DEPARTMENT OF DEFENSE

Office of the Secretary

[Transmittal Nos. 09-03, 09-37, 09-39, 09-57, 09-75 and 10-07]

36(b)(1) Arms Sales Notification

AGENCY: Defense Security Cooperation Agency, DoD.

ACTION: Notice.

SUMMARY: The Department of Defense is publishing the unclassified text of six section 36(b)(1) arms sales notifications to fulfill the requirements of section 155 of Public Law 104-164 dated 21 July 1996.

FOR FURTHER INFORMATION CONTACT: Ms. B. English, DSCA/DBO/CFM, (703) 601-3740.

SUPPLEMENTARY INFORMATION: The following are copies of letters to the Speaker of the House of Representatives, Transmittals 09-03, 09-37, 09-39, 09-57, 09-75 and 10-07 with associated attachments.

Dated: February 1, 2010.

Mitchell S. Bryman,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

Transmittal No. 09-03

The following is a copy of a letter to the Speaker of the House of Representatives, Transmittals 09-03 with attached transmittal, policy justification, and Sensitivity of Technology.

The Honorable Nancy Pelosi
Speaker
U. S. House of Representatives
Washington, DC 20515

Dear Madam Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 09-03, concerning the Department of the Army's proposed Letter(s) of Offer and Acceptance to the Taipei Economic and Cultural Representative Office in the United States for defense articles and services estimated to cost \$3.1 billion. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey A. Wieringa".

Jeffrey A. Wieringa
Vice Admiral, USN
Director

Transmittal No. 09-03

Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act, as amended

- (i) Prospective Purchaser: Taipei Economic and Cultural Representative Office in the United States
- (ii) Total Estimated Value:

Major Defense Equipment*	\$1.8 billion
Other	<u>\$1.3 billion</u>
TOTAL	\$3.1 billion
- (iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase: 60 UH-60M BLACK HAWK helicopters with 120 T-700-GE-701D engines, 18 spare T-700-GE-701D engines, 69 AN/APR-39A(V)2 Radar Warning Receivers, 69 AN/ALQ-144A(V)1 Infrared Countermeasure Sets, 69 AN/AAR-57 Common Missile Warning Systems, 69 AN/AVR-2B Laser Detecting Sets, 120 GAU-19/A .50 cal Machine Gun Systems, and 310 AN/AVS-9 Aviator Night Vision Goggles. Also included are 50 cal. ammunition, pyrotechnics, cartridges and propellant actuated devices, Po-Sheng Communication/Data Link Systems, ammunition, spare and repair parts, tools and support equipment, publications and technical data, personnel training and training equipment, contractor engineering and technical support services and other related elements of logistics support.
- (iv) Military Department: Army (YZC)
- (v) Prior Related Cases, if any: none
- (vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: none
- (vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Annex attached
- (viii) Date Report Delivered to Congress: JAN 29 2010

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION**Taipei Economic and Cultural Representative Office in the United States – UH-60M BLACK HAWK Helicopters**

The Taipei Economic and Cultural Representative Office in the United States has requested a possible sale of 60 UH-60M BLACK HAWK helicopters with 120 T-700-GE-701D engines, 18 spare T-700-GE-701D engines, 69 AN/APR-39A(V)2 Radar Warning Receivers, 69 AN/ALQ-144A(V)1 Infrared Countermeasure Sets, 69 AN/AAR-57 Common Missile Warning Systems, 69 AN/AVR-2B Laser Detecting Sets, 120 GAU-19/A .50 cal Machine Gun Systems, and 310 AN/AVS-9 Aviator Night Vision Goggles. Also included are 50 cal. ammunition, pyrotechnics, cartridges and propellant actuated devices, Also included is other explosives including devices, Po-Sheng Communication/Data Link Systems, ammunition, spare and repair parts, tools and support equipment, publications and technical data, personnel training and training equipment, contractor engineering and technical support services and other related elements of logistics support. The estimated cost is \$3.1 billion.

