Exchange will not charge a Payment for Order Flow fee for this product.

The Exchange also proposes to waive transaction charges for all Early Adopter Market Makers in BRB in order to further encourage trading in this product. The Exchange believes that the revenue generated from customer, firm proprietary and non-ISE market maker transaction charges and increased order flow would offset the transaction fees that would otherwise be applied to market makers in BRB, thereby allowing the Exchange to recoup those fees while increasing order flow and generating increased revenues.

The Exchange believes the proposed rule change will further the Exchange’s goal of introducing new products to the marketplace that are competitively priced.

Finally, as a housekeeping matter, the Exchange proposes to make a non-substantive clarifying change to its Schedule of Fees. Specifically, the Exchange proposes to insert the words “options on” in certain existing fee line items to clarify that the subject fee is applicable to options transactions.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act, in general, and furthers the objectives of Section 6(b)(4), in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The Exchange believes that the incentive plan will generate additional order flow to the Exchange by creating incentives to trade options on BRB as well as to defray operational costs for Early Adopter Market Makers.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act 14 and Rule 19b–4(f)(2) 15 thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
