

the Commercial Trollers Salmon Stamp; stocking of steelhead from the Mad River Hatchery into the Mad River Basin; CDFG's Aquarium in the Classroom program; stocking actions to support scientific research; and stocking done under an existing private stocking permit or to be completed under a new permit with terms similar to one that was issued in the last 4 years. The Fishing in the City and Classroom Aquarium Education Programs will continue under uniform protocols developed to ensure that stocking locations are properly screened to protect native, sensitive, and legally protected species.

#### *Continuation of Existing Program Alternative*

The Continuation of Existing Program Alternative (equivalent to the CEQA No Project Alternative) is continuation of SFRA funding for the existing Fish Hatchery and Stocking Program. The hatcheries' operation and stocking activities undertaken by CDFG over the past 5 years would continue unchanged (some activities may be inconsistent with the court-ordered prohibitions and exceptions), and the SFRA funding process for these activities will continue as it has over the same period.

#### *No Action Alternative*

Under the No Action Alternative, FWS would not approve SFRA grant funds to be used by CDFG to support actions associated with operations of the CDFG Fish Hatchery and Stocking Program. Because of State statutory and public trust requirements related to the hatchery program, CDFG would attempt to continue to implement its State hatchery program, seeking other funding sources to replace the Federal funds.

### **Notice of Lodging of Consent Decree Under the Clean Air Act**

Under 28 CFR 50.7, notice is hereby given that on Thursday, January 21, 2010, a proposed Consent Decree in *United States, et al. v. Lafarge North America, Inc., et al.*, Civil Action No. 10–CV–00044, was lodged with the United States District Court for the Southern District of Illinois.

In a complaint that was filed simultaneously with the Consent Decree, the United States seeks injunctive relief and penalties against Lafarge North America, Inc., Lafarge Midwest, Inc. and Lafarge Building Materials, Inc. (collectively “Lafarge Companies”), pursuant to Sections 113(b) and 167 of the Clean Air Act (“the Act”), 42 U.S.C. 7413(b) and 7477,

for alleged environmental violations of the Prevention of Significant Deterioration ("PSD") provisions of the Act, 42 U.S.C. 7470-7492; the nonattainment New Source Review ("nonattainment NSR") provisions of the Act, 42 U.S.C. 7501-7515; and the federally-approved and enforceable state implementation plans, which incorporate and/or implement the above listed federal PSD and/or nonattainment NSR requirements. The Complaint also alleges violations of Title V of the Act, 42 U.S.C. §§ 7661-7661f, and Title V's implementing Federal and State regulations. These violations are alleged to have occurred at one or more of each of the Lafarge Companies' Portland cement plants located in Alpena, Michigan; Ravena, New York; Tulsa, Oklahoma; Fredonia, Kansas; Sugar Creek, Missouri; Buffalo, Iowa; Paulding, Ohio; Gand Chain, Illinois; Seattle, Washington; Whitehall, Pennsylvania; Harleyville, South Carolina; Atlanta, Georgia; and Calera, Alabama.

Under the proposed settlement, the Lafarge Companies will be required to implement pollution control technologies to reduce emissions of nitrogen oxides and sulfur dioxide at designated cement kilns and to meet emission limits which are either set forth in the Consent Decree or will be set later by following procedures specified in the Decree. In addition, the Lafarge Companies must pay a total civil penalty of \$5,075,000. Two-thirds of this penalty (\$3,383,000) will be paid to the United States, and the remaining one-third will be shared among the participating states and agencies as set forth in the Consent Decree.

The States of Alabama, Illinois, Iowa, Kansas, Michigan, Missouri, New York, Ohio and the Commonwealth of Pennsylvania Department of Environmental Protection, the South Carolina Department of Health and Environmental Control, the Washington State Department of Ecology, the Oklahoma Department of Environmental Quality, and the Puget Sound Clean Air Agency have joined in this settlement as signatories to the Consent Decree.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either mailed to [pubcomment-ees.enrd@usdoj.gov](mailto:pubcomment-ees.enrd@usdoj.gov) or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United*

*States, et al. v. Lafarge North America, Inc., et al.*, D.J. Ref. 90-5-2-1-08221.

