

inch orange retro-reflective border. The word "DANGER" shall be 10 inch black block letters centered on the sign with the words "FIREWORKS" and "STAY AWAY" in 6 inch black block letters placed above and below the word "DANGER" respectively on a white background. There will also be an on-scene patrol vessel present to enforce the safety zone 30 minutes prior to the start and 30 minutes after the conclusion of the fireworks display.

(c) *Notice of Enforcement.* These safety zones will be activated and thus subject to enforcement, under the following conditions: The Coast Guard must receive and approve a marine event permit for each firework display and then the Captain of the Port will cause notice of the enforcement of these safety zones to be made by all appropriate means to provide notice to the affected segments of the public as practicable, in accordance with 33 CFR 165.7(a). The Captain of the Port will issue a Broadcast Notice to Mariners and Local Notice to Mariners notifying the public of activation and suspension of enforcement of these safety zones. Additionally, an on-scene Patrol Commander will ensure enforcement of this safety zone by limiting the transit of non-participating vessels in the designated areas described above.

(d) *Regulations.* In accordance with the general regulations in 33 CFR Part 165, Subpart C, no vessel may enter, transit, moor, or anchor within this safety zone, except for vessels authorized by the Captain of the Port or Designated Representative.

(e) *Authorization.* All vessel operators who desire to enter the safety zone must obtain permission from the Captain of the Port or Designated Representative by contacting either the on-scene patrol craft on VHF Ch 13 or Ch 16 or the Coast Guard Sector Seattle Joint Harbor Operations Center (JHOC) via telephone at (206) 217-6002.

(f) *Enforcement Period.* This rule will be enforced from 5:00 pm until 1:00 am each day a barge with a "FIREWORKS—DANGER—STAY AWAY" sign is located within any of the designated safety zone locations listed in paragraph (a) of this section and meets the criteria established in paragraph (b) of this section, within the following timeframes:

- (1) The last two weeks of December until the conclusion of the first weekend of January.
- (2) The last weekend of June until the conclusion of the third week in July.
- (3) The second weekend of August until the conclusion of the fourth week of August.

(4) The first weekend of September until the conclusion of the third week of September.

(5) The first weekend of December.

(g) *Contact Information.* Questions about safety zones and related events should be addressed to COMMANDER (spw), U.S. COAST GUARD SECTOR, Attention: Waterways Management Division, 1519 Alaskan Way South, Seattle, WA 98134-1192.

Dated: February 4, 2010.

L.R. Tumbarello,

Commander, U.S. Coast Guard, Captain of the Port, Puget Sound Acting.

BILLING CODE 9110-04-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

33 CFR Part 334

Atlantic Ocean off John F. Kennedy Space Center, FL; Restricted Area

AGENCY: United States Army Corps of Engineers, Department of Defense.

ACTION: Notice of proposed rulemaking and request for comments.

SUMMARY: The U.S. Army Corps of Engineers (Corps) is proposing to revise its regulations to establish a new restricted area in the Atlantic Ocean off the coast of the John F. Kennedy Space Center (KSC), Florida. The KSC is the main launch facility for the National Aeronautics and Space Administration (NASA) and they need to have the capability to secure their shoreline at KSC. This amendment to the existing regulations is necessary to enhance KSC's ability to secure their shoreline to counter postulated threats to their facilities and to provide for safe launch operations.

DATES: Written comments must be submitted on or before March 29, 2010.

ADDRESSES: You may submit comments, identified by docket number COE-2010-0001, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

E-mail: david.b.olson@usace.army.mil. Include the docket number, COE-2010-0001, in the subject line of the message.

Mail: U.S. Army Corps of Engineers, Attn: CECW-CO (David B. Olson), 441 G Street, NW., Washington, DC 20314-1000.

Hand Delivery/Courier: Due to security requirements, we cannot

receive comments by hand delivery or courier.

Instructions: Direct your comments to docket number COE-2010-0001. All comments received will be included in the public docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the commenter indicates that the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI, or otherwise protected, through [regulations.gov](http://www.regulations.gov) or e-mail. The [regulations.gov](http://www.regulations.gov) web site is an anonymous access system, which means we will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail directly to the Corps without going through [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, we recommend that you include your name and other contact information in the body of your comment and with any disk- or CD-ROM you submit. If we cannot read your comment because of technical difficulties and cannot contact you for clarification, we may not be able to consider your comment. Electronic comments should avoid the use of any special characters, any form of encryption, and be free of any defects or viruses.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>. All documents in the docket are listed. Although listed in the index, some information is not publicly available, such as CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form.

FOR FURTHER INFORMATION CONTACT: Mr. David Olson, Headquarters, Operations and Regulatory Community of Practice, Washington, DC at 202-761-4922 or Mr. Jon M. Griffin, U.S. Army Corps of Engineers, Jacksonville District, Regulatory Division, at 904-232-1680.

SUPPLEMENTARY INFORMATION: Pursuant to its authorities in section 7 of the Rivers and Harbors Act of 1917 (40 Stat 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat 892; 33 U.S.C. 3) the Corps is

proposing to amend the regulations in 33 CFR part 334 by establishing a new restricted area in Florida offshore of the KSC facilities. The proposed amendment will allow the Director, KSC, to restrict passage of persons, watercraft, and vessels in waters contiguous to this facility during launch operations and whenever there is a perceived threat to the facility.

