: March 31, 2010.

Executive Summary: The Office of Citizen Exchanges, Youth Programs Division, of the Bureau of Educational and Cultural Affairs announces an open competition for the Indonesia-U.S. Youth Leadership Program. Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3) may submit proposals for a reciprocal exchange program between Indonesia and the United States. Applicants should plan to recruit and select between 24 and 34 youth and adult participants in Indonesia and in the United States and to provide the participants with a three-week exchange program in the partner country. The exchange activities will focus broadly on the themes of civic rights and responsibilities, leadership, respect for diversity, and community activism, and specifically on the theme of the environment. Activities will be geared toward preparing participants to conduct projects at home that serve a community need.

I. Funding Opportunity Description

Authority: Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose: The Indonesia-U.S. Youth Leadership Program enables teenagers (ages 15-17) and adult educators to participate in intensive, thematic, three-week-long exchanges in the United States and in Indonesia. Exchange activities must focus broadly on civic rights and responsibilities, leadership, respect for diversity, and community activism. The specific theme of the environment will be used as a tool to illustrate those concepts. Participants

will be engaged in a variety of activities such as workshops, community and/or school-based programs, cultural activities, seminars and other activities designed to achieve the project's stated goals and objectives. Ample opportunities for American and Indonesian participants to interact with each other will be included.

The goals of the program are:

(1) To promote mutual understanding between the United States and the people of Indonesia;

(2) To develop a sense of civic responsibility and commitment to community development among youth;

(3) To develop a cadre of community activists who will share their knowledge and skills with their peers through positive action; and

(4) To foster relationships among youth from different ethnic, religious, and national groups.

Program Objective: To introduce students and educators to the host country's principles of democracy, civil society, diversity, and youth leadership, with an additional focus on volunteerism/community activism and peer education on environmental issues.

Applicants should identify their own specific objectives and measurable outcomes based on these program goals and the project specifications provided in this solicitation.

Applicants must demonstrate their capacity for doing projects of this nature, focusing on three areas of competency: (1) Provision of programs that address the goals and themes outlined in this document; (2) age-appropriate programming for youth; and (3) previous experience working with Indonesia. In addition to their U.S. presence, applicants, or their partner organizations, need to have the necessary capacity in Indonesia to recruit and select Indonesian participants for the program and to provide follow-on activities for them, and to provide a content-rich exchange program for the American participants. The partner organization must have a functioning office in Indonesia and an established track record of working with youth or on issues in Indonesian education. The representative(s) in Indonesia should have an active role in the preparation of the proposal submitted in response to this RFGP.

Guidelines: The grant will begin on or about August 1, 2010. The grant period will be approximately 16 to 20 months in duration, according to the applicant's program plan. Applicants should propose the timing of the two three-week exchanges (one to each country), which will take place between March and August 2011. Dates may be shifted

by the mutual agreement of the Department and the grant recipient.

In pursuit of the goals outlined above, the program will include the following:

- Recruitment and selection of a diverse group of youth and adult educators in Indonesia and in the United States.

- Pre-departure and arrival orientations.

- Design and planning of exchange activities in the United States and in Indonesia that provide a creative and substantive program on the specified themes and offer a thorough introduction to the host country's culture.

- Logistical arrangements, including homestay arrangements and other accommodations, provisions for religious observance, disbursement of stipends, local travel, and travel between sites.

- Monitoring of the participants' safety and well-being while on the exchange.

- Follow-on activities in the participants' home countries designed to reinforce the ideas and skills imparted during the exchange program.

Recruitment and Selection: Once a grant is awarded, the grant recipient must consult with the Public Affairs Section at the U.S. Embassy in Jakarta and with the ECA program officer to review a recruitment and participant selection plan. Organizers must strive for regional and ethnic diversity within both Indonesia and the United States. Small groups of participants should be from the same town or region so that they can support one another in their projects upon their return home. The Department of State and/or its overseas representatives reserve final approval of all selected delegations.

