Abstract: The Native American Career and Technical Education Program (NACTEP) is requesting approval to collect semi-annual, annual/continuation reports, and final performance reports from currently funded NACTEP grantees. This information is necessary to (1) manage and monitor the current NACTEP grantees, and (2) award continuation grants for years four and five of the grantees' performance periods. The continuation performance reports will include budgets, performance/statistical reports, Government Performance and Results Act (GPRA) reports, and evaluation reports. The data, collected from the performance reports, will be used to determine if the grantees successfully met their project goals and objectives, so that NACTEP staff can award continuation grants. Final performance reports are required to determine whether or not the grant can be closed out in compliance with the grant's requirements.

Abstract: The Office of Indian Education (OIE) of the Department of Education (ED) requests clearance for the Indian Education Formula Grant Application authorized under Title VII, Part A, Subpart 1 of the Elementary and Secondary Education Act, as amended. The Indian Education Formula Grant (CFDA 84.060A), is not competitive or discretionary and requires the annual submission of the application from the local education agency and or tribe. The grant applications submitted for this program assist applicants to provide Indian students with the opportunity to meet the same challenging state standards as all other students and meet the unique educational and culturally related academic needs of American Indian and Alaska Native students. The amount of the award for each applicant is determined by a formula based on the reported number of American Indian/Alaska Native students identified in the application and the state per pupil expenditure.

I. Funding Opportunity Description

Purpose of Program: The purpose of the Native Hawaiian Education program is to support innovative projects that enhance the educational services provided to Native Hawaiian children and adults. These projects may include those activities authorized under section 7205(a)(3) of the Elementary and Secondary Education Act of 1965, as amended (ESEA).

Note: Under Public Law 111-117, the Consolidated Appropriations Act, 2010, construction, renovation, or modernization of any elementary school, secondary school, or structure related to an elementary school or secondary school, run by the Department of Education of the State of Hawaii, that serves a predominantly Native Hawaiian student body is a permissible use of FY 2010 funds under this program.

Priorities: In accordance with 34 CFR 75.105(b)(2)(ii), the absolute priority for this competition is from 34 CFR 75.225(c)(1). In accordance with 34 CFR 75.105(b)(2)(iv), the competitive preference priorities are from section 7205(a)(2) of the ESEA (20 U.S.C. 7515(a)(2)).

Absolute Priority: For FY 2010, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

For purposes of this absolute priority, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

Competitive Preference Priorities: For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award an additional five points to an application that meets one or more of these priorities.

These priorities are:

(a) Projects that are designed to address beginning reading and literacy among students in kindergarten through third grade.

(b) Projects that are designed to address the needs of at-risk children and youth.

(c) Projects that are designed to address the needs in fields or disciplines in which Native Hawaiians are underemployed.

(d) Projects that are designed to address the use of the Hawaiian language in instruction.

Note: In order to receive additional points under a competitive preference priority, an application should provide adequate and sufficient information that clearly substantiates its claim that it meets at least one of the priorities addressed.