The Consent Decree may be examined at the Office of the United States Attorney, Nine Executive Drive, Fairview Heights, Illinois 62208-1344 and at U.S. EPA Region 5, 77 West Jackson Blvd., Chicago, Illinois 60604-3590. During the public comment period, the Consent Decree may also be examined on the following Department of Justice Web site, [http://www.usdoj.gov/enrd/Consent\\_Decrees.html](http://www.usdoj.gov/enrd/Consent_Decrees.html). A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood ([tonia.fleetwood@usdoj.gov](mailto:tonia.fleetwood@usdoj.gov)), fax number (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$38.00 (25 cents per page reproduction cost) payable to the U.S. Treasury or, if by e-mail or fax, forward a check in that amount to the Consent Decree Library at the stated address.

### Drug Enforcement Administration

#### Importer of Controlled Substances; Notice of Registration

By Notice dated January 9, 2009, and published in the **Federal Register** on January 21, 2009, (74 FR 3641), Kenco VPI, Division of Kenco Group, Inc., 350 Corporate Place, Chattanooga, Tennessee 37419, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as an importer of Nabilone (7379), a basic class of controlled substance listed in schedule II.

The company plans to import the listed controlled substance for distribution to its customers.

One comment was received concerning this application. The comment states that DEA added Schedule II and the drug code for Nabilone (7379) to Kenco VPI's importer registration without the benefit of the required legal process for modifying the DEA registration. The comment further states that, after Kenco VPI was properly registered as an importer of Nabilone on

November 1, 2006, there was no further mention of Nabilone in any subsequent notices of Kenco VPI's applications or approval of its applications published in the **Federal Register** by DEA until the application published on January 21, 2009. (74 FR 3641) The comment also requested clarification whether Kenco VPI imports Nabilone in finished drug product in dosage form or in bulk active pharmaceutical ingredient (API) form. Finally, the comment inquires if the aggregate national quota for Nabilone established by DEA will be affected by Kenco VPI's application.

DEA's response to the issues raised in the comment are as follows: DEA has already admitted that Kenco VPI's importer registration received Schedule II and the drug code for Nabilone without the benefit of the required legal process. On August 1, 2006, a Notice of Application (71 FR 43526) was published for Kenco VPI in the **Federal Register**. Subsequently, on November 1, 2006, a Notice of Registration (71 FR 64298) was published. These notices addressed DEA's issuance to Kenco VPI's importer registration of Schedule II and the drug code for Nabilone without the benefit of the required legal process. As a result of the publication of these notices, Kenco VPI's importer registration has been legally authorized to import Nabilone, effective: November 1, 2006.

DEA rejects the comment's assertion that, between November 1, 2006 and January 21, 2009, there was no further mention of Nabilone in any subsequent notices of Kenco VPI's applications or approval of its applications published in the **Federal Register** by DEA. This assertion is incorrect. Four notices were published between November 1, 2006 and January 21, 2009 as follows: (71 FR 66974, November 17, 2006), (72 FR 8792, February 27, 2007), (73 FR 14840, March 19, 2008), (73 FR 31510, June 2, 2008). Each of these notices mentions Nabilone.

With regard to the comment's request for clarification of whether Kenco VPI imports Nabilone in finished drug product in dosage form or in bulk active pharmaceutical ingredient (API) form, the company imports finished drug products in dosage form only. Kenco VPI does not import Nabilone in bulk active pharmaceutical ingredient (API) form. Since there are no domestic sources of Nabilone in finished drug product form available within the United States and since the product which Kenco VPI imports has been approved for medical use within the United States by the U.S. Food and Drug Administration, DEA finds no reason to reject Kenco VPI's application.
