Anchorage, Alaska 99513-7504.

FOR FURTHER INFORMATION CONTACT:
Ramona Chinn, BLM Alaska State
Office, 907-271-3806 or at the address
listed above.

SUPPLEMENTARY INFORMATION: The
withdrawal created by PLO No. 6892 (56
FR 52210 (1991)), will expire on
October 17, 2011, unless extended. The
USDA Forest Service has filed an
application to extend the withdrawal for
an additional 20-year period to protect
the recreational values of the Sixmile
Creek Recreation Area.

This withdrawal comprises
approximately 473 acres of National
Forest System land located in the
Chugach National Forest, within Tps. 7
and 8 N., R. 1 E., and Tps. 8 and 9 N.,
R. 1 W., Seward Meridian, Alaska, as
described in PLO No. 6892.

A complete description, along with all
other records pertaining to the extension
application, can be examined in the
BLM Alaska State Office at the address
listed above.

As extended, the withdrawal would
not alter the applicability of those
public land laws governing the use of
land under lease, license, or permit or
governing the disposal of the mineral or
vegetative resources other than under
the mining laws.

The use of a right-of-way or
interagency or cooperative agreement
would not adequately protect the
recreational values of the Sixmile Creek
Recreation Area.

There are no suitable alternative sites
available that could be substituted for
the above described National Forest
system land, since the Sixmile Creek
Recreation Area is unique.

No water rights would be needed to
fulfill the purpose of the requested
withdrawal extension.

For a period of 90 days from the date
of publication of this notice, all persons
who wish to submit comments,
suggestions, or objections in connection
with the proposed withdrawal extension
may present their views in writing to
the BLM Alaska State Director at the
address listed above. Before including
your address, phone number, e-mail
address, or other personal identifying
information in your comment, you
should be aware that your entire
comment—including your personal
identifying information—may be made
publicly available at any time. While
you can ask us in your comment to
withhold your personal identifying
information from public review, we
cannot guarantee that we will be able
to do so. Individual respondents may
request confidentiality. If you wish to

withhold your name or address from
public review or from disclosure under
the Freedom of Information Act, you
must state this prominently at the
beginning of your comments. Such
requests will be honored to the extent
allowed by law. All submissions from
organizations or businesses, and from
individuals identifying themselves as
representatives or officials of
organizations or businesses, will be
made available for public inspection in
their entirety.

Notice is hereby given that an
opportunity for a public meeting is
afforded in connection with the
proposed withdrawal extension. All
interested parties who desire a public
meeting for the purpose of being heard
on the proposed withdrawal must
submit a written request to the BLM
Alaska State Director to the address
listed above within 90 days from the
date of publication of this notice. Upon
determination by the authorized officer
that a public meeting will be held, a
notice of the time and place will be
published in the **Federal Register** at
least 30 days before the scheduled date
of the meeting.

The withdrawal extension proposal
will be processed in accordance with
the regulations set forth in 43 CFR
2310.4 and subject to Section 810 of the
Alaska National Interest Lands
Conservation Act, 16 U.S.C. 3120.

Authority: 43 CFR 2310.3-1(b).

Sec. 26, lot 4.

The area described contains 4.82 acres in
Piute County.

In accordance with 43 CFR 2711.3-

\$55,000. Ms. Roth will be allowed 30
days from receipt of a written offer to
submit either the full payment or at

void the direct sale and any monies

and conditions will be included in the
patent that may be issued for the above
described parcel of land:

1. A reservation to the United States
for a right-of-way for ditches and canals
constructed by the authority of the
United States, Act of August 30, 1890
(43 U.S.C. 945).

2. A reservation to the United States for all minerals in the land in accordance with Section 209 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1719).

4. The patent will include a notice and indemnification statement under the Comprehensive Environmental Response Compensation and Liability Act. The parcel is subject to the requirements of Section 120(h) (42 U.S.C. Section 9620) holding the United States harmless from any release of hazardous materials that may have occurred as a result of the unauthorized use of the property by other parties. No warranty of any kind, express or implied, is given by the United States as to the title, physical condition or potential uses of the parcel of land proposed for sale.

5. Subject to such rights as Marysvale Town or its successors in interest may have for culinary water system storage tank, pipeline and access road purposes pursuant to right-of-way UTU-83158, including the right to increase the term of the right-of-way to a perpetual term in accordance with 43 CFR 2807.15.

6. Subject to such rights as Bullion Creek Irrigation or its successors in interest may have for roadway, pipeline and ditch purposes pursuant to right-of-way UTU-80707.

7. All valid existing rights.

Detailed information concerning the sale, including the appraisal, planning and environmental documents, and mineral report is available for review at the BLM Richfield Field Office at the address noted above.

On February 10, 2010, the above described land will be segregated from all forms of appropriation under the public land laws, including location and entry under the United States mining laws, except the sale provisions of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1713). The BLM is no longer accepting land use applications affecting the identified public land. The effect of segregation will terminate upon: (1) Issuance of a patent; (2) publication in the **Federal Register** of a termination of the segregation; or (3) on February 10, 2012, unless extended by the BLM State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination

date. Audrey Roth will be allowed 30 days from receipt of a written offer to submit either full payment or at least 20 percent of the appraised value of the parcel and within 180 days, thereafter, submit the balance. If the balance of the purchase price is not received within the 180 days, the deposit will be forfeited to the United States and the parcel withdrawn from sale.

Public Comments: Comments must be received by the Associate Field Manager, BLM Richfield Field Office, at the address noted above, on or before March 29, 2010. Only written comments will be accepted. Before including your address, phone number, e-mail address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Any adverse comments received will be reviewed by the BLM Utah State Director, who may sustain, vacate, or modify this realty action. In the absence of any objections, or adverse comments, this proposed realty action will become the final determination of the Department of the Interior.
