III. Data

Brief Description of Collection: An Indian tribe or tribal organization may be required to respond from 1 to 12 times per year, depending upon the number of programs they contract from the BIA and IHS. Each response may vary in its length. In addition, each subpart of 25 CFR part 900 concerns different parts of the contracting process. For example, Subpart C relates to provisions of the contents for the initial contract proposal. The burden associated with this would not be used when contracts are renewed. Subpart F describes minimum standards for the management systems used by Indian tribes or tribal organizations under these contracts. Subpart G addresses the negotiability of all reporting and data requirements in the contract. Responses are required to obtain or retain a benefit.

Title: Tax Credit Bonds for Bureau of Indian Affairs-Funded Schools.

Brief Description of Collection: Submission of this information is required to apply for allocations of the $400,000,000 in Tax Credit Bonding Authority granted to the Secretary as a result of the ARRA of 2009. This information collection allows OFECR to receive written applications for allocations of the $400,000,000 in Tax Credit Bonding Authority granted to the Secretary as a result of the ARRA of 2009. This bonding authority is for the purpose of the construction, rehabilitation and repair of BIA-funded schools. The information collection allows OFECR to determine whether the project is eligible to be considered for an allocation. No third party notification or public disclosure burden is associated with this collection. OFECR obtained an emergency approval of this information collection from OMB to allow it to solicit applications for tax credit bonds. See 74 FR 56211 (October 30, 2009). OMB’s approval for the information collection expires April 30, 2010. Because the tax credit bond authority extends through calendar year 2010, OFECR is requesting a renewal of the OMB authority to collect information from Indian Tribes through applications.

The Paperwork Reduction Act of 1995 provides an opportunity for interested parties to comment on information collection requests. OFECR is proceeding with this public comment period as the first step in obtaining renewal of the information collection clearance from OMB. Each clearance request contains (1) type of review, (2) title, (3) summary of the collection, (4) respondents, (5) frequency of collection, (6) reporting and record keeping requirements.
