

**§ 39.13 [Amended]**

2. The FAA amends § 39.13 by adding the following new AD:

**The Boeing Company:** Docket No. FAA–2010–0035; Directorate Identifier 2009–NM–066–AD.

**Comments Due Date**

(a) We must receive comments by March 29, 2010.

**Affected ADs**

(b) None.

**Applicability**

(c) This AD applies to The Boeing Company Model 747–400, 747–400D, and 747–400F series airplanes, certificated in any category; as identified in the service bulletins listed in paragraphs (c)(1) and (c)(2) of this AD.

(1) Boeing Service Bulletin 747–28A2266, Revision 1, dated December 10, 2009.

(2) Boeing Alert Service Bulletin 747–28A2267, dated December 18, 2008.

**Subject**

(d) Air Transport Association (ATA) of America Code 28: Fuel.

**Unsafe Condition**

(e) This AD results from fuel system reviews conducted by the manufacturer. The Federal Aviation Administration is issuing this AD to prevent an electrical hot short from a source outside the Fuel Quantity Indicating System (FQIS) to the densitometer wiring from causing failure of the FQIS densitometer resistors, which could result in an ignition source inside the center or horizontal stabilizer fuel tanks. An ignition source, in combination with flammable fuel vapors, could result in a fuel tank explosion and consequent loss of the airplane.

**Compliance**

(f) You are responsible for having the actions required by this AD performed within the compliance times specified, unless the actions have already been done.

**Installation of Hot Short Protector**

(g) Within 60 months after the effective date of this AD: Do the applicable installations of the hot short protector (HSP) specified in paragraphs (g)(1) and (g)(2) of this AD.

*Note 1:* Boeing Service Bulletin 747–28A2266, Revision 1, dated December 10, 2009; and Boeing Alert Service Bulletin 747–28A2267, dated December 18, 2008; refer to Cinch Service Bulletin CN1036–28–01, Revision C, dated January 18, 2007, as an additional source of guidance for installing the HSP in the fuel tanks.

(1) For all airplanes: Install the HSP in the center wing tank, in accordance with the Accomplishment Instructions of Boeing Service Bulletin 747–28A2266, Revision 1, dated December 10, 2009.

(2) For airplanes identified in Boeing Alert Service Bulletin 747–28A2267, dated December 18, 2008: Install the HSP in the horizontal stabilizer tank, in accordance with the Accomplishment Instructions of Boeing

Alert Service Bulletin 747–28A2267, dated December 18, 2008.

**Credit for Installation Previously Accomplished in Accordance With Previous Issue of Service Bulletin**

(h) Actions accomplished before the effective date of this AD according to Boeing Alert Service Bulletin 747–28A2266, dated December 18, 2008, are considered acceptable for compliance with the corresponding action specified in this AD.

**Alternative Methods of Compliance (AMOCs)**

(i)(1) The Manager, Seattle Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Send information to *Attn:* Georgios Roussos, Aerospace Engineer, Systems and Equipment Branch, ANM–130S, FAA, Seattle Aircraft Certification Office, 1601 Lind Avenue SW., Renton, Washington 98057–3356; telephone (425) 917–6482; fax (425) 917–6590. Or, e-mail information to *9-ANM-Seattle-ACO-AMOC-Requests@faa.gov*.

(2) To request a different method of compliance or a different compliance time for this AD, follow the procedures in 14 CFR 39.19. Before using any approved AMOC on any airplane to which the AMOC applies, notify your principal maintenance inspector (PMI) or principal avionics inspector (PAI), as appropriate, or lacking a principal inspector, your local Flight Standards District Office. The AMOC approval letter must specifically reference this AD.

Issued in Renton, Washington, on February 4, 2010.

**Stephen P. Boyd,**

*Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.*

[FR Doc. 2010–2992 Filed 2–10–10; 8:45 am]

**BILLING CODE 4910–13–P**

**ENVIRONMENTAL PROTECTION AGENCY****40 CFR Parts 51 and 52**

**[EPA–HQ–OAR–2004–0014: FRL–9113–1]**

**RIN 2060–AP73**

**Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NSR): Reconsideration of Inclusion of Fugitive Emissions; Proposal for Additional Stay**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to put in place an additional 18-month stay to the existing stay of the inclusion of fugitive emissions requirements in the federal Prevention of Significant Deterioration (PSD) program published in the **Federal Register** on December 19, 2008, in the final rule entitled,

“Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NSR): Reconsideration of Fugitive Emissions” (“Fugitive Emissions Rule”). The Fugitive Emissions Rule under the federal PSD program requires that fugitive emissions be included in determining whether a physical or operation change results in a major modification only for sources in industries that have been designated through rulemaking under section 302(j) of the Clean Air Act (Act or CAA).

