[Docket No. EL08–32–000]

Central Minnesota Municipal Power Agency and Midwest Municipal Transmission Group, Inc.; Notice of Filing

February 1, 2010.

Take notice that on January 25, 2010, Central Minnesota Municipal Power Agency and Midwest Municipal Transmission Group, Inc. (CMMPA/MMTG) filed with the Federal Energy Regulatory Commission an amended Petition for a Declaratory Order concerning formula rates and incentives and request for expedited relief and waivers, requesting the Commission's approval of incentive rates for their investments in the CapX2020 Twin Cities to Brookings County (Brookings) transmission line in South Dakota and Minnesota. The requested incentives are (a) 100 percent of their prudently incurred construction work-in-progress (CWIP) in rate base; (b) recovery of 100 percent of their prudently incurred costs of transmission facilities that are cancelled or abandoned for reasons beyond their control; and (c) use of a hypothetical capital structure of 55 percent equity-45 percent debt, and appropriate waivers.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public

[Docket No. PF09–11–001]

TransCanada Alaska Company LLC; Notice of Request for Approval of Plan for Conducting an Open Season

February 1, 2010

Take notice that on January 29, 2010, pursuant to section 157.38 of the Commission's Regulations governing Open Seasons for Alaska Natural Gas Transportation Projects, TransCanada Alaska Company LLC (TC Alaska) filed a Request for Commission Approval of its Plan for Conducting an Open Season. The proposed Open Season is being held to solicit the submission and execution of binding Precedent Agreements for firm natural gas transportation service and optional firm gas treatment service to be provided by TC Alaska's proposed Alaska Pipeline Project, which is more fully described in the filing.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reading Room in Washington, DC. There is an "eSubscription" link on the Commission's Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Please note that the review of TC Alaska's Open Season Plan is being done as part of the pre-filing phase of TC Alaska's Alaska Pipeline Project. Docket No. PF09–11–001 has been reserved for the Open Season Plan and commenters should use the –001 sub-docket for filings regarding the Open

Season Plan. The Commission's Web page for eSubscription allows for subscription only to this specific sub-docket, Docket No. PF09–11–001 or, for those interested in the entire pre-filing process to, "Subscribe to root docket and all existing and new sub-dockets."

TC Canada states that the Alaska Pipeline Project is expected to consist of a FERC-jurisdictional gas treatment plant near Prudhoe Bay, Alaska, which will treat North Slope gas for pipeline transportation, and a FERC-jurisdictional gas transmission pipeline connecting the Point Thomson field in Alaska to the gas treatment plant and, a mainline pipeline from the gas treatment plant to either (1) the Alaska/Canada border for onward delivery to Alberta, Canada; or (2) to Valdez, Alaska for a connection to a third party liquefied natural gas facility.

Pursuant to section 157.38 of the Commission's Regulations, the Commission plans to act on the TC Alaska's Open Season Plan by March 29, 2010. TC Alaska states that if its Open Season Plan is approved by the Commission, its open season will begin on April 30, 2010 and end on July 30, 2010.