Procedural Requirements

a. *Review Under Executive Order 12866.* The proposed rule is issued with respect to a military function of the Defense Department and the provisions of Executive Order 12866 do not apply.

b. *Review Under the Regulatory Flexibility Act.* The proposed rule has been reviewed under the Regulatory Flexibility Act (Pub. L. 96–354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (i.e., small businesses and small governments). Unless information is obtained to the contrary during the comment period, the Corps expects that the proposed rule will have practically no economic impact on the public, or result in no anticipated navigational hazard or interference with existing waterway traffic. This proposed rule, if adopted, will have no significant economic impact on small entities.

c. *Review Under the National Environmental Policy Act.* Due to the administrative nature of this action and because there is no intended change in the use of the area, the Corps expects that this regulation, if adopted, will not have a significant impact to the quality of the human environment and, therefore, preparation of an environmental impact statement will not be required. An environmental assessment will be prepared after the public notice period is closed and all comments have been received and considered.

d. *Unfunded Mandates Act.* This proposed rule does not impose an enforceable duty among the private sector and, therefore, is not a Federal private sector mandate and is not subject to the requirements of Section 202 or 205 of the Unfunded Mandates Reform Act (Pub. L. 104–4, 109 Stat. 48, 2 U.S.C. 1501 *et seq.*). We have also found under Section 203 of the Act that small governments will not be significantly or uniquely affected by this rule.

List of Subjects in 33 CFR Part 334

Danger zones, Navigation (water), Restricted areas, Waterways.

For the reasons set out in the preamble, the Corps proposes to amend 33 CFR Part 334 as follows:

PART 334—DANGER ZONE AND RESTRICTED AREA REGULATIONS

1. The authority citation for part 334 continues to read as follows:

Authority: 40 Stat. 266 (33 U.S.C. 1) and 40 Stat. 892 (33 U.S.C. 3).

2. Add § 334.525 to read as follows:

§ 334.525 Atlantic Ocean off John F. Kennedy Space Center, FL; Restricted Area.

(a) *The area.* The restricted area shall encompass all navigable waters of the United States, as defined at 33 CFR part 329, contiguous to the area offshore of the John F. Kennedy Space Center (KSC), Florida. The area is bounded by a line connecting the following coordinates: Commencing from the shoreline at the southwest portion of the area, at latitude 28°35.008' N, longitude 80°34.448' W, thence directly to latitude 28°35.716' N, longitude 80°32.938' W, thence following the mean high water line northerly at a distance of 1.5 nautical miles to a point at latitude 28°43.566' N longitude 80°39.094' W, thence proceeding westerly to terminate at a point on the shoreline at latitude 28°43.566' N, longitude 80°41.189' W.

(b) *The regulation.* (1) The area described in paragraph (a) of this section will be closed when it is deemed necessary by the Director, KSC or his/her designee during launch operations or to address any perceived threat to the facilities. With the exception of local, State, and federal law enforcement entities, all persons, vessels, and other craft are prohibited from entering, transiting, anchoring, or drifting within the restricted area when it is closed, unless they have the permission of the Director, KSC or his/her designee.

(2) Due to the nature of this restricted area, closures may occur with little advance notice. Closure of the area shall be noticed by warning statements displayed on the electronic marquee signs located at the gates of the KSC and on an electronic marquee sign located on the north side of the Port Canaveral ship channel between the Trident and Poseidon wharfs during the duration of the closure. If time permits, additional information will be published in area newspapers and announced on marine radio broadcast.

(c) *Enforcement.* The regulations in this section shall be enforced by the Director, KSC and/or such persons or agencies as he/she may designate.

Dated: February 19, 2010.

Michael G. Enschi,

Chief, Operations, Directorate of Civil Works.

BILLING CODE 3720–58–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R01–OAR–2009–0705; A–1–FRL–9118–4]

Approval and Promulgation of Air Quality Implementation Plans; Rhode Island; Determination of Attainment of the 1997 Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to determine that the Providence (All of Rhode Island) moderate 1997 8-hour ozone nonattainment area has attained the 1997 8-hour National Ambient Air Quality Standard (NAAQS) for ozone. This determination is based upon complete, quality-assured, certified ambient air monitoring data that shows the area has monitored attainment of the 8-hour ozone NAAQS for the 2006–2008 monitoring period. In addition, preliminary ozone data for 2009 show the area continues to attain the 1997 8-hour ozone NAAQS. If this proposed determination is made final, under the provisions of EPA's ozone implementation rule, the requirements for this area to submit an attainment demonstration, a reasonable further progress plan, contingency measures, and other planning State Implementation Plans related to attainment of the 1997 8-hour ozone NAAQS shall be suspended for so long as the area continues to attain the 1997 ozone NAAQS.

DATES: Written comments must be received on or before March 29, 2010.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA–R01–OAR–2009–0705 by one of the following methods:

1. *www.regulations.gov:* Follow the on-line instructions for submitting comments.

2. *E-mail:* arnold.anne@epa.gov.

3. *Fax:* (617) 918–0047.

4. *Mail:* “Docket Identification Number EPA–R01–OAR–2009–0705,” Anne Arnold, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100 (mail code: OEP05–2), Boston, MA 02109–3912.