This sale is consistent with United States law and policy as expressed in Public Law 96-8. The U.S. is committed to providing military assistance under the terms of the Taiwan Relations Act.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The recipient needs these helicopters for self-defense, personnel movement, cargo lifting, and aero medical evacuation capabilities. This procurement will modernize the recipient's rotary wing fleet and provide for the defense of vital installations and close air support for ground forces. The recipient will have no difficulty absorbing these helicopters into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be: Sikorsky Aircraft (United Technologies) Corporation of Stratford, Connecticut, and General Electric Aircraft Company of Lynn, Massachusetts. The purchaser has requested offsets; however, at this time they are undetermined and will be defined in negotiations between the purchaser and contractors.

Implementation of this proposed sale may require the assignment of two contractor representatives in country for a period of up to two years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 09-03

Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act

Annex
Item No. vii

(vii) Sensitivity of Technology:

1. The UH-60M BLACK HAWK helicopter contains communications and identification equipment, navigation equipment, aircraft survivability equipment, displays and sensors. The airframe itself does not contain sensitive technology. The highest level of classified information required to be released for training, operation, and maintenance of the BLACK HAWK helicopter is Unclassified. The highest level that could be revealed through reverse engineering or testing of the end item is Secret.

2. The UH-60M BLACK HAWK helicopter will include the following equipment listed below, either installed on the aircraft or included in the sale:

a. AN/ALQ-144A(V)1 Infrared Countermeasure Set is an active, continuously operating, omni-directional, electrically fired infrared (IR) jamming system designed to confuse or decoy threat IR missile systems, in conjunction with low reflective paint and engine suppressors. The hardware is classified Confidential and releasable technical manuals for operation and maintenance are classified Secret.

b. AN/APR-39A(V)2 Radar Signal Detecting Set is a system which provides warning of a radar directed air defense threat to allow appropriate countermeasures. The hardware is classified Confidential when programmed with U.S. threat data; releasable technical manuals for operation and maintenance are classified Confidential; and releasable technical data (technical performance) is classified Secret. The system can be programmed with threat data provided by the recipient.

c. AN/AVR-2B Laser Detecting Set detects, prioritizes in order of lethality and characterizes threats. With clear audible and visual warnings on the display the crew knows it's been targeted, what are coming first and which direction the threat is coming from. The hardware is classified Confidential and releasable technical manuals for operation and maintenance are classified Secret.

d. AN/AAR-57 Common Missile Warning System is a passive laser warning system that receives, processes and displays threat information resulting from aircraft illumination by lasers on the multi-functional display. The hardware is classified Confidential, and releasable technical manuals for operation and maintenance are classified Secret. Reverse engineering is not a major concern.

e. The AN/ALE-47 Countermeasures Dispensing System is an integrated, reprogrammable, computer-controlled system to dispense expendables/decoys to enhance aircraft survivability. The system is designed to employ countermeasures according to a program developed and implemented by the aircrew. This is an upgraded version of the ALE-40, ALE-39 and M-130 systems. The hardware is Unclassified and releasable technical manuals for operation and maintenance are classified Secret.

f. The M130 Flare and Chaff Dispenser dispenses objects to confuse threat radar devices. Radar cross section and frequency coverage are sensitive elements. The hardware and releasable technical manuals for operation and maintenance are Unclassified. Aircraft optimization is the critical element, and reverse engineering is not a major concern.

g. The AN/AVS-9 Night Vision Goggle (NVG) is a 3rd generation aviation NVG offering higher resolution, high gain, and photo response to near infrared. Features include independent eye-span adjustment, 25-mm eye relief eyepieces which easily accommodate eyeglasses, and a low-profile battery pack. Minus-blue filter screens glare from cockpit instrument lighting; class B filter (available with some variants) can accommodate aircraft color displays. Other features include low-distortion optics and automatic brightness control. The Night Vision Imaging System modification includes cockpit modifications to provide NVG-compatible cockpit lighting that optimizes NVG sensitivity, as well as external lighting capable of operating in a covert mode wherein only NVG-equipped personnel can see the aircraft external lighting. Hardware is Unclassified, and technical data and documentation to be provided are Unclassified.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware or software in this proposed sale, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

Transmittal No. 09-37

The following is a copy of a letter to the Speaker of the House of

Representatives, Transmittals 09-37 with attached transmittal, policy

justification, and Sensitivity of Technology.

