[Docket No. DHS-2009-0041]

Privacy Act of 1974; Department of Homeland Security/ALL-023 Personnel Security Management System of Records

AGENCY: Privacy Office; DHS.

ACTION: Notice of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to update and reissue Department of Homeland Security/ALL-023 Personnel Security Management System of Records to include record systems within the Federal Protective Service and records of federal, state, local and foreign law enforcement personnel who apply for and/or are granted authority to enforce federal laws on behalf of the Department. Categories of individuals, categories of records, purpose, and routine uses of this system have been reviewed and updated to reflect the personnel security management record systems of the Department, including the Federal Protective Service. The activities performed by the Department's personnel security program often overlap with other security-related activities such as access control and investigatory records. Accordingly, data within each of the categories of individuals, categories of records, purpose and routine uses may have similarities with other security-related systems of records, but each system is distinct based on its purpose.

Further, this system of records is separate from Department of Homeland Security/ALL 026—Personal Identity Verification Management System of Records, June 25, 2009, which supports

the administration of the Homeland Security Presidential Directive—12 program, directing the use of a common identification credential for both logical and physical access to federally controlled facilities and information systems while enhancing security, increasing efficiency, reducing identity fraud, and protecting personal privacy.

There will be no change to the Privacy Act exemptions currently in place for this system of records and therefore remain in effect. This updated system will continue to be included in the Department of Homeland Security's inventory of record systems.

DATES: Written comments must be submitted on or before March 25, 2010. This updated system will be effective March 25, 2010.

ADDRESSES: You may submit comments, identified by docket number DHS-2009-0041 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 703-483-2999.

- *Mail:* Mary Ellen Callahan, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

- *Instructions:* All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change and may be read at <http://www.regulations.gov>, including any personal information provided.

- *Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For general questions and privacy issues please contact: Mary Ellen Callahan (703-235-0780), Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Homeland Security (DHS) and its components and offices rely on DHS/ALL-023 Personnel Security Management System of Records (74 FR 3084, January 16, 2009) for the collection and maintenance of records that pertain to personnel security management.

DHS is updating and reissuing this Department-wide system of records under the Privacy Act (5 U.S.C. 552a), for DHS personnel security management records, to include records systems within the Federal Protective Service (FPS) and records of federal, state, local, and foreign law enforcement personnel
