33 CFR Part 165

[Docket No. USCG-2008-1017]

RIN 1625-AA11

Regulated Navigation Areas; Bars Along the Coasts of Oregon and Washington; Correction

AGENCY: Coast Guard, DHS.

ACTION: Correcting amendment.

SUMMARY: The Coast Guard published a document in the **Federal Register** on November 17, 2009, adding a section and establishing regulated navigation areas for bars along the coasts of Oregon and Washington. That document inadvertently failed to include an option for mariners to use VHF-FM Channel 16 for notifying the Coast Guard, and also contained typographical errors improperly describing VHF-FM Channel 16 and a position of latitude. This document corrects the final regulations.

DATES: Effective March 9, 2010.

FOR FURTHER INFORMATION CONTACT: If you have questions about this

correction, call or e-mail LT Matthew N. Jones, Staff Attorney, Thirteenth Coast Guard District; telephone 206-220-7110, e-mail *Matthew.N.Jones@uscg.mil*.

Saint Lawrence Seaway Development Corporation

33 CFR Part 401

[Docket No. SLSDC-2010-0001]

RIN 2135-AA30

Seaway Regulations and Rules: Periodic Update, Various Categories

AGENCY: Saint Lawrence Seaway Development Corporation, DOT.

ACTION: Final Rule.

SUMMARY: The Saint Lawrence Seaway Development Corporation (SLSDC) and the St. Lawrence Seaway Management Corporation (SLSMC) of Canada, under international agreement, jointly publish and presently administer the St. Lawrence Seaway Regulations and Rules (Practices and Procedures in Canada) in their respective jurisdictions. Under agreement with the SLSMC, the SLSDC is amending the joint regulations by updating the Seaway Regulations and Rules in various categories. The changes will update the following sections of the Regulations and Rules: Condition of Vessels; Radio Communications; and General. These amendments are necessary to take account of updated procedures and will enhance the safety of transits through the Seaway. Several

of the proposed amendments are merely editorial or for clarification of existing requirements.

DATES: The final rule is effective March 9, 2010.

FOR FURTHER INFORMATION CONTACT: Carrie Mann Lavigne, Chief Counsel, Saint Lawrence Seaway Development Corporation, 180 Andrews Street, Massena, New York 13662; 315-64-3200.

SUPPLEMENTARY INFORMATION: The Saint Lawrence Seaway Development Corporation (SLSDC) and the St. Lawrence Seaway Management Corporation (SLSMC) of Canada, under international agreement, jointly publish and presently administer the St. Lawrence Seaway Regulations and Rules (Practices and Procedures in Canada) in their respective jurisdictions. Under agreement with the SLSMC, the SLSDC is amending the joint regulations by updating the Regulations and Rules in various categories. The changes will update the following sections of the Regulations and Rules: Condition of Vessels; Radio Communications; and General. These updates are necessary to take account of updated procedures which will enhance the safety of transits through the Seaway. Many of these proposed changes are to clarify existing requirements in the regulations. Where new requirements or regulations are being made, an explanation for such a change is provided below.

The joint regulations are effective in Canada on March 15, 2010. For consistency, because these are under international agreement, joint regulations, and to avoid confusion among users of the Seaway, the SLSDC finds that there is good cause to make the U.S. version of the amendments effective upon publication.

Regulatory Notices: Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit <http://www.Regulations.gov>.

The Notice of Proposed Rulemaking was published in the **Federal Register** on January 27, 2010 (75 FR 4331). No comments were received on the NPRM; however upon further review with the SLSMC, one proposed rule in the Seaway Navigation section regarding the vessel speed at which to approach a bridge is not included in the final rule.
