

intended for the tire cord, tire bead, or other rubber reinforcement applications is not included in the scope. However, should petitioners or other interested parties provide a reasonable basis to believe or suspect that there exists a pattern of importation of such products for other than those applications, end-use certification for the importation of such products may be required. Under such circumstances, only the importers of record would normally be required to certify the end use of the imported merchandise.

All products meeting the physical description of subject merchandise that are not specifically excluded are included in this scope.

The merchandise subject to this order are classifiable under subheadings 7213.91.3000, 7213.91.3010, 7213.91.3011, 7213.91.3015, 7213.91.3020, 7213.91.3090, 7213.91.3091, 7213.91.3092, 7213.91.3093,¹ 7213.91.4500, 7213.91.4510, 7213.91.4590, 7213.91.6000, 7213.91.6010, 7213.91.6090, 7213.99.0030, 7213.99.0031, 7213.99.0038, 7213.99.0090, 7227.20.0000,² 7227.20.0010, 7227.20.0020, 7227.20.0030, 7227.20.0080, 7227.20.0090, 7227.20.0095, 7227.90.6010, 7227.90.6020, 7227.90.6085, 7227.90.6050, 7227.90.6051, 7227.90.6053, 7227.90.6058, 7227.90.6059, and 7227.90.6080 of the HTSUS. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.³

Final Results of Review

The Department has determined that the following margins exist for the period October 1, 2007, through September 30, 2008:

Manufacturer / Exporter	Weighted Average Margin (percentage)
AMPL	23.95

Assessment Rates

Pursuant to these final results, the Department has determined, and CBP shall assess, antidumping duties on all appropriate entries. The Department

¹ As a result of a typographical error, this HTSUS subheading appeared as "721.39.3093" in the *Preliminary Results*.

² As a result of a typographical error, this HTSUS subheading appeared as "7227.20.000" in the *Preliminary Results*.

³ Effective July 1, 2008, U.S. Customs and Border Protection (CBP) reclassified certain HTSUS numbers related to the subject merchandise. See <http://www.usitc.gov/publications/docs/tata/hts/bychapter/0810chgs.pdf>.

intends to issue assessment instructions for AMPL to CBP 15 days after the date of publication of these final results. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific (or customer-specific) *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific (or customer-specific) assessment rates calculated in the final results of this review are above *de minimis*.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment of Antidumping Duties*). This clarification will apply to entries of subject merchandise during the POR produced by AMPL for which AMPL did not know the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate un-reviewed entries at the 11.40 percent all-others rate if there is no company-specific rate for an intermediary involved in the transaction. See *Notice of Antidumping Duty Orders: Carbon and Certain Alloy Steel Wire Rod from Brazil, Indonesia, Mexico, Moldova, Trinidad and Tobago, and Ukraine*, 67 FR 65945, 65947 (October 29, 2002) (*Wire Rod Orders*) (establishing an all-others rate of 11.40 percent). See *Assessment of Antidumping Duties* for a full discussion of this clarification.

Cash Deposit Requirements

Furthermore, the following deposit requirements will be effective upon publication of these final results for all shipments of wire rod from Trinidad and Tobago entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended (the Act): (1) the cash deposit rate for AMPL will be the rate established in the final results of review; (2) if the exporter is not a firm covered in this review or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be the all-others rate

of 11.40 percent ad valorem from the LTFV investigation. See *Wire Rod Orders* at 65947. These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties. See 19 CFR 351.402(f)(3).

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: February 19, 2010.

Deputy Assistant Secretary for Import Administration.

Foreign-Trade Zones Board

[Docket 10-2010]

Foreign-Trade Zone 21—Charleston, SC, Application for Subzone, Luigi Bormioli Corporation (Glassware), Barnwell, SC

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the South Carolina State Ports Authority, grantee of FTZ 21, requesting special-purpose subzone status for the warehousing and distribution facility of Luigi Bormioli Corporation (Luigi Bormioli), located in Barnwell, South Carolina. The application was submitted

pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 16, 2010.

The Luigi Bormioli facility (35 employees, 19 acres, \$11.5 million in annual shipments) is located at 1656 Fuldner Rd. (Joey Zorn Blvd.), Barnwell, South Carolina. The facility is used for the storage and distribution of glass fragrance containers and glass tableware products (duty rate ranges from 3 to 38%).

FTZ procedures could exempt Luigi Bormioli from customs duty payments on foreign products that are re-exported (approximately 2 percent of shipments). On its domestic sales, the company would be able to defer duty payments until merchandise is shipped from the plant and entered for consumption. FTZ designation would further allow Luigi Bormioli to realize logistical benefits through the use of weekly customs entry procedures. The request indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Maureen Hinman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 26, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 11, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

Foreign-Trade Zones Board

[Docket 11–2010]

Foreign-Trade Zone 59—Lincoln, NE Application for Subzone CNH America, LLC (Agricultural Machinery Manufacturing) Grand Island, NE

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Lincoln Foreign Trade Zone, Inc., grantee of FTZ 59, requesting special-purpose subzone status for the agricultural combine and hay tools manufacturing facilities of CNH America, LLC (CNH), located in Grand Island, Nebraska. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 16, 2010.

The CNH facilities (1,274 employees) consist of two sites in Grand Island, Nebraska on approximately 171.5 acres: *Site 1* (132.52 acres)—main plant located at 3445 W. Stolley Park Road; and *Site 2* (38.93 acres)—warehouse located at 1011 Claude Road. The facilities are used for the manufacture, testing, warehousing and distribution of combines and hay tools. The CNH facilities annually can produce up to 5,960 combines and 4,600 hay tools. Components and materials sourced from abroad (representing 10% of the value of the finished product) include: Articles of plastic (incl. tubes, hoses, fittings, stoppers and lids); articles of rubber (incl. belts, tubes, hoses, grommets, plugs, mountings, sheets, strips); tires; gaskets; washers; safety glass; iron tubes; pipes and fittings; cable; fasteners; springs; articles of steel; sign plates; internal-combustion engines and parts; pumps; filters; parts for agricultural equipment; valves; bearings; transmission shafts; electric motors; generators; clutches; brakes; ignitions; electromagnetic couplings; gears; flywheels; pulleys; electrical lighting or signaling equipment; loudspeakers; heaters; defrosters; resistors; switches; relays; lamps; wires; cables; locks and keys; thermostats and measuring instruments (duty rates range from free to 9%).

FTZ procedures could exempt CNH from customs duty payments on the foreign components used in export production. The company anticipates that some 30 percent of the plant's shipments will be exported. On its domestic sales, CNH would be able to choose the duty rates during customs entry procedures that apply to combines

and hay tools (duty-free) for the foreign inputs noted above. FTZ designation would further allow CNH to realize logistical benefits through the use of certain customs entry procedures. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 26, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 11, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.