The existing stay is in effect for three months; that is, from December 31, 2009, until March 31, 2010. This action proposes to put in place an additional stay for 18 months, which we believe will allow for sufficient time for EPA to propose, take public comment on, and issue a final action concerning the inclusion of fugitive emissions in the Federal PSD program.

**DATES:** Comments must be received on or before March 15, 2010.

**Public Hearing.** If anyone contacts EPA requesting the opportunity to speak at a public hearing concerning the proposed regulation by February 22, 2010, we will hold a public hearing on February 26, 2010. If a hearing is held, the record for the hearing will remain open until March 29, 2010.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2004–0014, by one of the following methods:

- *http://www.regulations.gov.* Follow the online instructions for submitting comments.
- *E-mail: a-and-r-docket@epa.gov.*
- *Fax: (202) 566–1741.*
- *Mail:* Air and Radiation Docket, Environmental Protection Agency, Mail code 6102T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

- *Hand Delivery:* EPA Docket Center, Public Reading Room, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC 20460. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

**Instructions:** Direct your comments to the applicable docket. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at *http://www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through *http://*

[www.regulations.gov](http://www.regulations.gov) or e-mail. The <http://www.regulations.gov> Web Site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

**Public Hearing.** If a public hearing is held, it will be held at the U.S. Environmental Protection Agency, 1200

Pennsylvania Avenue, Washington, DC 20004.

**Docket:** All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the EPA Docket Center, Public Reading Room, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, 20460. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1742, and the telephone number for the Air Docket is (202) 566-1744.

**FOR FURTHER INFORMATION CONTACT:** Ms. Carrie Wheeler, Air Quality Policy

Division, (C504-03), U.S. Environmental Protection Agency, Research Triangle Park, NC, 27711; telephone number (919) 541-9771; fax number (919) 541-5509; or e-mail address: [wheeler.carrie@epa.gov](mailto:wheeler.carrie@epa.gov).

To request a public hearing or information pertaining to a public hearing on this document, contact Ms. Pamela Long, Air Quality Policy Division, Office of Air Quality Planning and Standards (C504-03), Environmental Protection Agency, Research Triangle Park, North Carolina 27711; telephone number (919) 541-0641; fax number (919) 541-5509; e-mail address: [long.pam@epa.gov](mailto:long.pam@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this action apply to me?*

Entities potentially affected by this action include sources in all industry groups. The majority of sources potentially affected are expected to be in the following groups.

Industry group	SIC <sup>a</sup>	NAICS <sup>b</sup>
Electric Services .....	491 .....	221111, 221112, 221113, 221119, 221121, 221122.
Petroleum Refining .....	291 .....	324110.
Industrial Inorganic Chemicals .....	281 .....	325181, 325120, 325131, 325182, 211112, 325998, 331311, 325188.
Industrial Organic Chemicals .....	286 .....	325110, 325132, 325192, 325188, 325193, 325120, 325199.
Miscellaneous Chemical Products .....	289 .....	325520, 325920, 325910, 325182, 325510.
Natural Gas Liquids .....	132 .....	211112.

Agriculture, Fishing and Hunting .....	111, 112, 113, 115 .....	11.

<sup>a</sup> Standard Industrial Classification

<sup>b</sup> North American Industry Classification System.

Entities potentially affected by the subject rule for this proposed action also include state, local, and tribal governments.

**B. What should I consider as I prepare my comments for EPA?**

**1. Submitting CBI.** Do not submit information containing CBI to EPA through <http://www.regulations.gov> or e-mail. Send or deliver information identified as CBI only to the following address: Mr. Roberto Morales, OAQPS Document Control Officer (C404-02), U.S. EPA, Office of Air Quality Planning and Standards, Research Triangle Park, North Carolina 27711, Attention: Docket ID EPA-HQ-OAR-2004-0014. Clearly

mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

**2. Tips for preparing your comments.** When submitting your comments, remember to:

- Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- Follow directions—The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- Explain why you agree or disagree, suggest alternatives, and substitute language for your requested changes.
- If you estimate potential costs or burdens, explain how you arrived at

your estimate in sufficient detail to allow for it to be reproduced.

