Title of Proposal: Owner of Record and Re-sale Data to Preclude Predatory Lending Practices (Property Flipping) on FHA Insured Mortgages.

OMB Control Number, if applicable: 2502-0547.

Description of the need for the information and proposed use: HUD is committed to preventing predatory sales practices. To do so, a permanent policy provides that FHA will not insure mortgages on properties re-sold within 90 days and will require that only the owner-of-record be permitted to sell the property if FHA will insure the subsequent mortgage. However, in order to accommodate current market

conditions, FHA has established a waiver to this 90-days regulation, which will expire after a one-year period. Lenders will be required to provide evidence of the date of the last resale and the date it occurred. If the resale exceeds area price thresholds established by FHA, FHA requires an additional appraisal to establish value.

Agency form numbers, if applicable: None.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated total number of hours needed to prepare the information collection is 43,500; the number of respondents is 13,000 generating approximately 1,150,000 annual responses; the frequency of response is on occasion; and the estimated time needed to prepare the response is less than 1 minute for clerical data and 1 hour for ARM Disclosure review.