- (viii) Date Report Delivered to Congress: JAN 29 2010

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION**Taipei Economic and Cultural Representative Office in the United States – Multifunctional Information Distribution Systems**

The Taipei Economic and Cultural Representative Office in the United States has requested a possible sale of 35 Multifunctional Information Distribution Systems Low Volume Terminals (MIDS/LVT-1), 25 MIDS On Ships Terminals, spare and repair parts, support and test equipment, training personnel training and training equipment, repair and return, software and hardware updates, publications and technical documentation, U.S. Government and contractor engineering services, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$340 million.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

This proposed sale will use these systems to improve and integrate the recipient's information flow, and display of tactical aircraft, surface ships, and ground stations. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. The recipient will have no difficulty absorbing these additional terminals into its inventory.

This sale is consistent with United States law and policy as expressed in Public Law 96-8. The U.S. is committed to providing military assistance under the terms of the Taiwan Relations Act.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be selected through a competitive procurement conducted by the US Government in accordance with the Federal Acquisition Regulation. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips to recipient country involving U.S. Government and contractor representatives to participate in training, program management, and technical reviews.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 09-37

Notice of Proposed Issuance of Letter of Offer

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION**Taipei Economic and Cultural Representative Office in the United States – Sale, Refurbishment and Upgrade of 2 OSPREY Class Mine Hunting Ships**

The Taipei Economic and Cultural Representative Office in the United States has requested a possible sale of two (2) OSPREY Class Mine Hunting Ships, including refurbishment and upgrade, overhaul of AN/SQQ-32 Sonar, transportation, support and test equipment, spare and repair parts, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor technical, engineering, and logistics support services, and other related elements of logistics support. The estimated cost is \$105 million.

This sale is consistent with United States law and policy as expressed in Public Law 96-8.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The proposed sale will improve recipient's capability to meet current and future threats of enemy mining operations. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. The recipient, which already has mine hunters in its inventory, will have no difficulty absorbing these additional ships.

A U.S. prime contractor will be chosen after a competitive source selection. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to recipient country.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

POLICY JUSTIFICATION**Taipei Economic and Cultural Representative Office in the United States – RTM-84L HARPOON Block II Telemetry Missiles**

The Taipei Economic and Cultural Representative Office in the United States has requested a possible sale of 10 RTM-84L HARPOON Block II Telemetry missiles; 2 ATM-84L HARPOON Block II Telemetry missiles; containers; training devices; spare and repair parts; supply/technical support; support equipment; personnel training and training equipment; technical data and publications; U.S. Government and contractor engineering and logistics support services; and other related elements of logistics support. The estimated cost is \$37 million.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The proposed sale will improve the recipient's capability to meet current and future threats of hostile surface ship operations. The recipient, which already has HARPOON missiles in its inventory, will have no difficulty absorbing these additional missiles.

This sale is consistent with United States law and policy as expressed in Public Law 96-8. The U.S. is committed to providing military assistance under the terms of the Taiwan Relations Act.

