

has renewed the National Geospatial Advisory Committee. The Committee will provide advice and recommendations to the Federal Geographic Data Committee (FGDC), through the FGDC Chair (the Secretary of the Interior or designee), related to management of Federal geospatial programs, the development of the National Spatial Data Infrastructure (NSDI), and the implementation of Office of Management and Budget (OMB) Circular A-16 and Executive Order 12906. The Committee will review and comment upon geospatial policy and management issues and will provide a forum to convey views representative of non-Federal partners in the geospatial community.

FOR FURTHER INFORMATION CONTACT: John Mahoney, USGS (phone: 206-220-4621, e-mail: jmahoney@usgs.gov).

SUPPLEMENTARY INFORMATION: We are publishing this notice in accordance with the requirements of the Federal Advisory Committee Act (5 U.S.C. App.) (FACA). The Committee will conduct its operations in accordance with the provisions of the FACA. It will report to the Secretary of the Interior through the Chair of the FGDC Steering Committee and will function solely as an advisory body. The Committee will provide recommendations and advice to the Department and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

The Secretary of the Interior will appoint Committee members. The Committee will be composed of up to 30 representatives, who will be selected to generally achieve a balanced representation of the viewpoints of the various stakeholders involved in national geospatial activities and the development of the NSDI.

The Committee is expected to meet 3-4 times per year. Committee members will serve without compensation. Travel and per diem costs will be provided for Committee members by the U.S. Geological Survey (USGS). The USGS will provide necessary support services to the Committee. Committee meetings will be open to the public. Notice of committee meetings will be published in the **Federal Register** at least 15 days before the date of the meeting. The public will have an opportunity to provide input at these meetings.

In accordance with FACA, a copy of the Committee's charter will be filed with the Committee Management Secretariat, General Services Administration; Committee on Energy and Natural Resources, United States Senate; Committee on Natural

Resources, United States House of Representatives; and the Library of Congress.

The Certification for renewal is published below.

Certification: I hereby certify that the National Geospatial Advisory Committee is in the public interest in connection with the performance of duties imposed on the Department of the Interior by Office of Management and Budget (OMB) Circular A-16 (Revised), "*Coordination of Geographic Information and Related Spatial Data Activities*." The Committee will assist the Department of the Interior by providing advice and recommendations related to the management of Federal geospatial programs and the development of the National Spatial Data Infrastructure.

Dated: January 28, 2010.

Ken Salazar,

Secretary of the Interior.

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Terminating the Sporting Conservation Council

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of termination.

SUMMARY: After consultation with the Secretary of Agriculture and the General Services Administration, we, the Department of the Interior, have terminated the Sporting Conservation Council.

FOR FURTHER INFORMATION CONTACT:

Bruce Decker, Chief, Division of Program and Partnership Support, External Affairs, U.S. Fish and Wildlife Service, 4501 N. Fairfax Drive, Mailstop EA-3103, Arlington, Virginia 22203; telephone 703-358-2521.

Dated: January 7, 2010.

Ken Salazar,

Secretary of the Interior.

[FR Doc. 2010-2497 Filed 2-4-10; 8:45 am]

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CACA 49561, LLCAD08000L5101 ER0000LVRWB09B3220]

Notice of Availability of the Draft Environmental Impact Statement for the Proposed Chevron Energy Solutions Lucerne Valley Solar Project, San Bernardino County, CA, and the Draft California Desert Conservation Area Plan Amendment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Draft California Desert Conservation Area (CDCA) Plan Amendment and a Draft Environmental Impact Statement (EIS) for the proposed Chevron Energy Solutions Lucerne Valley Solar Project and by this notice is announcing the opening of the comment period.

DATES: To ensure that comments will be considered, the BLM must receive written comments on the CDCA Plan Amendment and Draft EIS within 90 days following the date the Environmental Protection Agency publishes this Notice of Availability in the **Federal Register**. The BLM will announce future meetings or hearings and any other public involvement activities at least 15 days in advance through public notices, media releases, or mailings.

ADDRESSES: You may submit comments related to the proposed Chevron Energy Solutions Lucerne Valley Solar Project by any of the following methods:

- *Web site:* <http://www.blm.gov/ca/st/en/fo/barstow.html>.
- *E-mail:* LucerneSolar@blm.gov.
- *Fax:* (951) 697-5299.
- *Mail or other delivery service:* Greg Thomsen, BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, California 92553.

Copies of the Draft EIS and Draft CDCA Plan Amendment for the proposed Chevron Energy Solutions Lucerne Valley Solar Project are available in the California Desert District Office at the above address.

FOR FURTHER INFORMATION CONTACT: For further information contact Greg Thomsen, Project Manager; telephone (951) 697-5237 or at the address and e-mail address above.

SUPPLEMENTARY INFORMATION: Chevron Energy Solutions has requested a 516-acre right-of-way (ROW) authorization to construct and operate a 45-megawatt solar photovoltaic project and connect it to an existing Southern California Edison 33 kV distribution system on public lands located approximately 8 miles east of Lucerne Valley, San Bernardino County, California.