Participants: Within the range of 24 to 34, an applicant should present the number of participants it expects to be able to accommodate based on its program design and budget. The Bureau wants a greater number of Indonesians than Americans to travel, as presented in the ranges below. Additional American participants may be included if supported by other sources of funding, but they must complete the same screening process for suitability as an exchange participant as the grant-funded participants do. The ratio of students to educators should be approximately 6:1.

The Indonesian participants will be 18 to 24 students and educators selected from a variety of schools—public (secular) schools, pesantrens (Islamic boarding schools), and non-Islamic parochial schools. Fluency in English should not be a requirement for

selection, but some beginning English skills are desirable to enhance interaction with American peers. For educational activities, the grant recipient should be prepared to provide interpretation services appropriate to the project.

The American participants will be 6 to 10 high school students and educators that represent the diversity of the United States and who demonstrate an interest in Indonesia and the project themes.

Criteria for selection of all participants will be leadership skills, an interest in service to the community, strong academic and social skills, overall composure, and openness and flexibility. It is desirable that 2–4 participants attend or teach at the same school or live in the same community so that they can support each other upon return.

Exchange Activities: The exchanges may take place in one or two communities and should offer the participants exposure to the variety of lifestyles in the United States and Indonesia. The program should focus primarily on interactive activities, practical experiences, and other hands-on opportunities to learn about the fundamentals of a civil society, community service, tolerance and respect for diversity, and on building leadership skills. Suggestions include simulations and leadership training exercises plus other activities that reveal various aspects of the host country, such as group dialogues with peers, volunteer service projects, visits with community and government leaders, or a review of the role of the media. Visits to different types of educational institutions, such as pesantrans in Indonesia, should be a component of each exchange. In both the United States and Indonesia, homestays with local families must be arranged for a significant portion of the exchange period. All programming should include peers from the host country wherever possible. Cultural and recreational activities will balance the schedule. Please see the POGI for more details.

The American and Indonesian delegations should have an opportunity to meet and interact with each other for approximately one week. Applicants are urged to present creative plans for activities that will foster interaction between these participants.

Given the youth of the participants, the grant recipient will be required to provide proper staff supervision and facilitation to ensure that the Indonesian and American teenagers have safe and pedagogically robust programs while visiting the other country. Staff, along

with the adult participants, will need to assist youth with cultural adjustments, to provide societal context to enhance learning, and to counsel students as needed. Applicants should describe their plans to meet these requirements in their proposals.

Follow-on Activities: The grant recipient is required to offer follow-on activities for the exchange alumni, particularly in facilitating continued engagement among the participants, advising and supporting them in the implementation of their community service projects, and offering opportunities to reinforce the lessons and themes of the exchange. Applicants should present creative and effective ways to address the project themes, for both program participants and their peers, as a means to amplify the program impact. Follow-up visits with alumni by project staff or trainers are recommended.

Proposals must demonstrate how the stated objectives will be met. The proposal narrative should provide detailed information on the major program activities, and applicants should explain and justify their programmatic choices. Programs must comply with J–1 visa regulations. Please be sure to refer to the complete Solicitation Package—this RFGP, the Project Objectives, Goals, and Implementation (POGI), and the Proposal Submission Instructions (PSI)—for further information.

II. Award Information

Type of Award: Grant Agreement.

Fiscal Year Funds: 2010.

Approximate Total Funding: \$275,000.

Approximate Number of Awards: One.

Anticipated Award Date: August 1, 2010.

Anticipated Project Completion Date: 16–20 months after start date, to be specified by applicant based on project plan.

Additional Information: Pending successful implementation of the project and the availability of funds in subsequent fiscal years, ECA reserves the right to renew grants for up to two additional fiscal years before openly competing grants under this program again.

III. Eligibility Information

III.1. Eligible applicants: Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3).

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum

percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A–110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements: Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates making one award, in an amount up to \$275,000 to support the program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

IV.3c. You must have nonprofit status with the IRS at the time of application. **Please note:** Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

(2) Those who do not file IRS Form 990 must submit information above in the format of their choice.