The prime contractor will be The McDonnell Douglas Company, a wholly owned subsidiary of the Boeing Company in St. Louis, Missouri. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to the recipient.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 09-57

Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act

Annex
Item No. vii

(vii) Sensitivity of Technology:

1. The RTM-84L and ATM-84L HARPOON Block II Telemetry missiles are a multi-environmental launch Anti-Surface Warfare training missiles that provide naval forces with proof of their capability to engage targets in both the "blue water" regions and the littorals of the world. The RTM-84L and ATM-84L HARPOON Block II missiles, including publications, documentation, operations, supply, maintenance, and training, are classified Confidential.
2. The RTM-84L and ATM-84L incorporates components, software, and technical design information that are considered sensitive. The following HARPOON components being conveyed by the proposed sale that are classified Confidential include:

- a. Radar seeker
- b. Global Positioning System/Inertial Navigation System (GPS/INS)
- c. Operational Flight Program (OFP) software
- d. Missile operational characteristics and performance data
- e. Coastal Target Suppression (CTS)
- f. Guidance Control Unit

These elements are essential to the ability of the HARPOON missile to selectively engage hostile targets under a wide range of operational, tactical, and environmental conditions. The recipient's military forces have been previously approved for the GPS Precision Positioning Service (GPS/PPS).

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

POLICY JUSTIFICATION

Taipei Economic and Cultural Representative Office in the United States - PATRIOT Configuration 3 Ground Systems and PATRIOT Advanced Capability-3 Guided Missiles

The Taipei Economic and Cultural Representative Office in the United States has requested a possible sale of 114 PATRIOT Advanced Capability (PAC-3) missiles, 3 AN/MPQ-65 Radar Sets, 1 AN/MSQ-133 Information and Coordination Centrals, 1 Tactical Command Station, 3 Communication Relay Groups, 3 AN/MSQ-132 Engagement Control Stations, 26 M902 Launching Stations, 5 Antenna Mast Groups, 1 Electronic Power Plant III (EPP), battery and battalion maintenance equipment, prime movers, generators, electrical power units, personnel training and equipment, trailers, communication equipment, tool and test sets, spare and repair parts, publications and technical documentation, Quality Assurance Team support services, U.S. Government and contractor engineering and logistics support services, and other related elements of logistics support. The estimated cost is \$2.81 billion.

This sale is consistent with United States law and policy as expressed in Public Law 96-8. The U.S. is committed to providing military assistance under the terms of the Taiwan Relations Act.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and enhance its defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The proposed sale will improve the recipient's capability to meet current and future threats of enemy air strikes. The recipient will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. The recipient, which already has PAC-3 missiles in its inventory, will have no difficulty absorbing these missiles.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be: Raytheon Corporation in Andover, MA, and Lockheed-Martin in Dallas, TX. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government and contractor representatives in country.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 09-75

Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act, as amended

Annex
Item No. vii

(vii) Sensitivity of Technology:

1. The PATRIOT Air Defense System contains classified Secret components and critical/sensitive technology. The PATRIOT Advanced Capability-3 (PAC-3) Missile Four-Pack is classified Confidential.

2. The PAC-3 Missile sensitive/critical technology is in the area of design and production know-how and primarily inherent in the design, development and/or manufacturing data related to certain components. Information on system performance capabilities and effectiveness, select software documentation, and test data are classified up to Secret.

3. AIT and TECRO signed a PATRIOT PAC-3/Configuration 3 Security Agreement on 14 December 2007. The U.S. requires such an agreement as an additional measure to safeguard classified and sensitive information, equipment and technology prior to entering into the sale of Configuration 3 to any international customer.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

Transmittal No. 10-07

The following is a copy of a letter to the Speaker of the House of

Representatives, Transmittals 10-07 with attached transmittal, and policy justification.

DEFENSE SECURITY COOPERATION AGENCY
201 13TH STREET SOUTH, STE 203
ARLINGTON, VA 22202-5408

JAN 29 2010

The Honorable Nancy Pelosi
Speaker
U.S. House of Representatives
Washington, DC 20515

Dear Madam Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 10-07, concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Pakistan for defense articles and services estimated to cost \$100 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

A handwritten signature in black ink, reading "Jeffrey A. Wieringa".

Jeffrey A. Wieringa
Vice Admiral, USN
Director

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Pakistan – Technical Support Team

The Government of Pakistan has requested a possible sale to provide technical support services at Shahbaz Air Base to assist in the oversight of operations in support of the Pakistan Peace Drive F-16 program. Also included: U.S. Government and contractor technical and logistics support services, and other related elements of logistics support. The estimated cost is \$100 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for economic progress in South Asia and a partner in overseas contingency operations.