The proposed project would include a solar array, switchyard, a control and maintenance building, and parking area. The Draft EIS analyzes the site-specific impacts to the environment from the proposed project. Alternatives include:

- A no action alternative with a plan amendment making the project area unavailable to other solar energy projects;
- A no action alternative with a plan amendment making the project area available to other solar energy projects;
- The proposed action;
- A modified proposed action that reduces visual and biological impacts; and
- A reduced footprint/reduced megawatts modified proposed action.

Pursuant to BLM's CDCA Plan (1980, as amended), sites associated with power generation or transmission not identified in the CDCA Plan will be considered through the plan amendment process.

A Notice of Intent to Prepare an EIS and CDCA Plan amendment for the Lucerne Valley Solar Project was published in the **Federal Register** on July 23, 2009. This was followed by a 30-day public scoping period which ended August 22, 2009. Scoping meetings were held on July 23, 2009 in Lucerne Valley, California, and on July 30 in San Bernardino, California. Numerous public scoping comments were received.

The main concerns included potential impacts to biological species, visual resources, and cultural resources, and appropriate use of public land. The issues and concerns identified in the scoping comments were addressed in the DEIS.

Please note that public comments will be available for public review and disclosure at the above address during regular business hours (8 a.m. to 4 p.m.), Monday through Friday, except holidays.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1506.6; 40 CFR 1506.10; 43 CFR 1610.2.

Thomas Pogacnik,

Deputy State Director, California.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R8-MB-2009-N286; 80213-9410-0000-7B]

Federal Sport Fish Restoration; California Department of Fish and Game Fish Hatchery and Stocking Program

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: Final environmental impact report/ environmental impact statement (EIR/EIS).

SUMMARY: The U.S. Fish and Wildlife Service (FWS) announces the availability of the final EIR/EIS for the California Department of Fish and Game's (CDFG) Fish Hatchery and Stocking Program (Program). FWS is lead agency, under the National Environmental Policy Act (NEPA) of 1969, as amended, for the EIR/EIS jointly prepared with CDFG. Under the Sport Fish Restoration Act (SFRA), FWS proposes to fund actions associated with the operation of CDFG's 14 trout hatcheries and the Mad River Hatchery for the anadromous steelhead, and stocking from the 15 hatcheries. The Federal action does not include funding CDFG's other anadromous fish hatcheries and associated stocking, nor its issuance of private stocking permits. SFRA funding may also support CDFG's Fishing in the City and Classroom Aquarium Education Programs. CDFG is the lead agency under the California Environmental Quality Act (CEQA) and proposes to implement hatchery operations and stocking funded by FWS, as well as all other components of the CDFG Program, including anadromous fish hatchery operations and associated stocking, and issuance of stocking permits to private parties seeking to stock fish in California's inland waters. The final EIR/EIS presents Program impact analysis, mitigation for impacts, selection of the preferred alternative, and response to comments received during the comment period for the draft EIR/EIS.

DATES: We anticipate that a Record of Decision will be issued by FWS in 2010, but no sooner than 30 days after the **Federal Register** publication date for this notice of availability.

ADDRESSES: Download copies of the final EIR/EIS from the CDFG Web site at <http://www.dfg.ca.gov/news/pubnotice/hatchery/>. Alternatively, you may send your request for copies of the final EIR/EIS to Mr. Bart Prose by mail at U.S. Fish and Wildlife Service, 2800 Cottage Way, Room W-1729, Sacramento, CA 95825; by e-mail to bart_prose@fws.gov; or by fax to (916) 978-6155.

FOR FURTHER INFORMATION CONTACT: Mr. Bart Prose: (916) 978-6152 (phone); bart_prose@fws.gov (e-mail).

SUPPLEMENTARY INFORMATION: Under the SFRA (Pub. L. 106-408), FWS has authority to grant Federal funds from the Sport Fish Restoration and Boating Trust Fund to support actions associated with CDFG's Program. The Trust Fund is financed through collection of excise taxes on sport-fishing equipment, electric motors, and sonar; import duties on fishing tackle, yachts, and pleasure craft; the portion of gasoline tax attributable to motorboats and small engines; and interest on the Fund.

CDFG has been rearing and stocking fish in the inland waters of California since the late 1800s, when the State of California enacted legislation to restore and preserve fish in State waters. This legislation called for the newly formed California State Fish and Game Commission to establish "fish breederies" to stock and supply streams, lakes, and bays with both foreign and domestic fish. Since that time in the late 1800s, CDFG has continued that mandate by rearing and stocking both inland trout and anadromous species of fish reared at 24 hatcheries and planting bases located throughout the State.

For the past approximately 100 years, CDFG has stocked nonnative trout throughout the State. CDFG's Program currently operates 14 trout hatcheries throughout the State, rearing 6 trout species and 3 salmon species. Trout hatcheries rear rainbow, golden, cutthroat, brown, lake, and brook trout. Salmon species reared include Chinook, Coho, and kokanee. CDFG's Mad River Hatchery for anadromous fish presently rears only steelhead. Over the past 5 years, CDFG planted over 3.6 million pounds of combined trout and inland salmon, annually, from its 14 trout hatcheries into hundreds of locations, including high mountain lakes, low-elevation reservoirs, and various streams and creeks. The Mad River