- Provide specific examples to illustrate your concerns, and suggest alternatives.
- Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- Make sure to submit your comments by the comment period deadline identified.

*C. Where can I get a copy of this document and other related information?*

In addition to being available in the docket, an electronic copy of this proposed rule will also be available on the World Wide Web. Following signature by the EPA Administrator, a copy of this final rule will be posted in the regulations and standards section of our NSR home page located at <http://www.epa.gov/nsr>.

*D. How can I find information about a possible public hearing?*

To request a public hearing or information pertaining to a public hearing on this document, contact Ms. Pamela Long, Air Quality Policy Division, Office of Air Quality Planning and Standards (C504-03), Environmental Protection Agency, Research Triangle Park, North Carolina 27711; telephone number (919) 541-0641; fax number (919) 541-5509; e-mail address: [long.pam@epa.gov](mailto:long.pam@epa.gov).

*E. How is this preamble organized?*

K. Determination Under Section 307(d)  
IV. Statutory Authority

**II. This Action**

On December 19, 2008, the EPA (“we”) issued a final rule revising our requirements of the major NSR programs regarding the treatment of fugitive emissions (“Fugitive Emissions Rule”). 73 FR 77882. The final rule required fugitive emissions to be included in determining whether a physical or operational change results in a major modification only for sources in industries that have been designated through rulemaking under section 302(j) of the Act. The final rule amended all portions of the major NSR program regulations: Permit requirements, the PSD program, and the emission offset interpretive ruling.

On February 17, 2009, the Natural Resources Defense Council (NRDC) submitted a petition for reconsideration of the December 2008 final rule as provided for in CAA 307(d)(7)(B).<sup>1</sup>

On April 24, 2009, we responded to the February 17, 2009, petition by letter indicating that we were convening a reconsideration proceeding for the inclusion of fugitive emissions challenged in the petition and granting a 3-month administrative stay of the rule contained in the federal PSD program at 40 CFR parts 51 and 52. The letter also indicated that we would publish a notice of proposed rulemaking “in the near future” to address the specific issues for which we are granting reconsideration.<sup>2</sup>

The administrative stay of the Fugitive Emissions Rule became effective on September 30, 2009. See 74 FR 50115, FR Doc. E9-23503. As noted above, our authority under section 307(d)(7)(B) to stay a rule or portion thereof solely under the Administrator’s discretion is limited to 3 months. When we have issued similar administrative stays in the past, it has often been our practice to also propose an additional stay through a rulemaking process to ensure that there is no gap between the end of the stay and the completion of the final action. An interim final determination was made to provide an additional stay for 3 months. This additional stay became effective on December 31, 2009. See 74 FR 65692. In this case, we believe that an additional stay for 18 months would provide adequate time for EPA to propose, take comment on, and issue a final action on issues that are associated with the inclusion of fugitive emissions

provisions. Therefore, we propose to put in place an additional stay of the fugitive emissions provisions contained in the Federal PSD program at 40 CFR parts 51 and 52 indefinitely. As alternatives, we also solicit comment on different time periods for the extension of the stay: (1) for 12 months, until February 11, 2011; or (2) for 24 months, until February 11, 2012.

Note that we are not taking comment at this time on any substantive issues concerning any of the provisions subject to the reconsideration. This notice simply proposes to put in place an additional stay, so comments should be limited to the issue of whether and how long to add to the existing administrative stay. A separate **Federal Register** notice published in the near future will specifically solicit comment on issues related to the reconsideration of the inclusion of fugitive emissions contained in the December 2008 final rule for which the Administrator granted reconsideration.

**III. Statutory and Executive Order Reviews**

*A. Executive Order 12866: Regulatory Planning and Review*

Under Executive Order (EO) 12866 (58 FR 51735, October 4, 1993), this action is a “significant regulatory action” because it raises novel legal or policy issues. Accordingly, EPA submitted this action to the Office of Management and Budget (OMB) for review under EO 12866 and any changes made in response to OMB recommendations have been documented in the docket for this action.

*B. Paperwork Reduction Act*

This action does not impose an information collection burden under the provisions of the *Paperwork Reduction Act*, 44 U.S.C. 3501 *et seq.* Burden is defined at 5 CFR 1320.3(b). This action only proposes to put in place an additional stay for 18 months.

However, the Office of Management and Budget has previously approved the information collection requirements contained in the existing regulations under the provisions of the *Paperwork Reduction Act*, 44 U.S.C. 3501 *et seq.*, and has assigned OMB control number 2060-0003. The OMB control numbers for EPA’s regulations in 40 CFR are listed in 40 CFR part 9.

