DEPARTMENT OF THE INTERIOR

National Park Service

36 CFR Part 7

[Docket No. E8-27047J]

RIN 1024-AD71

Special Regulation: Areas of the National Park System, National Capital Region; Correction

AGENCY: National Park Service, Interior.

ACTION: Correcting amendments.

SUMMARY: The National Park Service (NPS) published the final rule governing viewing of the Inaugural Parade by the Presidential Inaugural Committee in the **Federal Register** on November 17, 2008.

That document inadvertently left out text that was intended to be retained from the previous regulation. That document also retained a paragraph that

should have been removed. This document makes correcting amendments restoring the missing text to the appropriate paragraph, and removing the unnecessary paragraph.

DATES: *Effective Date:* February 26, 2010.

FOR FURTHER INFORMATION CONTACT:

National Park Service, Regional Director of the National Capital Region, 1100 Ohio Drive, SW., Room 336, Washington, DC 20242.

SUPPLEMENTARY INFORMATION:

On November 17, 2008 (73 FR 67739), the National Park Service published a final rule to revise the special regulations for the National Capital Parks in Washington, DC. The purposes of the revision were to: (1) Clarify the regulations on issuance of permits for events in National Capital Parks, (2) respond to a decision of the U.S. District Court for the District of Columbia related to practice and procedure for permit application processing for the Presidential Inaugural Committee, and (3) provide more public access to park areas along the inaugural parade route. The paragraph revised was entitled "Permit processing".

Through a formatting error, the portion of the paragraph that notified the public of conditions under which a permit could be denied was omitted. That same formatting error resulted in a duplicate paragraph. Paragraph (g)(5)(iv) was revised and redesignated (g)(4)(vi), but the old paragraph (g)(5)(iv) was retained in error. This correction restores the omitted language, unchanged in wording or content, to the paragraph on permit processing, removes the old duplicate paragraph, and redesignates the sections after it to restore correct numbering.

Need for Correction

As published and codified, the regulation omitted important information that the public needs in order to plan a demonstration in a time, place, and manner that will increase the chances of approval of the permit by the National Park Service. It also contained a duplicate paragraph that could cause confusion in interpretation of the regulation.

■ In consideration of the reasons stated in the preamble, the National Park Service makes the following correcting amendments to 36 CFR part 7:

■ 2. In section 7.96:

■ a. Add paragraph (g)(4)(vii);

■ b. Remove paragraph (g)(5)(iv); and

■ c. Redesignate paragraphs (g)(5)(v) through (g)(5)(xiv) as paragraphs (g)(5)(iv) through (g)(5)(xiii), respectively.

The addition reads as follows:

§ 7.96 National Capital Region.

(g) * * *

(4) * * *

(vii) A permit may be denied in writing by the Regional Director upon the following grounds:

(A) A fully executed prior application for the same time and place has been received, and a permit has been or will be granted authorizing activities which do not reasonably permit multiple occupancy of the particular area; in that event, an alternate site, if available for the activity, will be proposed by the Regional Director to the applicant.

(B) It reasonably appears that the proposed demonstration or special event will present a clear and present danger to the public safety, good order, or health.

(C) The proposed demonstration or special event is of such a nature or duration that it cannot reasonably be accommodated in the particular area applied for; in that event, the Regional Director shall propose an alternate site to the applicant, if available for the activity; in this connection, the Regional Director shall reasonably take into account possible damage to the park, including trees, shrubbery, other plantings, park installations and statues.

(D) The application proposes activities contrary to any of the provisions of this section or other applicable law or regulation.

I. Background

A. Delegation of NESHAP

Section 112(l) of the Clean Air Act, as amended in 1990 (CAA), authorizes EPA to delegate to State or local air pollution control agencies the authority to implement and enforce the standards set out in the Code of Federal Regulations, Title 40 (40 CFR), Part 63, National Emission Standards for Hazardous Air Pollutants for Source Categories. On November 26, 1993, EPA promulgated regulations, codified at 40 CFR Part 63, Subpart E (hereinafter referred to as “Subpart E”), establishing procedures for EPA’s approval of State rules or programs under section 112(l) (see 58 FR 62262). Subpart E was later amended on September 14, 2000 (see 65 FR 55810).

Any request for approval under CAA section 112(l) must meet the approval criteria in 112(l)(5) and Subpart E. To streamline the approval process for future applications, a State or local agency may submit a one-time demonstration that it has adequate authorities and resources to implement
