

Bundle	Number of slots
Bundle D slot interests: 0700D (1), 1000A (1), 1100D (1), 1300A (1), 1400D (1), 1800A (1), 1900D (1), and 2100A (1)	

Operating authorizations at LGA are designated as arrivals (A) or departures (D), and defined on the half hour at LGA (e.g., 0700 to 0729; 0730 to 0759), but information on the transaction provided by Delta was specific only to hourly increments.

The bundles are structured so as to permit eligible carriers to enter or add frequencies in markets with sufficient operations to effectively compete. We do not propose to require the purchasers of the slot interests to operate in specific markets or types of markets, as this would deprive the acquiring carriers of the flexibility to deploy their assets based on prevailing market conditions. However, we would propose to prohibit purchasers from alienating slot interests acquired pursuant to this proceeding to any carriers who are not eligible under the terms of our final action in this proceeding.

The agency has placed a copy of the waiver request and the January 29, 2010 letter from Delta's senior vice president and general counsel in the docket along with other public correspondence on this matter. The FAA invites all interested members of the public to comment on the waiver request, the proposed grant of the waiver, the proposed conditions to the waiver, and the proposed divestiture remedies. We also seek comment on alternative divestiture remedies to ensure value to the selling carriers and expedited sale so that the traveling public may realize the benefits of the competition to be produced by the new entrant/limited incumbent carriers.

Issued in Washington, DC, on February 9th, 2010.