*C. Regulatory Flexibility Act*

The Regulatory Flexibility Act (RFA) generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements under the

<sup>1</sup> John Walke, NRDC, EPA-HQ-OAR-2004-0014-0060.

<sup>2</sup> Lisa Jackson, US EPA, EPA-HQ-OAR-2004-0014-0062.

Administrative Procedure Act or any other statute unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small organizations, and small governmental jurisdictions.

For purposes of assessing the impacts of this rule on small entities, small entity is defined as: (1) A small business as defined by the Small Business Administration's (SBA) regulations at 13 CFR 121.201; (2) a small governmental jurisdiction that is a government of a city, county, town, school district or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of this proposed rule on small entities, I certify that this action will not have a significant economic impact on a substantial number of small entities. This proposed rule will not impose any new requirements on small entities. We have determined that small businesses will not incur any adverse impacts because EPA is taking this action to propose an additional stay to the regulations at 40 CFR parts 51 and 52 concerning the inclusion of fugitive emissions. No costs are associated with this amendment.

We continue to be interested in the potential impacts of the proposed rule on small entities and welcome comments on issues related to such impacts.

#### *D. Unfunded Mandates Reform Act*

This action does not contain a federal mandate under the provisions of Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), 2 U.S.C. 1531–1538 for State, local, and tribal governments, in the aggregate, or the private sector in any one year. This action only proposes to put in place an additional stay of the regulations at 40 CFR parts 51 and 52 concerning the inclusion of fugitive emissions. Thus, this rule is not subject to the requirements of sections 202 or 205 of the Unfunded Mandates Reform Act (UMRA).

This proposed rule is also not subject to the requirements of section 203 of UMRA because it contains no regulatory requirements that might significantly or uniquely affect small governments.

#### *E. Executive Order 13132: Federalism*

This action does not have federalism implications. It will not have substantial direct effects on the States, on the relationship between the national

government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in EO 13132. This action only proposes to put in place an additional stay of the regulations at 40 CFR parts 51 and 52 concerning the inclusion of fugitive emissions. Thus, EO 13132 does not apply to this rule.

In the spirit of EO 13132, and consistent with EPA policy to promote communications between EPA and state and local governments, EPA specifically solicits comment on this proposed rule from state and local officials.

#### *F. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments*

This action does not have tribal implications, as specified in EO 13175 (65 FR 67249, November 9, 2000). This action will not impose any new obligations or enforceable duties on tribal governments. Thus, EO 13175 does not apply to this action.

EPA specifically solicits additional comment on this proposed action from tribal officials.

#### *G. Executive Order 13045: Protection of Children From Environmental Health and Safety Risks*

EPA interprets EO 13045 (62 FR 19885, April 23, 1997) as applying only to those regulatory actions that concern health or safety risks, such that the analysis required under section 5–501 of the EO has the potential to influence the regulation. This action is not subject to EO 13045 because this proposal only proposes to put in place an additional stay of the regulations at 40 CFR parts 51 and 52 concerning the inclusion of fugitive emissions. However, EPA solicits comments on whether the proposal would result in an adverse environmental effect that would have a disproportionate effect on children.

#### *H. Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use*

This action is not a “significant energy action” as defined in EO 13211 (66 FR 28355 (May 22, 2001)), because it is not likely to have a significant adverse effect on the supply, distribution, or use of energy. This proposal only proposes to put in place an additional stay of the regulations at 40 CFR parts 51 and 52 concerning the inclusion of fugitive emissions.

#### *I. National Technology Transfer and Advancement Act*

Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (“NTTAA”), Public Law No. 104–113, 12(d) (15 U.S.C. 272 note) directs EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., materials specifications, test methods, sampling procedures, and business practices) that are developed or adopted by voluntary consensus standards bodies. NTTAA directs EPA to provide Congress, through OMB, explanations when the Agency decides not to use available and applicable voluntary consensus standards.

This proposed rulemaking does not involve technical standards. Therefore, EPA is not considering the use of any voluntary consensus standards.

#### *J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations*

Executive Order 12898 (59 FR 7629 (Feb. 16, 1994)) establishes Federal executive policy on environmental justice. Its main provision directs Federal agencies, to the greatest extent practicable and permitted by law, to make environmental justice part of their mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of their programs, policies, and activities on minority populations and low-income populations in the United States.

