I. Introduction

On February 19, 2010, the Postal Service filed a notice announcing that it has entered into an additional Global Expedited Package Services 2 (GEPS 2) contract.^[1] The Postal Service believes the instant contract is functionally equivalent to previously submitted GEPS 2 contracts, and is supported by Governors' Decision No. 08-7, attached to the Notice and originally filed in Docket No. CP2008-4. *Id.* at 1, Attachment 2. The Notice also explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 1. In Order No. 290, the Commission approved the GEPS 2 product.^[2]

The instant contract. The Postal Service filed the instant contract pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that the contract is in accordance with Order No. 86. The Postal Service submitted the contract and supporting materials under seal along with an application for non-public treatment as Attachment 1, and attached a redacted copy of the contract and a certified statement required by 39 CFR 3015.5(c)(2) to the Notice as Attachments 3 and 4, respectively. *Id.* at 1-2. The term of the contract is one year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received.

The Notice advances reasons why the instant GEPS 2 contract fits within the Mail Classification Schedule language for GEPS 2. The Postal Service contends that the instant contract is functionally equivalent to the GEPS 2 contracts filed previously, despite minor differences in both the general language and for customer-specific information, all of which are highlighted in the Notice. *Id.* at 3-7.

The Postal Service contends that several factors demonstrate the contract's functional equivalence with previous GEPS 2 contracts, including the general terms of the contract, the market to which it is being offered, and its cost characteristics. *Id.* at 3. The Postal Service concludes that because "the GEPS agreements incorporate the

same cost attributes and methodology, the relevant cost and market characteristics are similar, if not the same ..." despite any incidental differences. *Id.* at 6.

The Postal Service contends that its filings demonstrate that this new GEPS 2 contract is established in compliance with the requirements of 39 U.S.C. 3633, is functionally equivalent to previous GEPS 2 contracts, and requests that this contract be included within the GEPS 2 product. *Id.* at 7.

II. Notice of Filing

The Commission establishes Docket No. CP2010-25 for consideration of matters related to the contract identified in the Postal Service's Notice.

Interested persons may submit comments on whether the Postal Service's contract is consistent with the policies of 39 U.S.C. 3632, 3622 or 3642. Comments are due no later than March 2, 2010. The public portions of these filings can be accessed via the Commission's Web site (<http://www.prc.gov>).

The Commission appoints Paul L. Harrington to serve as Public Representative in the captioned filings.