For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov Web site as part of ECA's FFATA reporting requirements.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1 Adherence to All Regulations Governing The J Visa

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the "Responsible Officer" for the program under the terms of 22 CFR 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR 62, organizations receiving awards (either a grant or cooperative agreement) under this RFGP will be third parties "cooperating with or assisting the sponsor in the conduct of the sponsor's program." The actions of recipient organizations shall be "imputed to the sponsor in evaluating the sponsor's compliance with" 22 CFR 62. Therefore, the Bureau expects that any organization receiving an award under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR 62 et seq.

The Bureau of Educational and Cultural Affairs places critically important emphases on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by recipient organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should *explicitly state in writing* that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR 62. If your organization has experience as a designated Exchange Visitor Program Sponsor, the applicant should discuss their record of compliance with 22 CFR 62 *et. seq.*, including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: Office of Designation, ECA/EC/D, SA-5, Floor C2, Department of State, Washington, DC 20522-0582.

IV.3d.2 Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries."

Public Law 106–113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3. Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. *Outcomes*, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out

in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (*i.e.*, surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit SF-424A—"Budget Information—Non-Construction Programs" along with a comprehensive budget for the entire program. Budget requests may not exceed \$275,000. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or

activity to provide clarification. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

IV.3f. Application Deadline and Methods of Submission

Application Deadline Date:

Applications uploaded to the site after midnight of the application deadline date will be automatically rejected by the grants.gov system, and will be technically ineligible.*

Please refer to the Grants.gov Web site, for definitions of various "application statuses" and the difference between a submission receipt and a submission validation. Applicants will receive a validation e-mail from grants.gov upon the successful submission of an application. Again, validation of an electronic submission via Grants.gov can take up to two business days. *Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through Grants.gov.* ECA will *not* notify you upon receipt of electronic applications.

It is the responsibility of all applicants submitting proposals via the Grants.gov web portal to ensure that proposals have been received by Grants.gov in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.

IV.3g. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards (grants) resides with the Bureau's Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below.

1. *Quality of the program idea:* The proposed program should be well developed, respond to design outlined in the solicitation, and demonstrate originality. It should be clearly and accurately written, substantive, and with sufficient detail. Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.

2. *Program planning:* A detailed agenda and work plan should clearly demonstrate how project objectives would be achieved. The agenda and plan should adhere to the program overview and guidelines described above. The substance of workshops, seminars, presentations, school-based activities, and/or site visits should be described in detail. Objectives should be reasonable, feasible, and flexible. The proposal should clearly demonstrate how the organization will meet the program's objectives and plan.

3. *Support of diversity:* The proposal should demonstrate the recipient's commitment to promoting the awareness and understanding of diversity in program content. Applicants should demonstrate readiness to accommodate participants with physical disabilities.

4. *Institutional capacity and track record:* Proposed personnel and institutional resources should be adequate and appropriate to achieve the program goals. The proposal should demonstrate an institutional record, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by the Bureau's Office of Contracts. The Bureau will consider the past performance.

5. *Cross-cultural sensitivity and area expertise:* Applicants must demonstrate their understanding of Indonesia/Southeast Asia and should demonstrate sensitivity to participants' values, customs, and life experiences in the programming.

6. *Follow-on activities:* Proposals should provide a plan for Bureau-supported follow-on activities to help the participants apply what they have learned. In addition, applicants should also provide on-going support, not necessarily with Bureau funding, that ensures that this program is not an isolated event.

7. *Program evaluation:* The proposal should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program.

The proposal should include a draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives. The grant recipient will be expected to submit intermediate reports after each project component is concluded.

8. *Cost-effectiveness and cost sharing:* The applicant should demonstrate efficient use of Bureau funds. The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. The proposal should maximize cost-sharing through other private sector support as well as institutional direct funding contributions, which demonstrates institutional and community commitment.