Pakistan is vital to U.S. foreign policy and national security goals in South Asia.

The proposed sale of this support will not alter the basic military balance in the region.

The principal contractor will be determined at a later date. There are no known offset agreements proposed in connection with this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

DEPARTMENT OF DEFENSE**Office of the Secretary****[Docket No. DoD-2009-OS-0173]****Submission for OMB Review;
Comment Request****ACTION:** Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by March 8, 2010.

Title and OMB Number: Voice of Industry Survey; OMB Control Number 0704-TBD.

Type of Request: New.

Number of Respondents: 12,938.

Responses per Respondent: 1.

Annual Responses: 12,938.

Average Burden per Response: .5 hour.

Annual Burden Hours: 6,469 hours.

Needs and Uses: Executive Order 12829, "National Industrial Security Program (NISP)" Section 202(a) stipulates that the Secretary of Defense shall serve as the Executive Agent for inspecting and monitoring the contractors, licensees, and grantees who require or will require access to or who store or will store classified information; and for determining the eligibility for access to classified information of contractors, licensees, and grantees and their respective employees. The Executive Agent has the authority to issue, after consultation with affected agencies, standard forms or other standardization that will promote the implementation of the NISP. The Cognizant Security Agency (CSA), designated by the NISPOM, is responsible for determining the frequency of Security Reviews which may be increased or decreased for sufficient reason, consistent with risk management principles. Department of Defense Directive 5105.42, "Defense Security Service," dated May 13, 1999, delineates the mission, functions and responsibilities of DSS. DSS functions and responsibilities include the administration and implementation of the Defense portion of the NISP. This survey will provide feedback on how well DSS is doing with respect to the administration and implementation of the NISP. Participation in the survey is strictly voluntary.

Affected Public: Business or other-for-profit; not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

Written comments and recommendations on the proposed information collection should be sent to Ms. Seehra at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

You may also submit comments, identified by docket number and title, by the following method:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Patricia Toppings.

Written requests for copies of the information collection proposal should be sent to Ms. Toppings at WHS/ESD/Information Management Division, 1777 North Kent Street, RPN, Suite 11000, Arlington, VA 22209-2133.

Dated: January 26, 2010.

Patricia L. Toppings,

*OSD Federal Register Liaison Officer,
Department of Defense.*

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE**Office of the Secretary****[Docket No. DoD-2009-OS-0156]****Submission for OMB Review;
Comment request****ACTION:** Notice.

The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by March 8, 2010.

Title and OMB Number: Post-Government Employment Advice Opinion Request; OMB Control Number 0704-TBD.

Type of Request: New.

Number of Respondents: 200.

Responses per Respondent: 1.

Annual Responses: 200.

Average Burden per Response: 1.5 hours.

Annual Burden Hours: 300 hours.

Needs and Uses: The information collection requirement is necessary to obtain minimal information on which to base an opinion about post-Government employment of select former and departing Department of Defense (DoD) employees seeking to work for Defense Contractors within two years after leaving DoD. The departing or former DoD employee uses the form to organize and provide employment-related information to an ethics official who will use the information to render an advisory opinion to the employee requesting the opinion. The National Defense Authorization Act of 2008, Public Law 110-181, section 847, <http://www.dod.mil/dodgc/olc/docs/pl110-181.pdf>, requires that select DoD officials and former DoD officials who, within two years after leaving DoD, expect to receive compensation from a DoD contractor, shall, before accepting such compensation, request a written opinion regarding the applicability of post-employment restrictions to activities that the official or former official may undertake on behalf of a contractor.

Affected Public: Individuals or households; business or other-for-profit; Federal Government.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

Written comments and recommendations on the proposed information collection should be sent to Ms. Seehra at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

You may also submit comments, identified by docket number and title, by the following method:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.
