estimated at 50 million. Thus, the $0.0275 rate should provide $1,375,000 in assessment income. Income derived from handler assessments, along with interest income and funds from the Market Access Program will be adequate to cover budgeted expenses.

The major expenditures recommended by the Committee for the 2009–10 fiscal period include $700,000 for education and promotion, $475,500 for salaries, $320,000 for research, and $70,000 for employee retirement.

Budgeted expenses for these items in 2008–09 were $1,200,000, $305,500, $320,000, and $77,000, respectively.

The Committee recommended the decrease in assessment rate due to the reduction in expenditures for education and promotion.

Prior to arriving at this budget, the Committee considered information from various sources, such as the Committee’s Finance, Research, and Education and Promotion Subcommittees. Alternative expenditure levels were discussed by these groups, based upon the relative value of various projects to the tomato industry. The assessment rate of $0.0275 per 25-pound carton of assessable tomatoes was then determined by dividing the total recommended budget by the quantity of assessable tomatoes, estimated at 50 million 25-pound cartons for the 2009–10 season. Considering income from assessments, interest, and income from other sources, total income will be approximately $41,500 above the anticipated expenses, which the Committee determined to be acceptable.

A review of historical information and preliminary information pertaining to the upcoming fiscal period indicates that the grower price for the 2009–10 season could range between $3.89 and $19.01 per 25-pound carton of tomatoes. Therefore, the estimated assessment revenue for the 2009–10 season as a percentage of total grower revenue could range between 1 and 7 percent.

This rule continues in effect the declared policy of the Act.

Accordingly, the interim final rule amending 7 CFR part 966, which was published at 74 FR 57057 on November 4, 2009, is adopted as a final rule, without change.

Dated: March 2, 2010.