EPA has determined that this proposed rule will not have disproportionately high and adverse human health or environmental effects on minority or low income populations because it only seeks to put in place an additional stay of the regulations at 40 CFR parts 51 and 52 concerning the inclusion of fugitive emissions.

#### *K. Determination Under Section 307(d)*

Pursuant to sections 307(d)(1)(J) and 307(d)(1)(V) of the CAA, the Administrator determines that this action is subject to the provisions of section 307(d). Section 307(d)(1)(V) provides that the provisions of section 307(d) apply to “such other actions as the Administrator may determine.”

#### **IV. Statutory Authority**

The statutory authority for this action is provided by section 301(a) of the CAA as amended (42 U.S.C. 7601(a)). This

notice is also subject to section 307(d) of the CAA (42 U.S.C. 7407(d)).

#### List of Subjects

##### 40 CFR Part 51

Administrative practices and procedures, Air pollution control, Carbon monoxide, Fugitive emissions, Intergovernmental relation, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Transportation, Volatile organic compounds.

##### 40 CFR Part 52

Administrative practices and procedures, Air pollution control, Carbon monoxide, Fugitive emissions, Intergovernmental relation, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Transportation, Volatile organic compounds.

#### ENVIRONMENTAL PROTECTION AGENCY

##### 40 CFR Part 52

[EPA-R06-OAR-2006-0569; FRL-9112-2]

#### Approval of Air Quality Implementation Plans; New Mexico; Albuquerque/Bernalillo County

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing revisions to the State Implementation Plan submitted by the Governor of New Mexico on May 24, 2006. The revisions address Title 20 of the New Mexico Administrative Code, Chapter 11, Part 102 (denoted 20.11.102 NMAC), which apply to oxygenated fuels in the Albuquerque/Bernalillo County area. The revisions include editorial and substantive changes that clarify the requirements under 20.11.102 NMAC. We are proposing to approve these revisions in accordance with the requirements of section 110 of the Clean Air Act.

**DATES:** Written comments must be received on or before *March 15, 2010*.

**ADDRESSES:** Comments may be mailed to Mr. Guy Donaldson, Chief, Air Planning Section (6PD-L), Environmental Protection Agency, 1445 Ross Avenue,

Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

#### FOR FURTHER INFORMATION CONTACT:

Carrie Paige, Air Planning Section (6PD-L), Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733, telephone (214) 665-6521; fax number 214-665-7263; e-mail address [paige.carrie@epa.gov](mailto:paige.carrie@epa.gov).

**SUPPLEMENTARY INFORMATION:** In the final rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule, which is located in the rules section of this **Federal Register**.

RIN 2060-AP75

#### Implementation of the New Source Review (NSR) Program for Particulate Matter Less Than 2.5 Micrometers (PM<sub>2.5</sub>); Notice of Proposed Rulemaking To Repeal Grandfathering Provision and End the PM<sub>10</sub> Surrogate Policy

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** In this action, in response to a petition for reconsideration, EPA is proposing two actions that would end EPA's 1997 policy that allows sources and permitting authorities to use a demonstration of compliance with the prevention of significant deterioration (PSD) requirements for particulate matter less than 10 micrometers (PM<sub>10</sub>) as a surrogate for meeting the PSD requirements for particulate matter less than 2.5 micrometers (PM<sub>2.5</sub>). First, in accordance with the Administrator's commitment to the petitioners in a letter dated April 24, 2009, the EPA is proposing to repeal the "grandfathering" provision for PM<sub>2.5</sub> contained in the Federal PSD program. Second, EPA is proposing to end early the PM<sub>10</sub> Surrogate Policy applicable in States that have an approved PSD program in their State Implementation Plan ("SIP-approved States").

**DATES:** *Comments.* Comments must be received on or before March 15, 2010.

*Public Hearing.* If anyone contacts EPA requesting the opportunity to speak at a public hearing concerning the proposed regulation by February 22, 2010, EPA will hold a public hearing on February 26, 2010. If a hearing is held, the record for the hearing will remain open until March 29, 2010.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2003-0062, by one of the following methods:

- *http://www.regulations.gov.* Follow the online instructions for submitting comments.
- *E-mail:* [a-and-r-docket@epa.gov](mailto:a-and-r-docket@epa.gov).
- *Mail:* Air and Radiation Docket, Environmental Protection Agency, Mail code 6102T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. Please include a total of two copies.
- *Hand Delivery:* EPA Docket Center, Public Reading Room, EPA West, Room 3334, 1301 Constitution Ave., NW.,
