SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.  
February 5, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on January 29, 2010, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. BATS has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b–4(f)(2) thereunder,⁴ which renders the statutory basis for, the Proposed Rule Change

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify its fee schedule applicable to use of the Exchange effective February 1, 2010, in order to (i) implement a fee of 0.10% of the total dollar value for trades that remove liquidity in securities priced below $1.00; (ii) increase the fee charged by the Exchange for its “CYCLE” and “RECYCLE” routing strategies from $0.0026 per share to $0.0027 per share; and (iii) amend the fees for certain destination specific routing options to continue to offer a “one under” pricing model.

(i) Charge for Removing Liquidity in Securities Priced Below $1.00

The Exchange has not previously charged Members for transactions that remove liquidity from or add liquidity to the Exchange’s book in securities priced below $1.00. The Exchange proposes to begin charging 0.10% of the total dollar value of the execution for any security (all Tapes) priced under $1.00 that removes liquidity from the Exchange’s book. The Exchange is not proposing to provide a liquidity rebate in such securities at this time. The Exchange believes that a nominal fee is warranted for securities priced below $1.00 for various reasons, including that such transactions inevitably contribute to the overall infrastructure costs incurred by the Exchange.

(ii) Increase in Routing Fees for “CYCLE” and “RECYCLE” Routing

Based on increased fees at various market centers to remove liquidity, the Exchange proposes to modify the fee charged by the Exchange for its “CYCLE” and “RECYCLE” routing strategies from $0.0026 per share to $0.0027 per share. To be consistent with this change, the Exchange proposes to
charge 0.27%, rather than 0.26%, of the total dollar value of the execution for any security (all Tapes) priced under $1.00 per share that is routed away from the Exchange through CYCLE or RECYCLE.

(iii) One Under Pricing for Destination Specific Orders

The Exchange has previously provided a discounted price fee for Destination Specific Orders routed to certain of the largest market centers measured by volume (NYSE, NYSE Arca and NASDAQ), which, in each instance has been $0.0001 less per share for orders routed to such market centers by the Exchange than such market centers currently charge for removing liquidity (referred to by the Exchange as “One Under” pricing). Based on changes in pricing at such market centers, BATS is proposing various changes to its prices for Destination Specific Orders to align its fees so they are $0.0001 less per share for orders routed to such market centers as of February 1, 2010. Specifically, because NYSE Arca has eliminated the distinction in its fees between Tape A, B, and C securities the Exchange proposes to eliminate that same distinction for BATS + NYSE Arca Destination Specific Orders. Thus, the Exchange proposes to normalize the fee charged for BATS + NYSE Arca Destination Specific Orders executed at NYSE Arca at $0.0027 per share, which fee is a reduction for Tape A and C securities from $0.0029 per share. Also, the Exchange proposes to continue to charge $0.0029 per share for BATS + NASDAQ Destination Specific Orders executed at NASDAQ in Tape A and C securities, but to reduce the fee to $0.0027 per share for BATS + NASDAQ Destination Specific Orders executed at NASDAQ in Tape B securities. Each of the changes described above will result in the Exchange charging $0.0001 less per share for orders routed to certain market centers as Destination Specific Orders.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act. Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that its fees and credits are competitive with those charged by other venues and that the various changes it has proposed to reduce its fees will benefit Members due to the obvious economic savings Members will receive. For those proposed changes that will result in increased fees charged to Members, such as the charge for trades that remove liquidity in securities below $1.00 and the increased fee for CYCLE and RECYCLE routing, the Exchange believes that any additional revenue it receives will allow the Exchange to devote additional capital to its operations, which may, in turn, benefit Members of the Exchange. Finally, the Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to Section 19(b)(3)(A)(iii) of the Act and Rule 19b-4(f)(2) thereunder, because it establishes or changes a due fee or other charge imposed on members by the Exchange. Accordingly, the proposal is effective upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Background

In a recent legal action, American Council of the Blind, et al. v. Michael Astrue and Social Security Administration (No. C 05–04696 WHA (N.D. Cal.)), class plaintiffs representing blind or visually impaired Social Security applicants, beneficiaries, recipients, and representative payees challenged the adequacy of the modes of communication used by SSA in its notices and other communications.

Prior to the district court’s order of October 20, 2009, in American Council of the Blind, SSA had offered three modes of communications for blind and visually impaired Social Security beneficiaries: (1) A standard print notice by first-class mail; (2) a standard print mail with a follow-up telephone call; and (3) certified mail. In American Council of the Blind, the district court required SSA to begin offering two new modes of communication to blind or visually impaired applicants, beneficiaries, recipients, and representative payees: Braille and Microsoft Word files (on data compact discs).

Type of Request: Emergency clearance of a new information collection.
