POLICY JUSTIFICATIONPakistan – Refurbishment of FFG-8 Class Frigate

The Government of Pakistan has requested a possible sale for refurbishment of one OLIVER HAZARD PERRY Class Frigate, USS MCINERNEY (FFG-8), being provided as Excess Defense Articles (grant EDA notification is being submitted separately) with onboard spares, spare and repairs parts, support equipment, publications and technical data, U.S. Government and contractor engineering and logistics support services, and other related elements of logistics support. The estimated cost of the refurbishment, training and support is \$78 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be a partner in combating insurgents in Pakistan.

Pakistan requires the capabilities of USS McINERNEY (FFG-8) to participate in U.S. and coalition led counter-narcotics and counter-piracy operations and to assist with Pakistan's efforts to secure its maritime border. Pakistan will have no difficulty absorbing the ship into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor is unknown at this time. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government and contractor representatives to Pakistan.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
