I. Background

A. Delegation of NESHAP

Section 112(l) of the Clean Air Act, as amended in 1990 (CAA), authorizes EPA to delegate to State or local air pollution control agencies the authority to implement and enforce the standards set out in the Code of Federal Regulations, Title 40 (40 CFR), Part 63, National Emission Standards for Hazardous Air Pollutants for Source Categories. On November 26, 1993, EPA promulgated regulations, codified at 40 CFR Part 63, Subpart E (hereinafter referred to as “Subpart E”), establishing procedures for EPA’s approval of State rules or programs under section 112(l) (see 58 FR 62262). Subpart E was later amended on September 14, 2000 (see 65 FR 55810).

Any request for approval under CAA section 112(l) must meet the approval criteria in 112(l)(5) and Subpart E. To streamline the approval process for future applications, a State or local agency may submit a one-time demonstration that it has adequate authorities and resources to implement

and enforce any CAA section 112 standards. If such demonstration is approved, then the State or local agency would no longer need to resubmit a demonstration of these same authorities and resources for every subsequent request for delegation of CAA section 112 standards. However, EPA maintains the authority to withdraw its approval if the State does not adequately implement or enforce an approved rule or program.

B. Maricopa County Delegations

On March 2, 2000, EPA published a direct final action delegating to the Maricopa County Air Quality Department (Maricopa County) several NESHAP and approving Maricopa County's delegation mechanism for future standards (see 65 FR 11231). That action explained the procedure for EPA to grant future delegations to Maricopa County by letter, with periodic **Federal Register** listings of standards that have been delegated. On March 11, 2009, Maricopa County requested delegation of the following NESHAP contained in 40 CFR Part 63:

- Subpart DDDD—NESHAP: Plywood and Composite Wood Products.
- Subpart DDDDD—NESHAP for Industrial, Commercial, Institutional Boilers and Process Heaters.

On April 28, 2009, EPA granted delegation to Maricopa County for these NESHAP, along with any amendments to previously delegated NESHAP, as of July 1, 2006. Today's action is serving to notify the public of the April 28, 2009, delegation and to codify these delegations into the Code of Federal Regulations.

C. Nevada Delegations

On May 27, 1998, EPA published a direct final action delegating to the Nevada Division of Environmental Protection (NDEP) several NESHAP and approving NDEP's delegation mechanism for future standards (see 63 FR 28906). That action explained the procedure for EPA to grant delegations to NDEP by letter, with periodic **Federal Register** listings of standards that have been delegated. On September 29, 2008, NDEP requested delegation of the following NESHAP contained in 40 CFR Part 63:

- The amendments to Subpart DDDD—NESHAP: Plywood and Composite Wood Products, as set forth in 72 FR 61060 (October 29, 2007).
- The amendments to Subpart A—General Provisions, as set forth in 73 FR 3568 (January 18, 2008).
- The amendments to Subpart ZZZZ—NESHAP for Stationary Reciprocating Internal Combustion Engines, as set forth in 73 FR 3568 (January 18, 2008).

- The amendments to Subpart EEEEE—NESHAP for Iron and Steel Foundries, as set forth in 73 FR 7210 (February 7, 2008).

- Subpart WWWW—National Emission Standards for Hospital Ethylene Oxide Sterilizers.

- Subpart YYYYY—NESHAP for Area Sources: Electric Arc Furnace Steelmaking Facilities.

- Subpart ZZZZ—NESHAP for Iron and Steel Foundries Area Sources.

- The amendments to Subpart EEEEE—NESHAP for Primary Copper Smelting Area Sources, as set forth in 72 FR 36363 (July 3, 2007).

- The amendments to Subpart FFFFF—NESHAP for Secondary Copper Smelting Area Sources, as set forth in 72 FR 36363 (July 3, 2007).

- Subpart LLLLL—NESHAP for Acrylic and Modacrylic Fibers Production Area Sources.

- Subpart MMMMM—NESHAP for Carbon Black Production Area Sources.

- Subpart NNNNN—NESHAP for Chemical Manufacturing Area Sources: Chromium Compounds.

- Subpart QQQQQ—NESHAP for Wood Preserving Area Sources.

- Subpart RRRRR—NESHAP for Clay Ceramics Manufacturing Area Sources.

- Subpart SSSSS—NESHAP for Glass Manufacturing Area Sources.

- Subpart TTTTT—NESHAP for Secondary Nonferrous Metals Processing Area Sources.

On December 1, 2008, EPA granted delegation to NDEP for these NESHAP. Today's action is serving to notify the public of the December 1, 2008, delegations and to codify these delegations into the Code of Federal Regulations.

D. Washoe County Delegations

On May 27, 1998, EPA published a direct final action delegating to Washoe County District Health Department (Washoe County) several NESHAPs and approving Washoe County's delegation mechanism for future standards (see 63 FR 28906). That action explained the procedure for EPA to grant future delegations to Washoe County by letter, with periodic **Federal Register** listings of standards that have been delegated. On January 15, 2009, the Washoe County Air Quality Management Division requested delegation of the following NESHAP contained in 40 CFR Part 63:

- Subpart VVV—Publicly Owned Treatment Works.
- Subpart EEEE—Organic Liquids Distribution (Non-Gasoline).
- Subpart WWWW—Reinforced Plastic Composites Production.

- Subpart ZZZZ—Reciprocating Internal Combustion Engines.

- Subpart WWWW—Hospital Ethylene Oxide Sterilizers.

- Subpart BBBBB—Gasoline Distribution Bulk Terminals, Bulk Plants and Pipeline Facilities.

- Subpart CCCCC—Gasoline Dispensing Facilities.

- Subpart HHHHH—Paint Stripping and Miscellaneous Surface Coating Operations at Area Sources.

- Subpart OOOOO—Flexible Polyurethane Foam Fabrication Operations Area Sources.

- Subpart WWWW—Area Source Standards for Plating and Polishing Operations.

- Subpart XXXXX—Area Source Standards for Nine Metal Fabrication and Finishing Source Categories.

On February 26, 2009, EPA granted delegation to Washoe County for these NESHAP, along with any amendments to previously-delegated NESHAP, as of August 28, 2008. Today's action is serving to notify the public of the February 26, 2009, delegations and to codify these delegations into the Code of Federal Regulations.

II. EPA Action

Today's document serves to notify the public of the delegation of NESHAP to Maricopa County on April 28, 2009, to NDEP on December 1, 2008, and to Washoe County on February 26, 2009. Today's action will codify these delegations into the Code of Federal Regulations.

III. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve delegation requests that comply with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7412(l); 40 CFR 63.91(b). Thus, in reviewing delegation submissions, EPA's role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities

under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the delegations are not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on Tribal governments or preempt Tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement

Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by April 27, 2010. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the Proposed Rules section of today’s **Federal Register**, rather than file an immediate petition for judicial review of this direct final rule, so that EPA can withdraw this direct final rule and address the comment in the proposed rulemaking. This action may not be challenged later in proceedings to enforce its requirements (*see* section 307(b)(2)).

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed.
