Title: Agricultural Foreign Investment Disclosure Act Report.

OMB Control Number: 0560-0097.

Summary of Collection: The Agricultural Foreign Investment Disclosure Act of 1978 (AFIDA) requires foreign investors to report in a timely manner all held, acquired, or transferred U.S. agricultural land to the U.S. Department of Agriculture (USDA). Congress reviews the report and decides if regulatory action is necessary to limit the amount of foreign investment in U.S. agricultural land. If this information was not collected, USDA could not effectively monitor foreign investment and the impact of such holdings upon family farms and rural communities.

Office of the Secretary

The U.S. Department of Agriculture (USDA) Proposes to Revise Three of Its Privacy Act Systems of Records

AGENCY: Office of the Secretary, USDA.

ACTION: The U.S. Department of Agriculture (USDA) proposes to revise three of its Privacy Act systems of records.

DATES: *Effective Date:* This notice will be adopted without further publication in the **Federal Register** on April 12, 2010 unless modified by a subsequent notice to incorporate comments received from the public. While the Privacy Act requires an agency to solicit comments only on the routine uses of a system, USDA invites comments on all portions of this notice. Comments must be received by the contact person listed below on or before March 12, 2010.

FOR FURTHER INFORMATION CONTACT: Jerry A. Chenault, Program Manager, Associate Chief Financial Officer for Financial Systems, 1400 Independence Avenue, SW., Room 3021A South Building, Washington, DC, 20250; telephone (202) 720-5957; electronic mail jerry.chenault@usda.gov.

SUPPLEMENTARY INFORMATION: Currently, there are three separate System of Records Notices for the systems that encompass the Office of the Chief Financial Officer (OCFO) Financial Management Suite. The Financial Management Suite allows OCFO to process financial transactions electronically.

This new System of Records Notice consolidates and replaces the information contained in the three existing System of Records Notices. This notice also updates the information collected and lists routine uses required by OCFO to execute its function.

The systems affected by this Corporate Financial Management Systems suite are: USDA/OCFO-3, Billings and Collections Systems; USDA/OFM-4, Travel and Transportation System; and USDA/OFM-7, SF-1099 Reporting System. The purpose of the proposed revision is to replace the three named systems.

The OCFO restructured its Privacy Act system notices in order to address information contained in the systems more logically from a functional

perspective. The Financial Systems, which will encompass all of the current electronic applications that OCFO uses, would be represented in a single System of Records Notice.

Financial Systems consist of the electronic information technology systems that contain information concerning individuals and businesses that receive payments for providing goods and services to USDA. This proposed notice covers: (1) Individuals who have funds advanced to them for USDA official travel use, approving officials, and individuals who perform official USDA travel and are reimbursed with Government funds; (2) Individuals who receive payments in the form of rents, royalties, prizes, or awards; (3) Individuals who receive payments for non-personal service contracts, commissions, or compensation for services, which are subject to Form 1099 reporting requirements are included in the suite of systems; (4) USDA employees who have been issued a Government purchase card, Government fleet card or a Government travel card; and (5) Employee information necessary to record employee salary disbursements in the financial system that is essential for Internal Revenue Service income tax reporting. The employee records are also used to pay employees for travel reimbursement and any other miscellaneous payments due to the employee.

USDA determined that a consolidation of the multiple financial systems is the most efficient, logical, taxpayer-friendly, and user-friendly method of complying with the publication requirements of the Privacy Act. The subject records reflect a common purpose, common functions, and common user community. USDA hereby deletes the following systems of records: USDA/OCFO—3, Billings and Collections Systems; USDA/OFM—4, Travel and Transportation System; and USDA/OFM—7, Form 1099 Reporting System. A report on the new system of records, required by 5 U.S.C. 552a (r) as implemented by the Office of Management and Budget (OMB) Circular A-130, Management of Federal Information Resources was sent to the Chairman, Committee on Homeland Security and Governmental Affairs, United States Senate; the Chairman, Committee on Government Reform and Oversight, U.S. House of Representatives; and the Administrator, Office of Information and Regulatory Affairs, OMB.

Dated: February 3, 2010.

Thomas J. Vilsack,
Secretary.
